DELICIOUS LEATHER WALL SCONCE

The "Delicious Monster" wall sconce is inspired by nature and the Philodendron Monstera plants found throughout the coastal regions of southern Africa. Conceived and handmade in the Durban, South Africa studio of Xavier Clarisse. Each piece is crafted from quality, locally sourced, vegetable tanned leather. A stainless steel skeleton transforms the flat leather fronds into a three-dimensional hanging sculpture.

All hard-wired lighting is UL-listed for dry locations. Not suitable for outdoor use.

LEATHER COLORS

Clarisse Design uses only full-grain, vegetable tanned leathers in the production of their handcrafted designs. This specific type of leather has been chosen for its physical attributes of thickness, durability and the ability to be shaped.

A full-grain piece of leather has the entire grain visible on one side. Except for the removal of the hair, the surface remains untouched. Natural imperfections like scars, blemishes, insect bites, branding and stretch marks may be present in this leather. These natural imperfections should not be regarded as defects and are a feature of this first-quality leather.
