Cabinet Installation

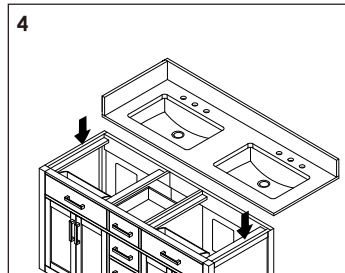

Determine location of where you would like to install your vanity.

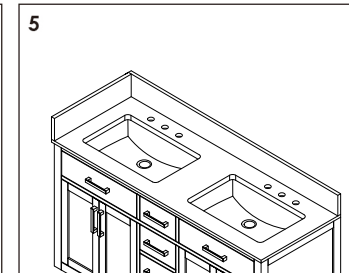

Place vanity in the installation location. Check that vanity cabinet is level.

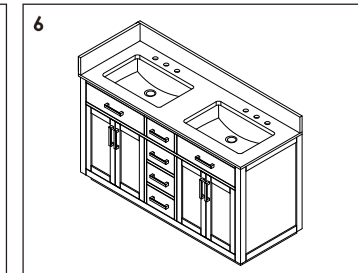

Apply a bead of adhesive silicone onto each edge of cabinet top. Please tear the EVA buffer strip off before gluing the top.

Place ALTAIR vanity top onto the cabinet, making sure vanity is seated properly.

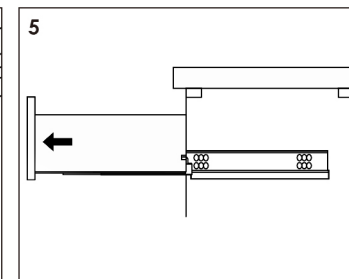

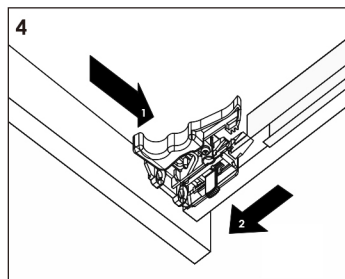

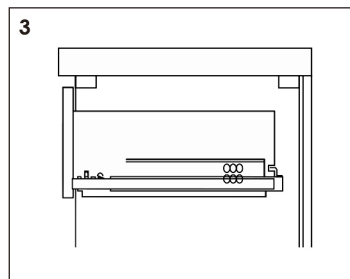

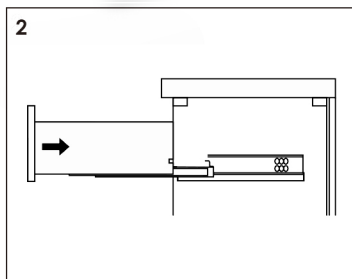

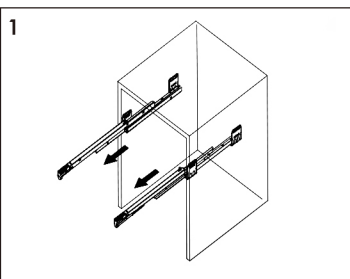

Do not use the vanity for at least 24 hours, in order to allow the glue to cure fully.

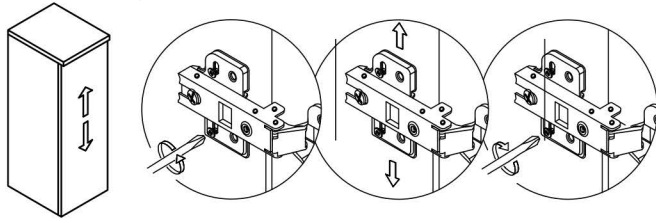

Dis-assemble drawer handles inside and install on drawer panel (Please disregard if the handles are installed properly).

