

# MOUNTING AND WIRING

**WARNING:**  
Improper installation may cause electrical shock, fire, or equipment damage.  
The person performing the installation must be familiar with the construction and operation of the product and associated hazards

- Please proceed in an alphabetical order:**
- Attach the Round Crossbar (B) on the Electrical Box (A) with Crossbar screw (C).
  - Secure the Ground Wire on the Round Crossbar (B).
  - Connect the power source wire (L) & (N) with black & white main wire with Junction Cap (D).
  - Secure the fixture Backplate (F) on the Round Crossbar (B) with Decorative Nuts (E).

# INSTALLATION INSTRUCTIONS

- IMPORTANT SAFETY INSTRUCTIONS:**
- Please read through all the instructions carefully and completely before beginning assembly and installation
  - This product must be installed in accordance with installation instructions and all safety and building codes. It is strongly suggested that all direct wired fixtures be installed by a licensed electrician
  - Be sure the electricity to the wires you are working on is shut off; either the fuse is removed or the circuit breaker is turned off. Turning the power off using the light switch is not sufficient to prevent electrical shock
