## PREPARATION

\* Before beginning assembly of product, make sure all parts are present. Compare parts with part contents list and hardware contents list.

\* If any part is missing or damaged, do not attempt to assemble the product.

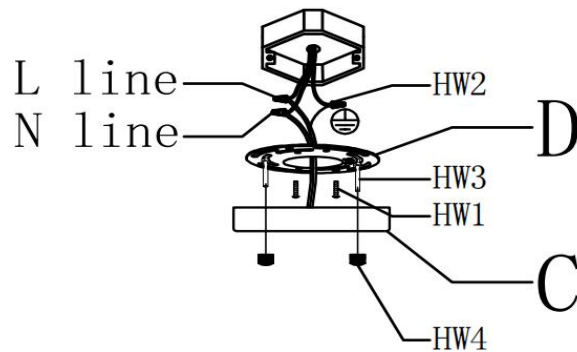

\* Estimated Assembly Time: 10 minutes.

**STEP1:**Unpack all parts from cartons careful.Install the tube(B) one by one into the lamp body(A), and lock them clockwise.

**STEP2:** Install all light bulbs(E) into socket(F),and put all glass shades(G) into the socket(F) by hand like the assemble instruction above.

**STEP3:**To connect fixture wires: Connect the live wire (L) from fitting to the live wire from main powersupply. Connect the neutral wire (N) from fitting to the neutral wire from main powersupply.make the Terminal cap(HW2) connect the ground wire. Please pay close attention to avoiding the wires exposing outside when wiring connections.

**STEP4:**Install the mounting plate(D) into the canopy(C), lock them with screw(HW3). Then install the canopy(C) to the junction box with screw(HW1), then fix them with M4 nuts(HW4). Consult a qualified electrician to ensure correct branch circuit conductor
