Please lift open to find all the parts.

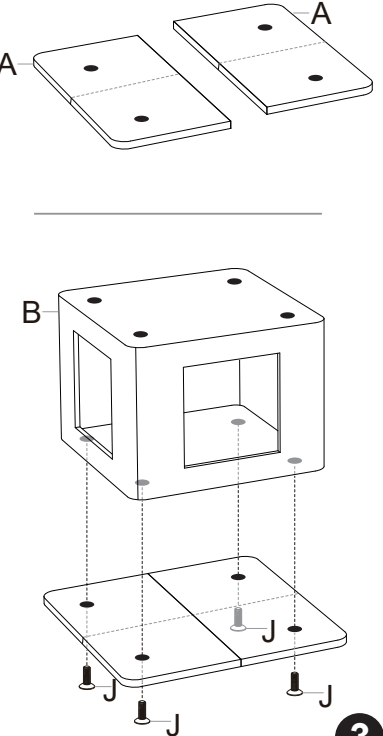

After all the parts are taken out, press down the hook-and-loop firmly on the back panel to form the condo before assembly.

1

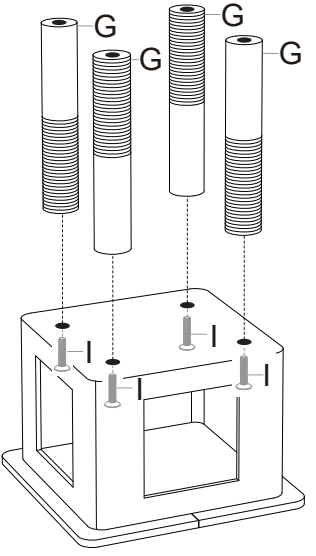

For easier assembly, insert all 3 posts inside to frame the condo from each corner. Use the wrench key to locate and align the holes between condo board and post, then loosely attach the screws at both ends without completely tightening. Repeat for all corners. Then tighten all 6 screws to finish condo assembly.
