TOOLS REQUIRED (not included)

Phillips Screwdriver

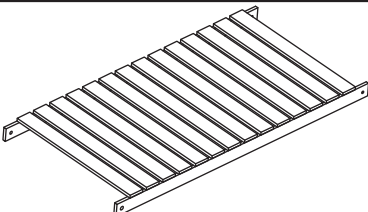

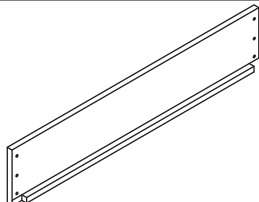

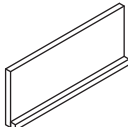

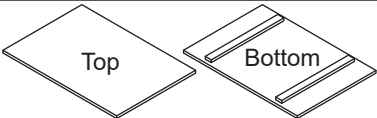

10mm Wrench

WARNING

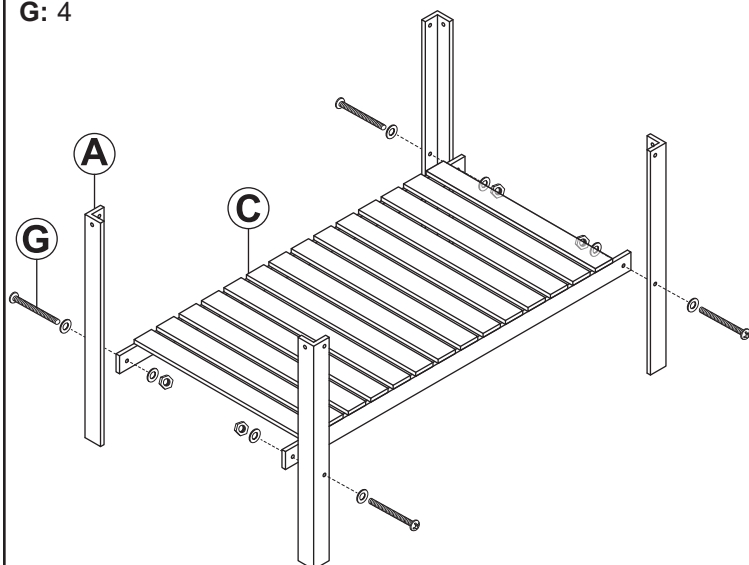

CHOKING HAZARD — This item contains small parts that can be swallowed. Keep children away during assembly.

No.	PARTS		QTY.
A		Leg	4
B		Corner Brace	4
C		Shelf	1
D		Side Panel	2
E		End Panel	2
F		Bottom Panel	3
G		M6x40mm Bolt Set	12
H		Screw	28

ASSEMBLY

STEP 1

A: 4
C: 1
G: 4

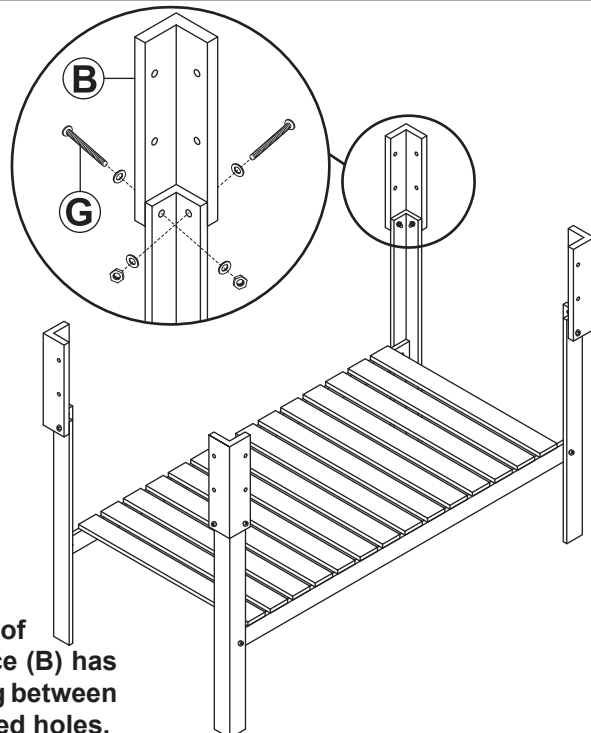

Attach four Leg (A) to Shelf (C) by hand-tightening four M6x40mm Bolt Set (G), as shown.

Do not over-tighten hardware.