Slider/Drawer Adjustment

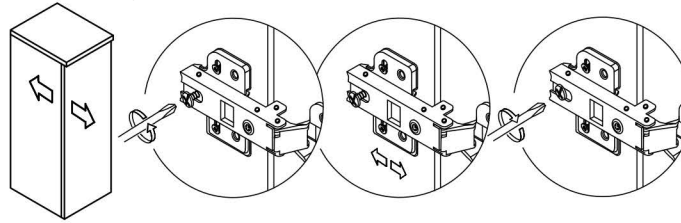

Hinge/Door Adjustment

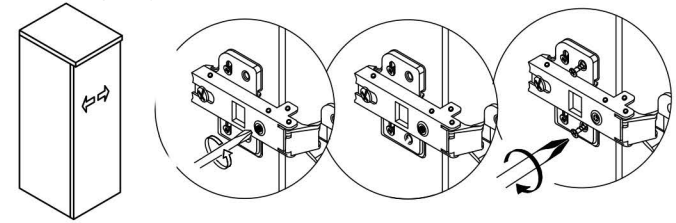

1. Up and down adjustment

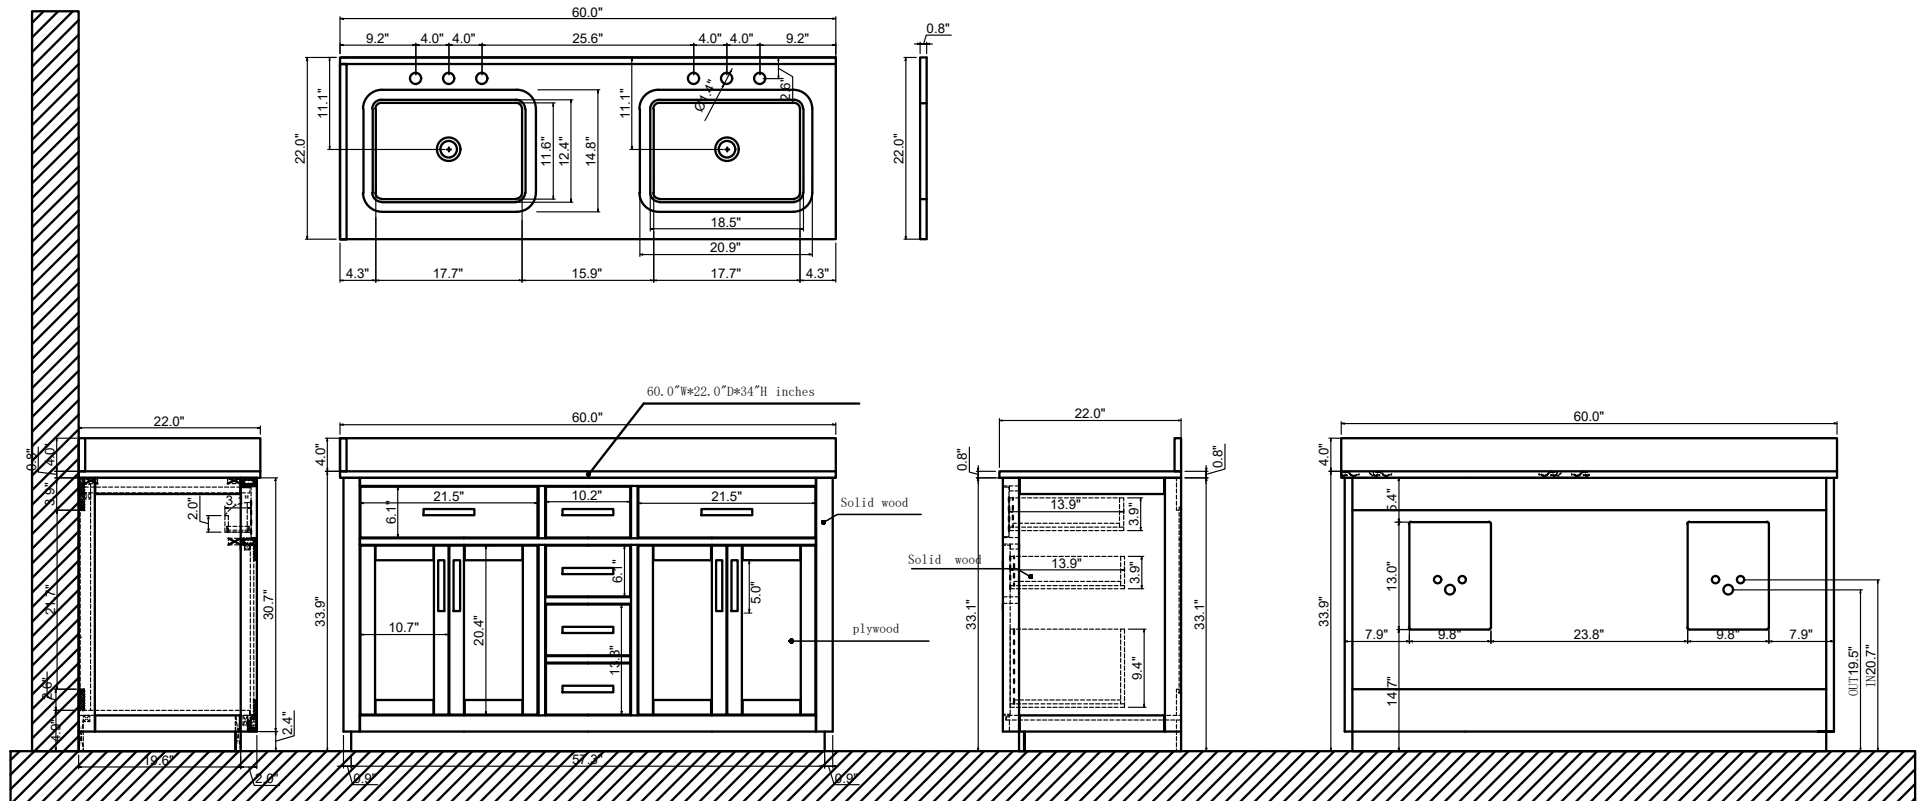

2. In and out adjustment

3. Left and right adjustment

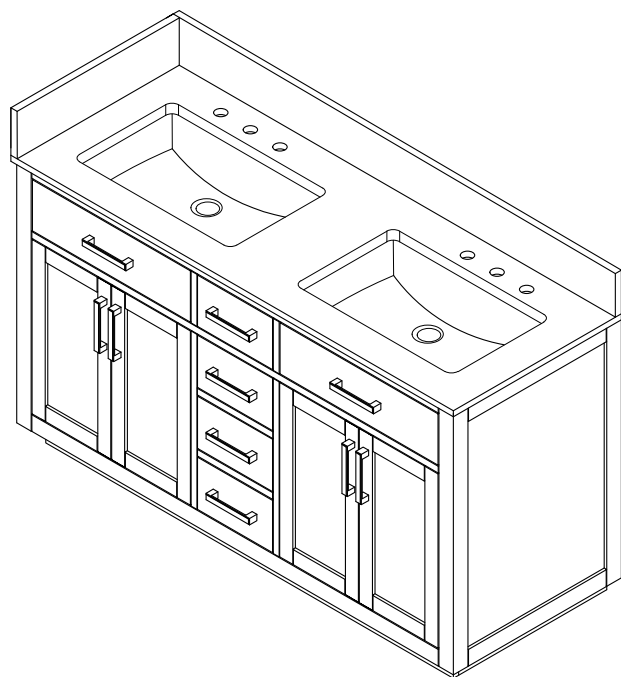

Dimensions

Installation du meuble

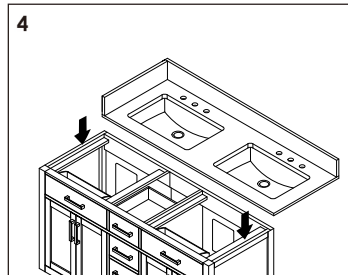

1
Déterminez l'emplacement où vous souhaitez installer votre meuble-lavabo

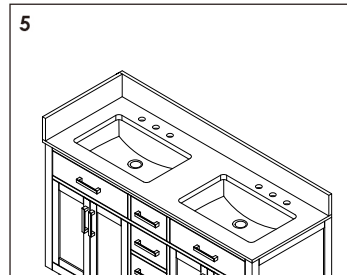

2
Placez la vanité à l'emplacement prévu pour l'installation. Vérifiez que le meuble-lavabo est de niveau.

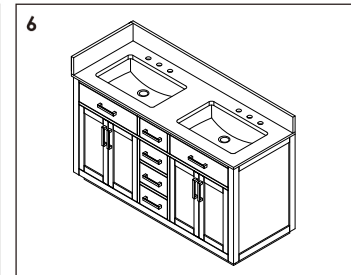

3
