

# ZENTECH CHALK WHITE 24X48 MATTE PORCELAIN 2CM OUTDOOR PAVER

Uncommonly warm and inviting, the ZenTech Chalk White 24x48 2CM Matte Porcelain Paver is a perfect example of how durable porcelain can be made to look like natural stone. The pigments used to mimic the surface variations of stone are the same as those used for the tile body—hence its authenticity. Rendered in soft shades of cloudy white, this is an exquisitely produced through-body tile, in an oversized, outdoor format.

## ZENTECH

This through-body porcelain tile from Italy bears a striking resemblance to natural stone—complete with warm tones, natural veining, and a smooth matte finish. The handsome, highly versatile ZenTech collection has practical appeal as well, including slip resistance and durability. It's an ideal choice for both residential and commercial projects—any place where aesthetics and functionality are desired in equal measure. The collection is available in a full suite of formats—from delicate mosaics to hardworking pavers.
