ASSEMBLY INSTRUCTION

⚠ Disclaimer

To Valued Customers:

Thank you for purchasing furniture products from our store. To ensure your safety and the best user experience, please read and understand all the contents of this notice carefully before installation and use. Once you start installing or using this product, it is deemed that you have accepted all the following terms.

I. Regarding Installation

●**Professional Installation Recommendation:** For large, modular, or wall-mounted furniture, we strongly recommend that you hire qualified professionals for installation. Self-installation may involve risks.

●**Self-Installation Liability:** If you choose to install the product yourself, it means that you confirm you have the corresponding installation capability and voluntarily assume all risks and responsibilities arising from improper installation, including personal injury and property damage. Improper installation includes, but is not limited to, damage to product components due to ignoring installation instructions during the installation process, loose, missing, or wrong installation of connectors, and obvious instability such as tilting and shaking due to improper placement after installation.

●**Follow Official Instructions:** Installation must strictly follow the steps in the Installation Manual and diagrams provided with the product. Do not rely on any installation guidance from unofficial channels. Our company shall not be responsible for any problems caused by failure to follow official instructions.

●Safe Installation Environment: Please carry out the installation in a spacious, bright, and well-ventilated environment and use appropriate tools. During installation, please keep children and pets away from the work area to prevent accidental ingestion of small parts or accidental injuries.

II. Regarding Usage

●**Weight Capacity Limit:** Please strictly comply with the maximum weight capacity limit indicated on the product. Overloading may cause structural damage, deformation, or overturning of the furniture, leading to serious accidents. Our company shall not be responsible for any consequences arising therefrom.

●**Special Warning:** The fixing method must fully comply with the requirements in the manual. Failure to fix as required may cause the furniture to overturn, resulting in serious injury or death. Our company shall not be responsible for any furniture overturning and all consequences caused by failure to perform wall mounting or improper fixing.

●**Regular Inspection and Maintenance:** It is recommended that you regularly (especially in the early stage of installation and after moving) inspect and tighten all connectors (screws, bolts, etc.) to ensure the structural stability of the furniture (see the maintenance method in the manual for details). Problems caused by neglect of inspection and maintenance are not covered by the warranty.

● **Proper Use and Placement:**

Place the furniture on a flat and solid floor.

Do not use the furniture for purposes other than its designed use (for example, standing on drawers or shelves, using a chair as a ladder, etc.).

Do not place heavy objects such as televisions or items that attract children on the upper part of the furniture.

Avoid placing the furniture in humid, sun-exposed, or extreme temperature environments to avoid affecting the product's service life or structural stability.

III. Liability Limitation

Our company provides warranty services for product quality in compliance with platform policies and relevant regulations. However, our company shall not be legally responsible for any direct or indirect personal injury, property damage, and other incidental losses caused by the following reasons:

Failure to comply with the requirements of this notice, the official Installation Manual , or product labels;

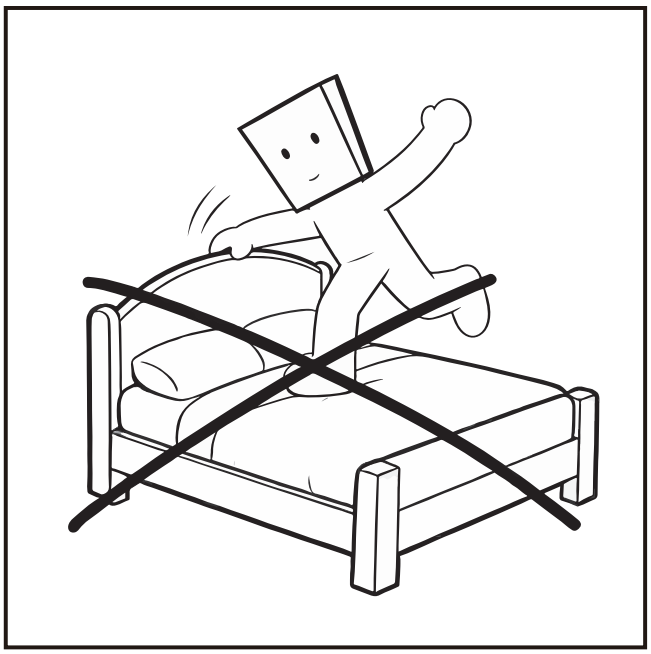

Misuse, abuse, negligence, or unauthorized repair or modification without our company's authorization;