STEP 2

B: 4
G: 8

NOTE:

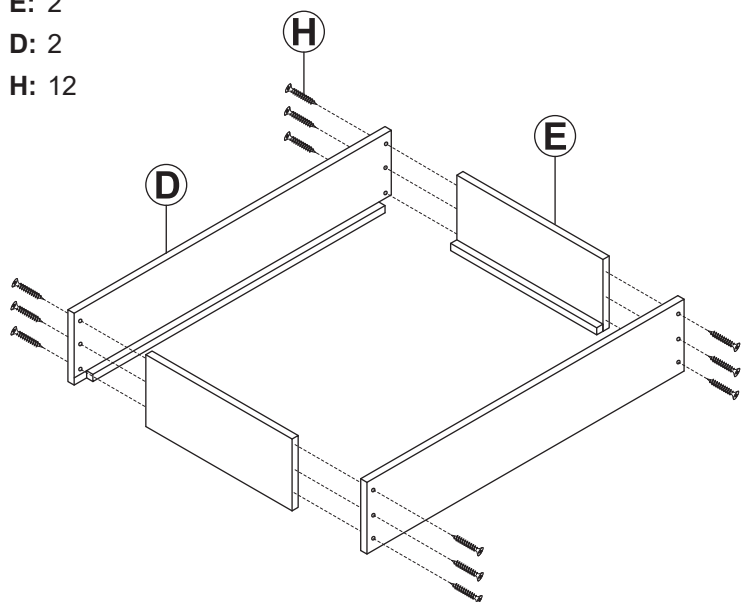

The bottom of Corner Brace (B) has less spacing between the pre-drilled holes.

Align the bottom hole of Corner Brace (B) with the outside of Leg (A). Secure by hand-tightening two Bolt Set (G). Repeat to connect remaining corner braces.

Do not over-tighten hardware.

STEP 3

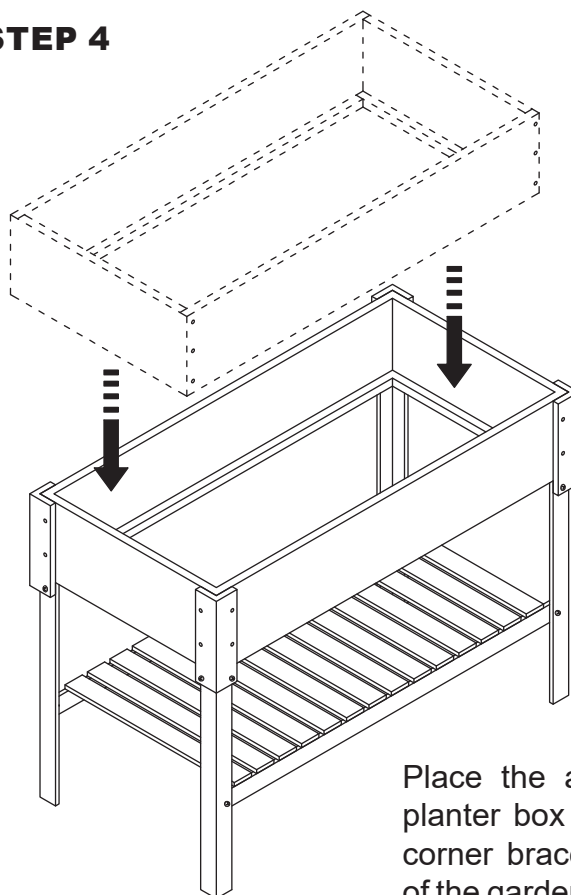

E: 2
D: 2
H: 12

Ensuring the lipped edges on the bottom, align Side Panel (D) with End Panel (E) and firmly secure using three Screw (H). Repeat until planter box frame is assembled.

Do not over-tighten hardware.

