Care Instructions for Jacquard Furniture:

To maintain the original appearance of your jacquard furniture, please follow these simple care procedures:

- **Avoid exposing furniture directly to sunlight or heating and air conditioning outlets. Prolonged exposure to sunlight or heating and air conditioning outlets will cause jacquard to fade or deteriorate.**
- **Regularly vacuum or dust with a soft, dry cloth.**
- **Monitor hardware periodically. Fasteners may loosen over time. Inspect all connections regularly to ensure they remain tight. Re-tighten if necessary.**

For use on wooden floors, hard surfaces, or carpets, it is highly recommended to install protective felt pads under all legs and supports to prevent scratches, scuffs, and discoloration.
