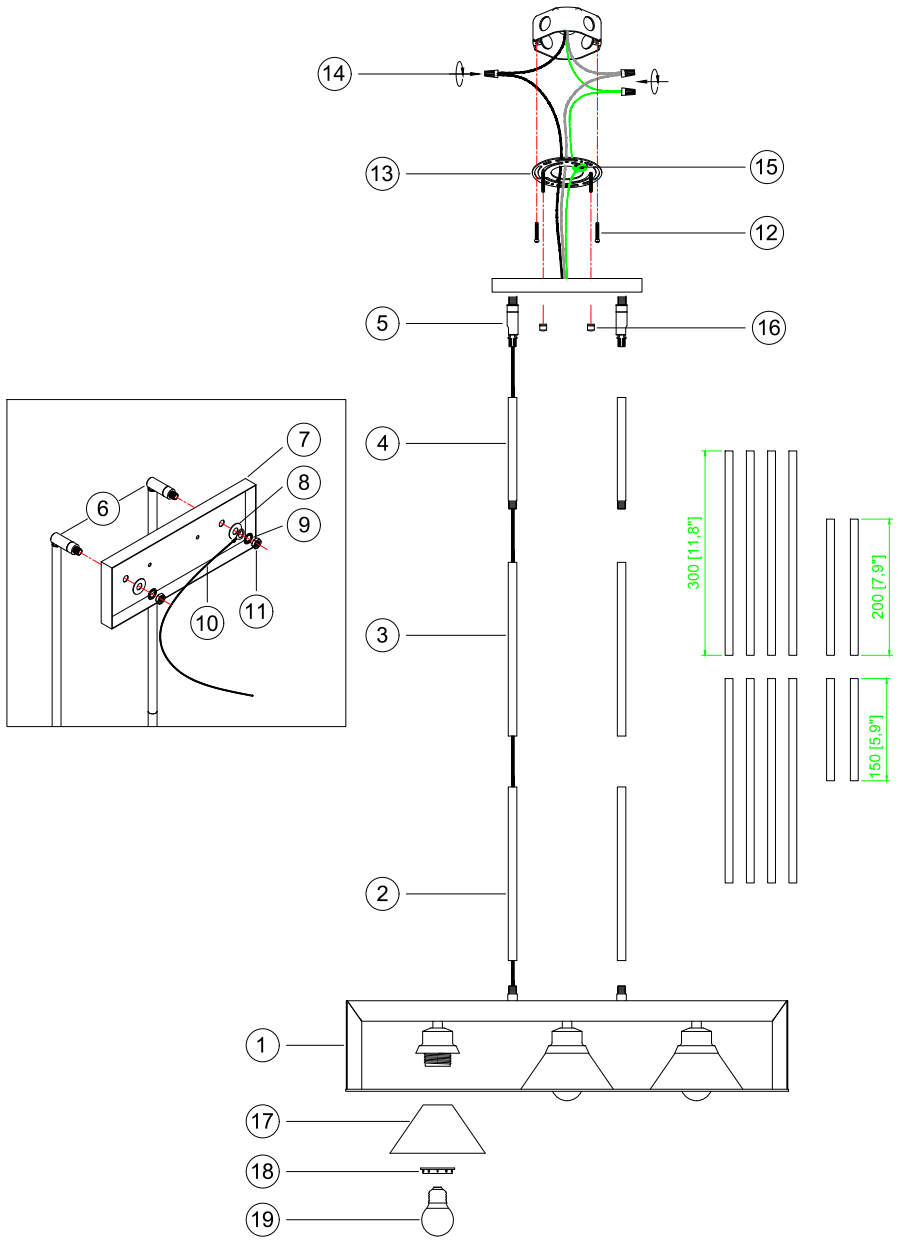
ASSEMBLY AND INSTALLATION INSTRUCTIONS

WARNING: TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER BEFORE INSTALLING OR SERVICING THIS FIXTURE.



Before You Begin:

- Ensure power is turned off at the circuit breaker before installation.
- Read all instructions carefully.
- Installation should be performed by a qualified electrician if you are unfamiliar with wiring.

Step-by-Step Installation:

1-5.Thread the main cord through the suspension rods and swivel joints. Determine the desired hanging height and assemble by tightening all connections securely.
6-7.Bend the swivel connectors to 90-degree angles and align them uniformly. Install the canopy onto the connector studs.
8-11.Sequentially place flat washers, the ground wire (either side), and threaded washers. Secure with nuts and ensure all connections are tight.
12-13.Install the mounting plate to the junction box using the provided screws.
14.Secure the fixture ground wire with the green screw, then connect the supply ground using a wire connector. Tuck all wires neatly into the junction box.
15.Secure the fixture ground wire to the mounting plate using the green grounding screw.
16.Secure the canopy to the mounting plate using the provided decorative nuts.
17-18.Install the glass shade onto the socket using the retaining ring.
19.Install the light bulb (not included) into the socket.
Installation is complete.

Safety Instructions:

To avoid fire, shock, and serious personal injury, follow all instructions carefully.
1. Do not install or use the light fixture if any part is missing or damaged.
2. To avoid possible electrical shock, be sure electricity is turned off at the main fuse or circuit breaker box before wiring.
3. Make certain no bare wires are exposed outside the wire connectors.
4. All wiring must conform to national and local electrical codes.
5. Follow the recommended instructions for the proper method of wiring your new light fixture. If you feel you do not have enough electrical wiring knowledge or experience, have your light fixture installed by a licensed electrician. Any electrical work not described in this manual should be performed by a licensed electrician.
