

093 Stella

Features:

- Coffee/Ottoman has casters, lift top and storage
- Metal Accents
- Umber Finish

Species:

Flaky Quartered White Oak Veneers

Description:

Stella's clever, utilitarian design creates a stylish set of tables with a surprising amount of versatility. Each table has drawer storage and is supported by two metal frames, creating a clean, updated style. The focal point of the group is most certainly the multi-functional, lift-top, coffee table/ottoman. The table, featuring casters, has a leather cushion on one side with a drawer below, and a lift-top on the opposing side. The wood finish features light chatter marks and is coated in an Umber finish, enhancing the beauty of the flaky white oak veneers. The corresponding metal bases have a worn pewter finish, and the leather on the lift-top cocktail table/ottoman is deep brown tone.
