Assembly Steps

Step 1

Insert wooden dowels firmly into the pre-drilled holes on the back of each Shelf Board. Each board requires two dowels on the back side.

Step 2

Align the holes of each Shelf Support Bar with the dowels on the Shelf Board. Secure each bar using Screws.

Step 3

Insert four wooden dowels into the pre-drilled holes on both ends of each Shelf Support Bar.

Step 4

Screw a Threaded Rod into each hole on the Side Frames.

Step 5

- Align the wooden dowels on the assembled shelf unit with the Threaded Rods on one Side Frame. Carefully insert them.
- Using a rubber mallet, gently tap the dowels until the Shelf Boards sit flush against the Side Frame.
- Place a Half-Moon Metal Bracket over each threaded rod end and secure it with Nuts.

Step 6

Repeat Step 5 to attach the shelf unit to the second Side Frame.