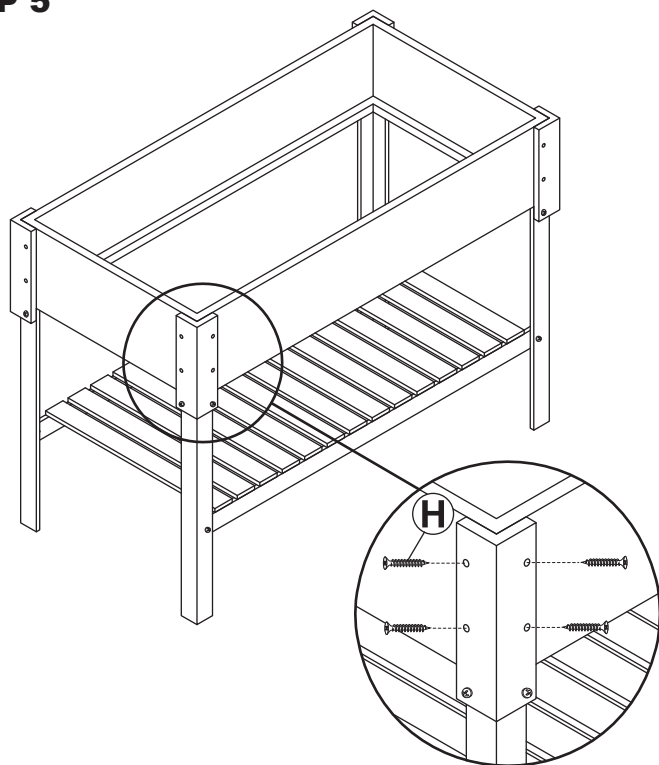

STEP 4

Place the assembled planter box inside the corner braces, on top of the garden box legs.

STEP 5

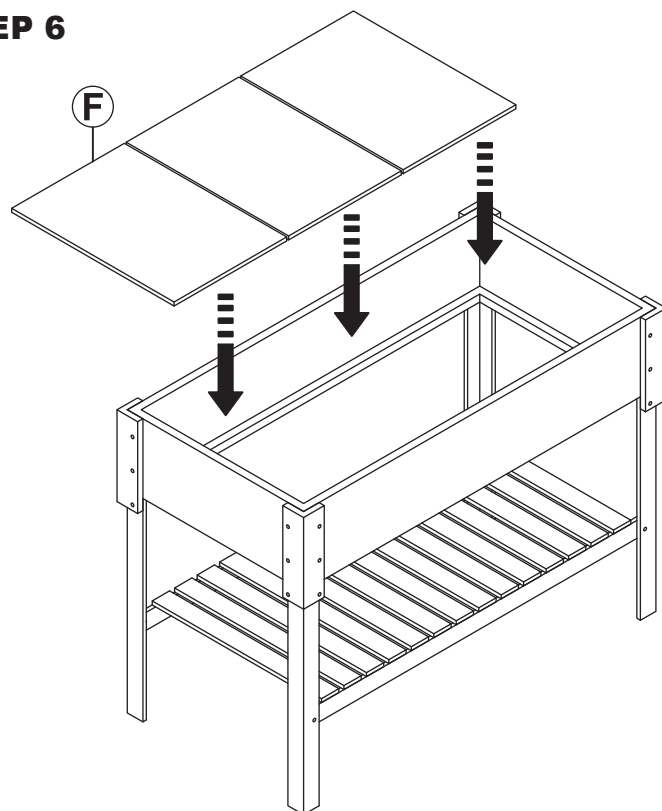

H: 16

Secure the planter box by tightening four Screw (H) into the top holes in each corner brace.

STEP 6

F: 3

Place three Bottom Panel (F) into the planter box. Firmly tighten all hardware using a screwdriver and wrench, tool not included.

Do not over-tighten the hardware as it may cause wood to crack.

Care & Maintenance

LEVEL SURFACE: Select a flat, level surface to place this item before filling and using it.

INSPECT: Periodically check all bolts and screws and tighten as necessary.

MOVING: Do not move the garden bed while it is full or in use. When empty, and with assistance of another person, lift beneath the side panels of the planter box. Do not drag the garden bed as doing so will weaken assembly points and could cause breakage.

CLEANING: Follow the woodgrain with a soft brush or cloth to remove dust, dirt and debris. Do not use chemicals or abrasive materials as they will damage the wood and/or finish.

STORAGE: Maintain the appearance and prevent damage by emptying and storing this item indoors when not in use. Wood expands when wet and contracts when it dries. Repeated and excessive exposure to moisture, rain or snow can cause damage to the product. Resulting damage includes, but is not limited to, assembly points becoming loose, wood cracking, mold and mildew growth, and hardware rust.

! HELPFUL HINT

Lining the planter box with landscaping fabric is recommended. Lining the planter box can help insulate the soil against extreme temperatures, help retain soil moisture, prevent soil from escaping through the bottom, and could help maintain the appearance of the wood.

Any modification to the product or failure to follow recommended care will void the product warranty.

! WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
