

PRIMA DI PROCEDERE CHIUDERE I RUBINETTI PRINCIPALI DELLA LINEA IDRICA.
BEFORE PROCEEDING SHUT OFF THE WATER SUPPLY VALVES.

2

CONNESSIONE DELLA VALVOLA DEVIATRICE CONNECTING THE AUTOMATIC DIVERTOR VALVE

Avvitare i flessibili ai tubi contrassegnati in blu e rosso posti al di sotto del miscelatore. Collegare i flessibili alla valvola deviatrice automatica come mostrato in figura.

Screw the flexible hoses into the respectively color marked pipes at the bottom of the body. Now connect the flexibles to the automatic diverter valve as shown.

Fig. 2

1 ISTRUZIONI PER L'INSTALLAZIONE INSTALLING INSTRUCTION

Inserire i gambi filettati del miscelatore e della doccetta nei fori del lavello e fissarli tramite i rispettivi kit di fissaggio come mostrato in figura.
Insert the threaded stems of both the sink mixer and the hand shower flange into the holes on the sink and fix them by mean of their respective fixing kits as shown.

Fig. 1

3 CONNESSIONE DEI TUBI FLESSIBILI CONNECTING THE FLEXIBLE HOSES

Avvitare i flessibili ai tubi contrassegnati in blu e rosso posti al di sotto del miscelatore. Collegare le estremità dei flessibili alla rete idrica.

Screw the flexible hoses into the blue & red marked pipes at the bottom of the body. Now mount the female end of the flexible hose to the supply line.
