

Notes

1. Please check the size carefully before ordering.
2. This package does not include water hoses and brackets.
3. Our shower valve kit(handle, panel, and body) is matched for use. Please remove the original valve body before installing this shower valve and then upgrade your bathroom.
4. Please allow the slight color difference caused by the shooting light and 1-3cm error due to manual measurement, and make sure you do not mind before you order.
