Youtai Palace Lantern Garden Ornament – General Instruction Manual

Product Overview

Crafted from durable, weather-resistant magnesium oxide stone composite, this Youtai Palace Lantern garden ornament is built for long-term indoor and outdoor display. Designed in a classic oriental stone pagoda style with moss detailing, it is fitted with integrated solar lighting. The light automatically turns off during daytime and switches on at dusk, with a manual on/off switch located on the base for control. This elegant lantern creates a tranquil landscape accent for your courtyard and garden.

Applications

Ideal for placement in gardens, lawns, patios, balconies, backyards, courtyards and indoor leisure corners.

Usage Instructions

Place the ornament on a flat, level and stable surface to avoid tipping.
Use the manual on/off switch located on the base to activate or deactivate the light function.
Expose the solar panel to direct sunlight for charging to power the built-in light.
Do not climb, stand, lean heavily or place heavy items on the figurine.
Avoid heavy impacts, which may crack the statue and damage solar components.

Care & Maintenance

Clean surfaces regularly with a soft cloth and mild soap, then rinse and dry thoroughly. Do not scratch the solar panel.
Fabricated from magnesium oxide stone composite with excellent weather resistance. Avoid prolonged exposure to continuous heavy rain and intense direct sunlight to reduce fading and material deterioration.
Wipe dust off the solar panel regularly to maintain good charging performance.
Store in a dry, well-ventilated area when not in use for long periods or during severe weather.

Warning

This item is a decorative garden statue. It is not designed for heavy-duty commercial use.
