

190x215mm

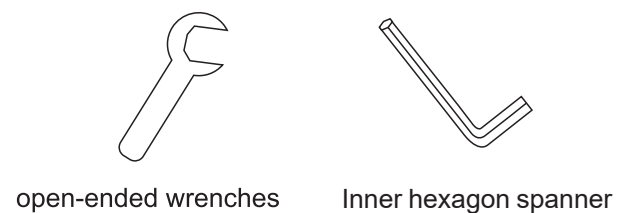

NOTICE

Due to small parts and packaging materials, adult assembly is required.
Please check the assemble before and after use.
Please keep this user manual well.

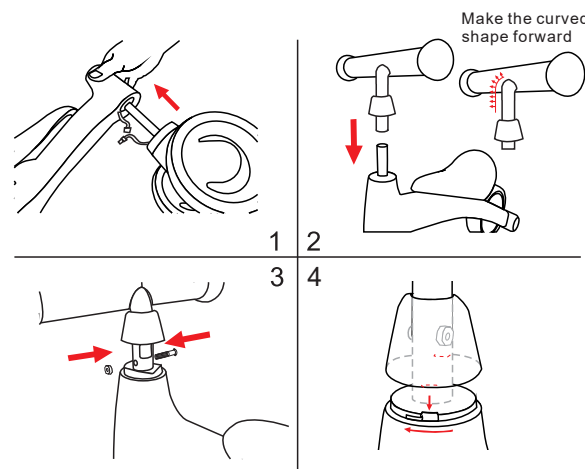

Major Parts List

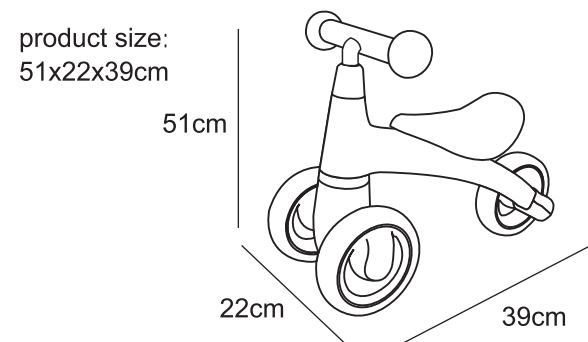

Spare Parts

Installation Steps

1. Open the package and take out the spare parts to insert the front wheels into the bike body.
2. Install the handlebars into front wheels' pipe, (the handlebars need to be covered by the protective cover before being installed)
3. Thread the screw bolt through the hole and lock using the screw nut. Tighten using the wrenches supplied.
4. Install the protective cover downward, turn it clockwise to make it locked.

Safety Notice

Supervising adults are responsible for teaching children how to safely ride this bike. Protective equipment should be worn at all times.

Maintenance

To be used on a smooth surface to avoid the wheels wearing out.
Wheels may get worn out after a period of use.
For safety, please contact the original manufacturer for replacements if necessary.
Clean after each use and store indoors (wipe clean with damp cloth only).

WARNING

1. Assembly by an adult. Adult supervision is strongly recommended at all time.
2. Not to be used in traffic. Never used near steps, swimming pools, or vehicle traffic.
3. Never used on a hill, steep slope or over rough or uneven surfaces.
4. Skill is required to avoid falls or collisions causing injury to user or third parties.
5. Protective equipment should be worn.
6. Plastic bags may be dangerous to the child. Keep away from the reach of children to avoid suffocation hazards.
7. Contains small parts, choking hazard.
8. Max load: 20KG/44LBS.
