Step 5

Set backsplash. Apply silicone on the behind the backsplash.

Step 6

First, paste it on the desktop, and then paste it on the wall

Vanity Care

- Avoid direct contact of sharp objects as they can cause exterior damage.
- Do not expose directly to the sun as it can cause aging and cosmetic damage.
- Avoid placing hot objects onto the vanity surface.

Countertop Care

- Kindly note that all our tops are sealed before shipping but may stain, scratch, or chip because they are porous by nature.
- Do not place hot items directly on the countertop as it can damage it.
- To prevent ring marks or staining, dry immediately.
- Place table mats beneath objects that can potentially scratch the surface.
- Use a clean, soft fabric to dust the vanity.
- Occasionally wash with a cloth dampened in warm water. If needed, apply a small amount of mild dishwashing liquid or stone soap to clean. Dry with a soft cloth.
- Refrain from using chemical cleaners, sprays, abrasive cleaners, or products that contain lemon, vinegar, or other acids.
- We advise to reseal top annually or when necessary.

Cleaning and maintenance

- Avoid using cleaning products that contain Bleach or Ammonia.
- Please use wood-friendly products on wooden base vanities.
- To adequately clean exterior surfaces, use natural cleaning solutions or soap

WARNING

Serious or fatal crushing can occur from furniture tip over . To prevent tip over this furniture must be used with the wall attachment device(s) provided.

Screw(s) and plug(s) for the wall are not included. Use screw(s) and plug(s) suitable for your walls. If you are uncertain, seek professional Advice. Read and follow each step of the instruction carefully.

TIPS

Drawer slides use a built-in soft-close damper for gentle, quiet automatic closing. Because of this damper, there's a bit of resistance when you open the drawer —just pull it out slowly and firmly, and it'll work fine.

Install, Remove, Adjust Of Hinge.

Install

Remove

Adjust the height

Adjust the lateral

Adjust the depth

Install, Remove, Adjust Of Slide rails.

Installation

1. Pull out the slide rail
2. Align the sliding rails on both sides of the drawer with the pulled-out sliding rails and push it in.

Remove

1. Pull out the drawer
2. Locate the lever on the side of the slide rail, and move the levers on both sides (pull the left slide rail upwards and the right slide rail downwards).
3. While moving the levers, pull out the drawer.
