

LIGHTING THE WAY FOR SIXTY YEARS

ASSEMBLY INSTRUCTION

All electrical components must be installed by a licensed electrician in accordance with the National Electric Code and the appropriate local electrical codes.

You will need 2- Candela Base Bulb
40 Watts recommended 60 Watts Max.
USE LED BULBS FOR EXTENDED USE

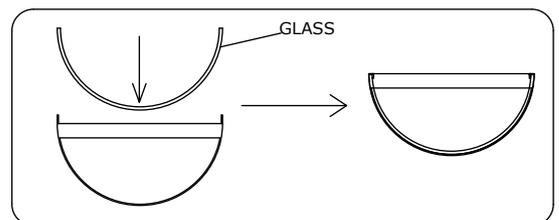

The fixture is Damp rated

HOW TO INSTALL:

Place the fixture parts on a soft cloth-covered platform before installation of fixture.

1. Attach the wall bracket to the outlet box using screws.
2. Install the bulb(not included) into the socket.
3. Install the backplate over the outlet box and then secure with screws and ball nuts. Make the wire connection.
4. Lay the metal frame flat, place the glass panel inside, and fold the four metal clips on the frame to secure the glass.
5. Place the frame over the backplate and secure with screws.

Place the glass panel in the metal frame. Fold the four iron pieces on the metal frame to secure the glass in place.