Improper installation (whether carried out by the user or a third party not designated by our company);

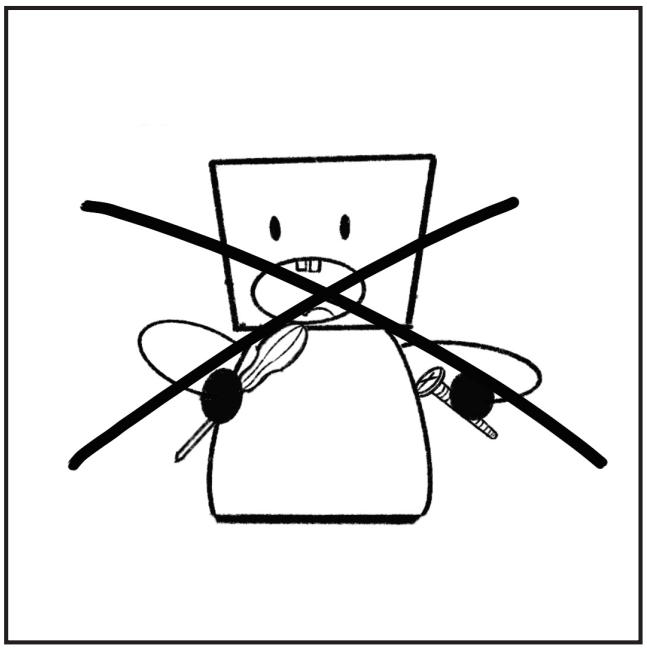

Force majeure events.

Safety first, prevention is better than cure. We wish you a pleasant use!

Children should use this product only with adult supervision.

DO NOT SHAKE OR CLIMB ON THE HEADBOARD.

DO NOT PLAY WITH OR SWALLOW SMALL PARTS

Weight Capacity:

–**Do not** place items exceeding the maximum weight capacity of the product. (For the product's weight capacity, please refer to the product link.)

Usage Scenarios and Maintenance Methods

- **Do not** place the product in a humid environment.
- Avoid direct exposure to high temperatures and keep it away from heat sources.
- Clean and maintain the product regularly.
- Place it on a flat surface. When moving is required, ensure that at least two people lift it together.
- Check the condition of screws regularly. If any screws are loose or fall off, reinforce them promptly.

Sponge products

Preparation before Installation

–Please read the assembly instructions carefully Before installation and keep this manual for future reference. Check that all parts are complete, including hardware accessories, screws, plastic parts and other small components.
Ensure that **only adults** perform the installation, and keep children away from the installation area.

Instructions for Use

(1) **Proper Placement:** Ensure that sponge – like products are placed on a flat and dry surface. Avoid deformation caused by uneven force.

(2) **Usage Scenarios:** Sponge – like products can only be used in indoor environments. Avoid long – term exposure to direct sunlight or humid environments to prevent aging, yellowing, or mildew.

(3) **Even Force Application:** Avoid sitting in the same position for a long time, which may cause local collapse, so as to extend the service life.

(4) **Cleaning Frequency:** Regularly clean surface dust and stains to maintain hygiene.

(5) **Prevent Pet Scratching:** Pets may damage textiles. It is recom–mended to use protective covers or regularly trim your pets' nails.

Notes

- **Avoid Sharp Objects:** Prevent sharp objects from scratching or piercing the sponge surface, which may damage the internal ma–terials.

- **Keep Away from High Temperatures and Fire Sources:** Sponges are flammable. Keep them away from high temperatures, open flames or heat sources to prevent fires.

- **Moisture and Mildew Prevention:** Use moisture – proof mats or ventilate regularly in humid environments to prevent the sponge from getting moldy.

- **Load – Bearing Limit:** Pay attention to the load – bearing range of the product and avoid overloading.

- Avoid Jumping on the Product or Placing Heavy Objects to Prevent Sponge Deformation.

- Avoid Pulling Forcefully, Which May Cause Structural Damage.

- **Do not** use an iron to dry sponge products.