Appliquez un cordon de silicone adhésive sur chaque bord du dessus de meuble. Déchirez la bande de protection EVA avant de coller le dessus.

4
Placez le dessus de meuble-lavabo ALTAIR sur l'armoire, en vous assurant que le meuble-lavabo est correctement installé.

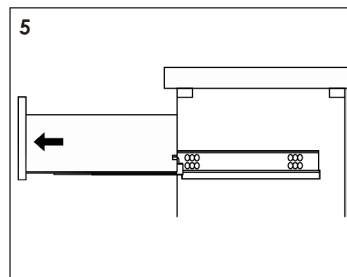

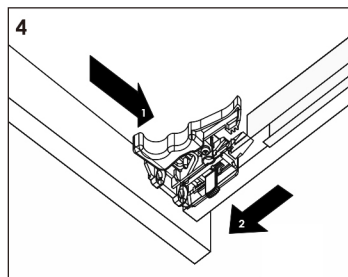

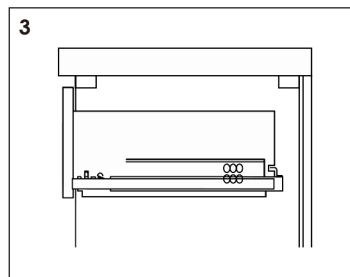

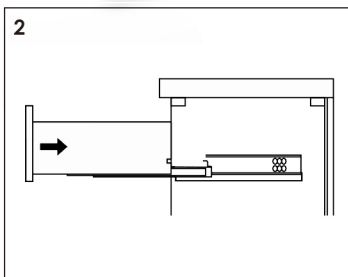

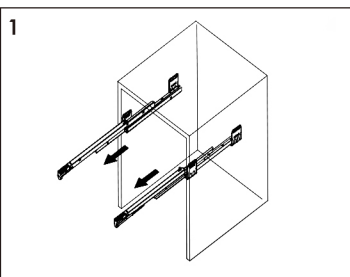

5
N'utilisez pas le meuble-lavabo pendant au moins 24 heures, afin de permettre à la colle de durcir complètement.

6
Démontez les poignées du tiroir à l'intérieur et installez-les sur le panneau du tiroir (veuillez ne pas tenir compte du fait que les poignées sont correctement installées).
