

The **Aeon AcousticPro UHD** is an acoustically transparent (AT) Ultra-Hi-Def fixed frame projection screen. The **AcousticPro UHD** material is designed to complement in-wall speakers while allowing sound to pass through the material with minimal attenuation. Its tight weave material allows a superior AT performance without sacrificing picture quality.

Features

Screen Material

- AcousticPro UHD sound transparent projection material allows speaker placement behind the material
- 180° wide viewing angle with 1.0 gain
- 4K Ultra HD and Active 3D ready
- Black-backing mesh reduces light reflectivity
- Wide diffusion uniformity

Design & Installation

- Aluminum lightweight split-frame design
- Stretches over frame for a permanently tight-tensioned flat surface
- Easy to assemble and install in minutes
- Smaller footprint maximizes viewing area
- EDGE FREE® or install ultra-thin trim
- Wall mount brackets slide ensuring the frame is properly centered
- Optional LED backlight kit with remote control

Model Number	Nominal Diagonal	Viewable Height	Viewable Width	Gain	Screen Material	Projection Type