Maintenance Methods

(1) **Regular Turning:** It is recommended to rotate or swap the position of the sponge pad every 3 months to ensure even force distribution on the sponge and prevent sagging.

(2) **Cleaning Method:** Use a vacuum cleaner to remove surface dust. For local stains, gently wipe with a neutral cleaner. Avoid using strong acid or strong alkali cleaners.

(3) **Dust – Proof Protection:** Use a dust cover or sofa cover to reduce direct contact with dust and stains.

(4) **Ventilation and Air – Drying:** Regularly place sponge – like products in a well – ventilated area indoors for air – drying. Make sure not to expose them to direct sunlight outdoors.

(5) **Moisture – Proof Measures:** Use a dehumidifier or place a moisture absorbent during humid seasons, and put a moisture – proof mat under the product.

Metal products

Preparation before Installation

–Please read the assembly instructions carefully Before installation and keep this manual for future reference. Check that all parts are complete, including hardware accessories, screws, plastic parts and other small components.
Ensure that **only adults** perform the installation, and keep children away from the installation area.

Notes

- Metal furniture is susceptible to moisture and rust. Avoid pro–longed exposure to water, direct sunlight, or humid environments.

- Keep away from corrosive substances such as acids and alkalis to prevent damage to the surface coating.

- Regularly check for loose screws or connectors and tighten them promptly.

- **Child Safety:** Install appropriate corner protectors to avoid injuries from sharp edges. This product is not designed for children. Ensure adult supervision when children are present. Climbing by adults or children is prohibited. Do not use the product as a sup–port for standing or elevated work.

- Secondary drilling is not recommended, as it may compromise structural integrity.

- **Replace the product if:** the base material shows extensive rust or deformation; connections remain loose after repeated repairs; or load–bearing capacity is significantly reduced.

- Use anti–tip devices strictly as instructed.

- Rotate placed items every 2–3 months to prevent prolonged sin–gle–point pressure.

- **Do not** exceed the maximum load capacity specified for the product.

- Climbing on the furniture is strictly **prohibited**.

- The upper the layer, the less suitable it is to place heavy objects. It is recommended that heavy objects be placed not beyond the lower vertical bar.

Maintenance Methods

(1) **Surface Cleaning:** Wipe with a soft, dry or slightly damp cloth. Avoid abrasive tools such as steel wool, hard objects, rough scouring pads, or acidic cleaners to prevent scratching the surface coating.

(2) **Rust Prevention:** Apply anti–rust oil or wax periodically, espe cially in humid environments.

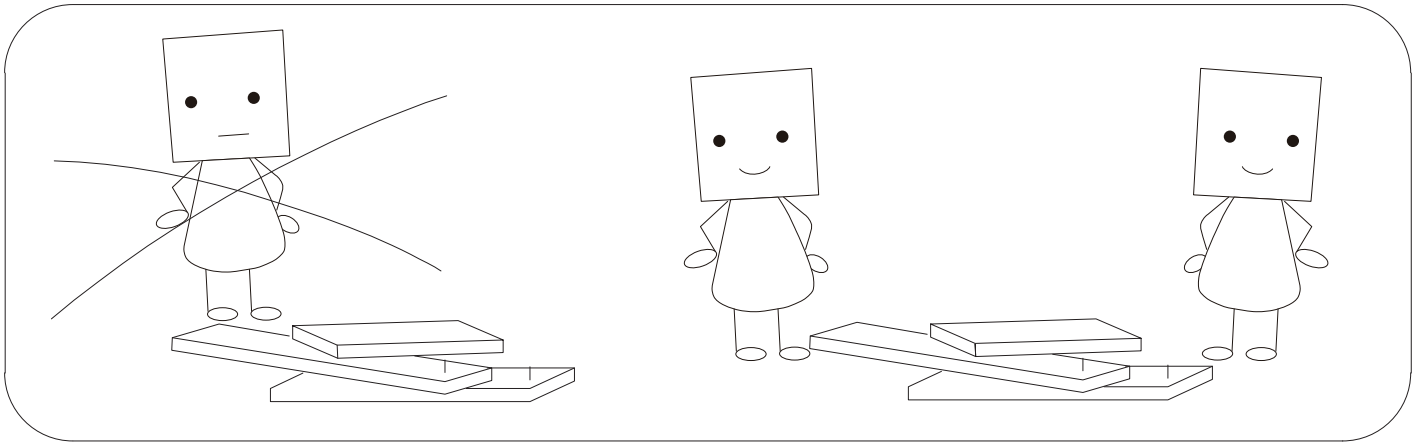

(3) **Coating Protection:** For painted or coated metal furniture, avoid strong acidic or alkaline cleaners to prevent peeling.

