

**1. Utilize the wrench provided in the package to securely tighten the screws connecting the rectangular frame to the crescent-shaped leg until there is no play at the joint. A total of four screws must be installed.**

**2. Install the special foot pads included in the installation package under the base in their corresponding positions. This will effectively protect your floor or carpet from scratches and other damage.**

**3. Position the assembled frame on a flat, stable surface and use the adhesive included in the installation package to apply it evenly across the frame.**

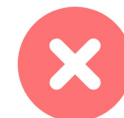

**⚠ Note: Avoid direct contact of the adhesive with skin, eyes, mouth, nose, and other sensitive areas.**

**It is advisable to wear a disposable mask while handling the adhesive.**

**\*\*Note:\*\* After applying the special adhesive to the frame structure, please check for any leaks at the frame corners during the installation process. Ensure that each corner is concealed beneath the table. Allow a minimum of 2 hours after application for the adhesive to bond completely with the table.**

**! Avoid direct contact of the adhesive with skin, eyes, mouth, nose, and other sensitive areas!**

A scenic mountain landscape. In the foreground, a dense forest of tall, dark green evergreen trees is visible. The middle ground shows a valley with more forested slopes. In the background, a large, rugged mountain peak with patches of snow or light-colored rock rises against a clear, pale blue sky. The text "Thank you for watching!" is centered over the middle of the image.

**Thank you for watching!**
