

THEODORE ALEXANDER

Message From the Sea 1

D2204S44087-3549

Message from the Sea celebrates the elegant allure of Mediterranean coastal life. The composition is a perfectly balanced view of a steeply terraced patio with steps that descend into the sea. Unique Mediterranean architecture provides the focal point with its thick shapes and strong lines in crisp white. The viewer is transported into the scene by virtue of the three-dimensional effect of the image's angle.

Showing captivating coastal imagery, Message from the Sea is an invitation to immerse oneself in the beauty of nature. An original addition to the exclusive ART by TA Collection.