(4) **Check Connections:** Inspect and tighten all connectors every 3 months using the provided wrench if loosening is detected.

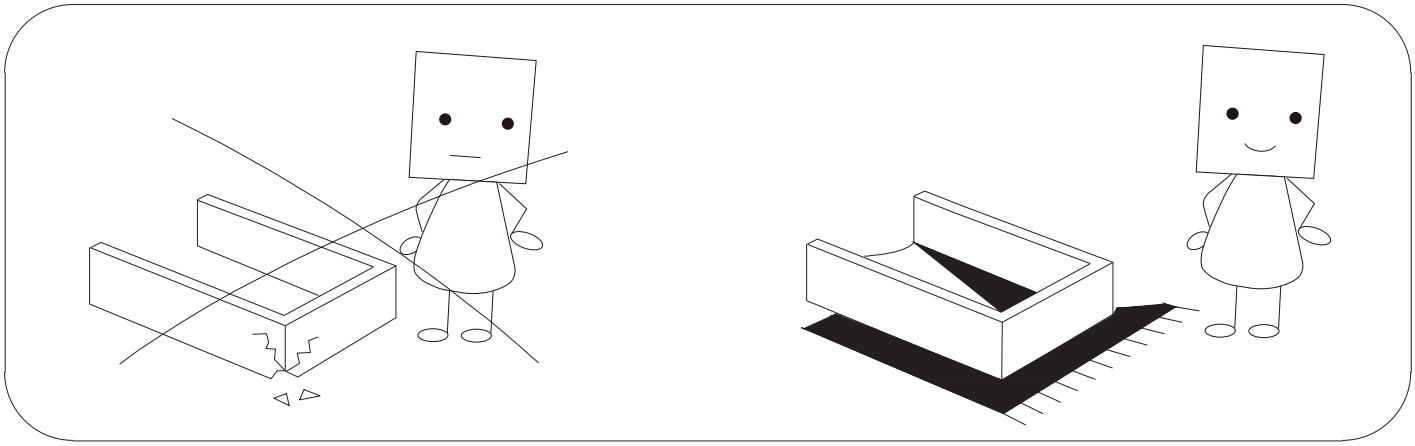

(5) **Wheeled Components:** Regularly remove entangled hair and fibers, and lubricate wheels to ensure smooth movement and prevent tipping hazards caused by jams.

