CHRISTMAS TREE INSTALLATION INSTRUCTION

1

2

Install the pot and twist to secure it tightly

3

Place it on a flat surface

4

Insert section B into the pot

5

Spread out the branches by separating them into different directions

6

7

Insert Section A into Section B.

8

Connect the connectors between each tree section

9

10

Repeat the same to install the other tree

11

Fluff the garland in the same manner

12

Note:

1. Fill the pots with sandy soil to increase stability.
2. Be careful not to pinch any of the light wires (if applicable) between the hinge when shaping the branches.
3. When not in use, store neatly in a cool, dry location protected from sunlight.
