

ASSEMBLY INSTRUCTION

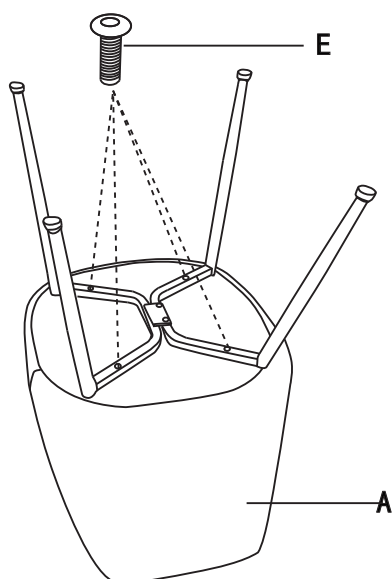

- 1 Use screws "D" to connect the B and C parts. Tighten the screws only 80%.

2

- 3 Turn the seat upside down and put the base on it. Install the bottom 4 screws, tighten the screws to 80% to allow for ease of base alignment.

- 4 Put the chair on a flat surface to make sure all 4 legs are level. Then completely tighten all screws 100%.