WARNING

Need Two Or More People To Complete

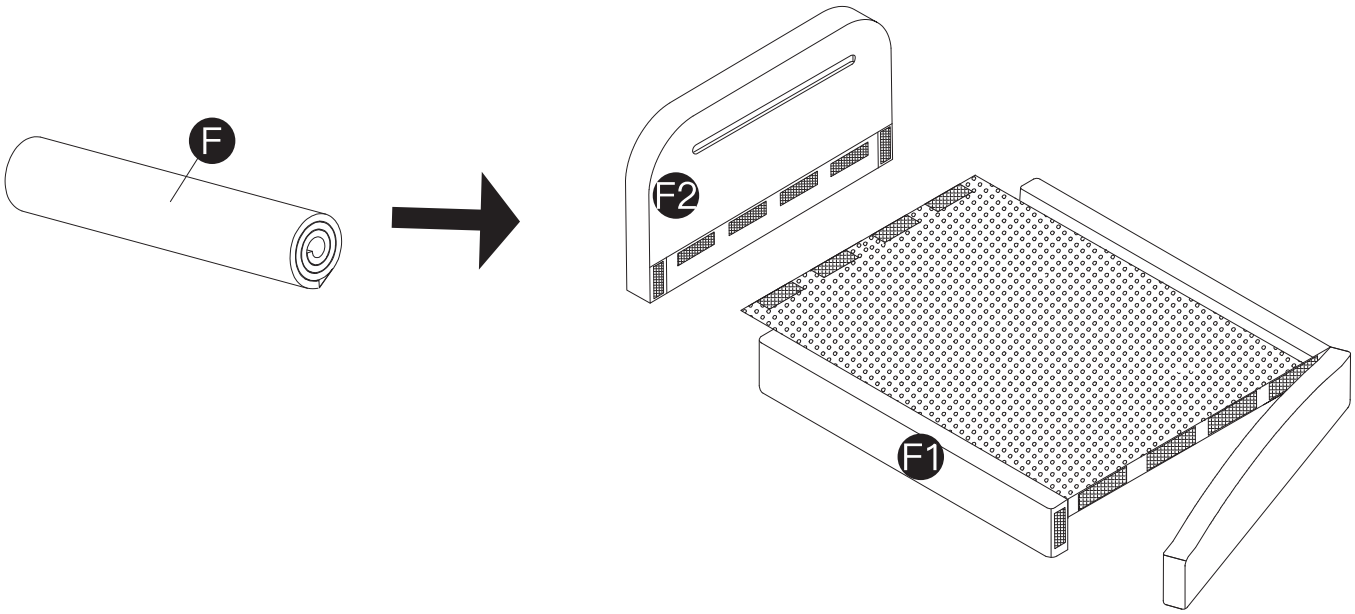

Assemble Item On a Clean Flat Surface

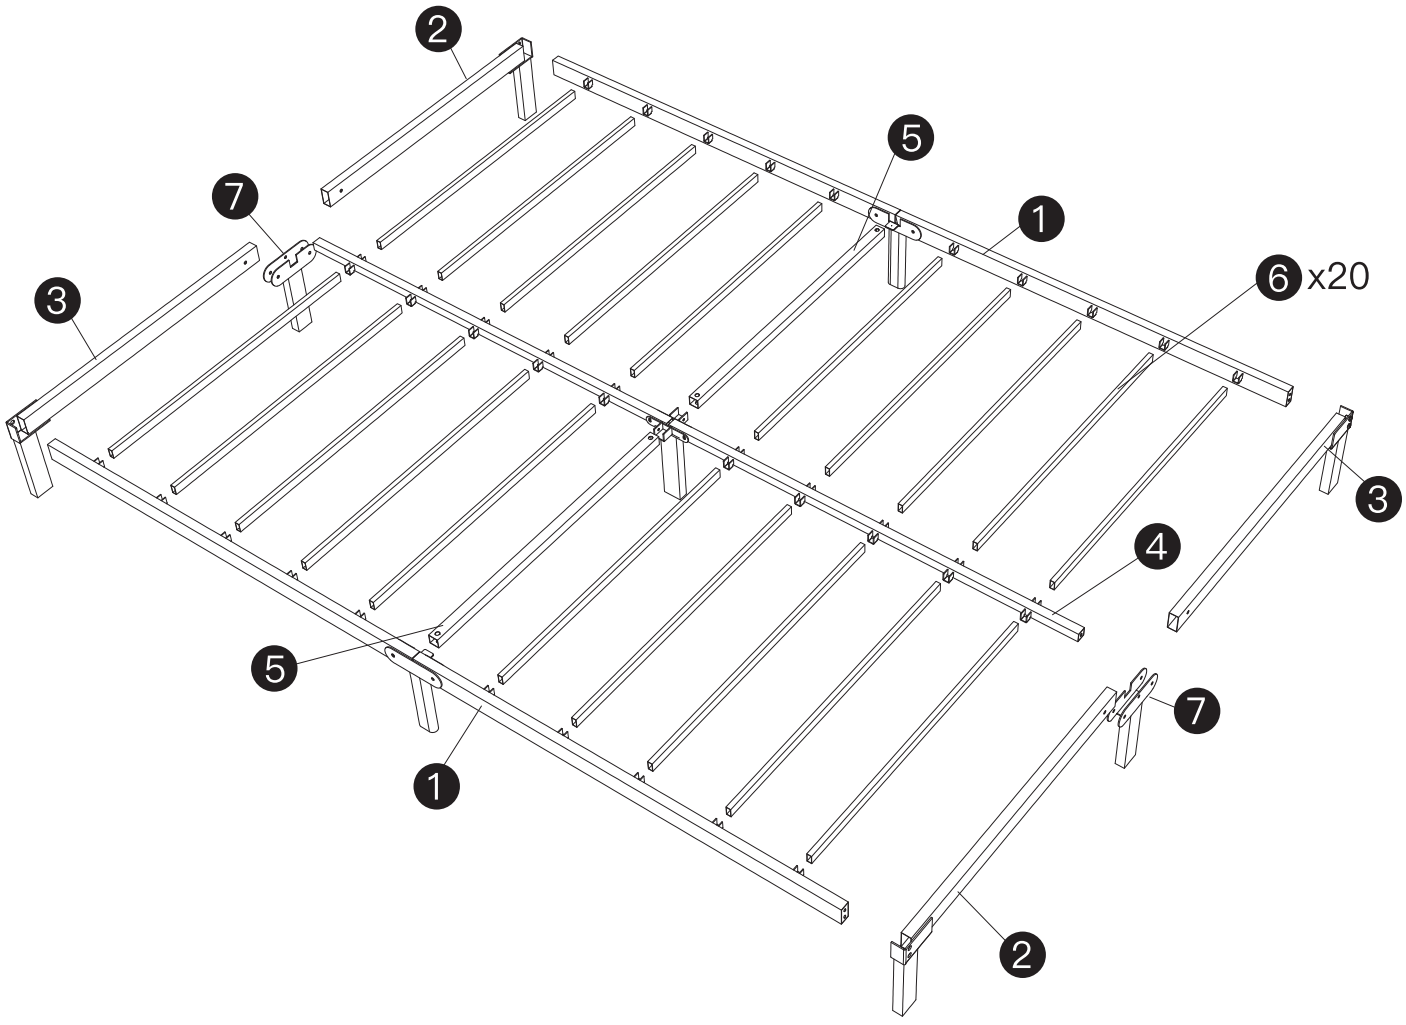

- Please check you have all hardware before assembling.
- Please ensure you have the name of the item and hardware part required and quantity.
- If you have any questions, please contact us by original purchase platform.

we will reply you ASAP.

EXPLODED DRAWING:

Please check all parts and accessories according to the parts list before assembling, make sure allcontents are sufficient and in good condition.If there is any parts missing or defective, please contact us with purchase platform message immedi-ately to get replacement parts.

PARTS:

1  x2

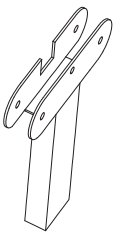

2  x2

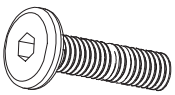

3  x2

4  x1

5 x2

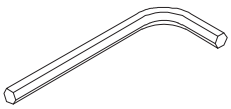

6 x20

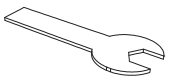

7  x2

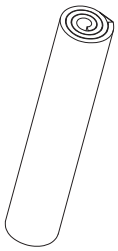

A 
M6x35mm x10

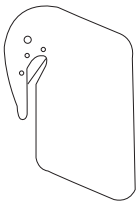

B 
M6x10mm x8

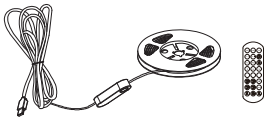

C 
M6 x4

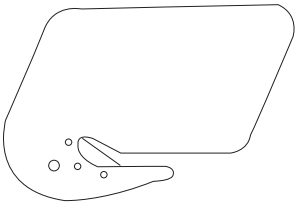

D 
#4 x2

E  x1

F  x1

G  x1

H  x1

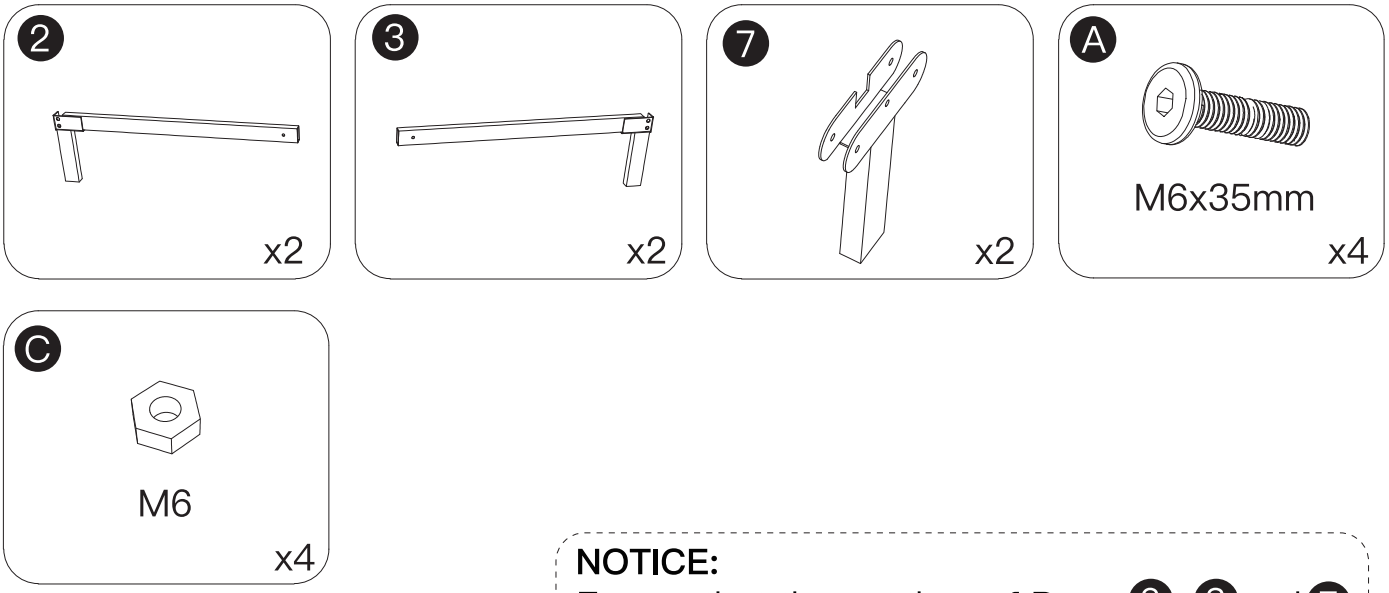

Handy opener tool is one option to get started.
Find it in the package box.

Caution: This cutter is sharp, please keep it away from children.

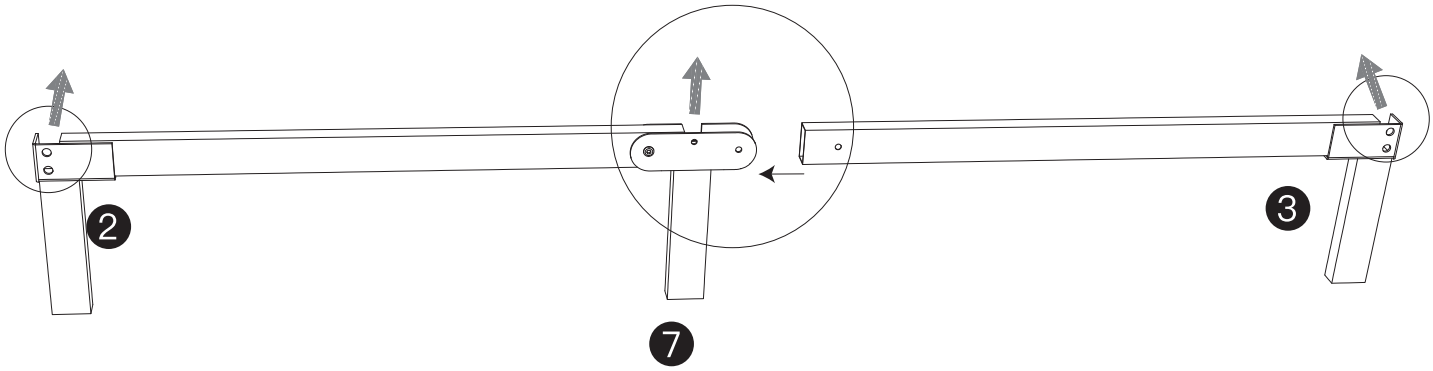

If the inner vacuum packaging is punctured, the compressed component will expand rapidly.When decompressing, stand at the end of the compression bag to avoid injury.

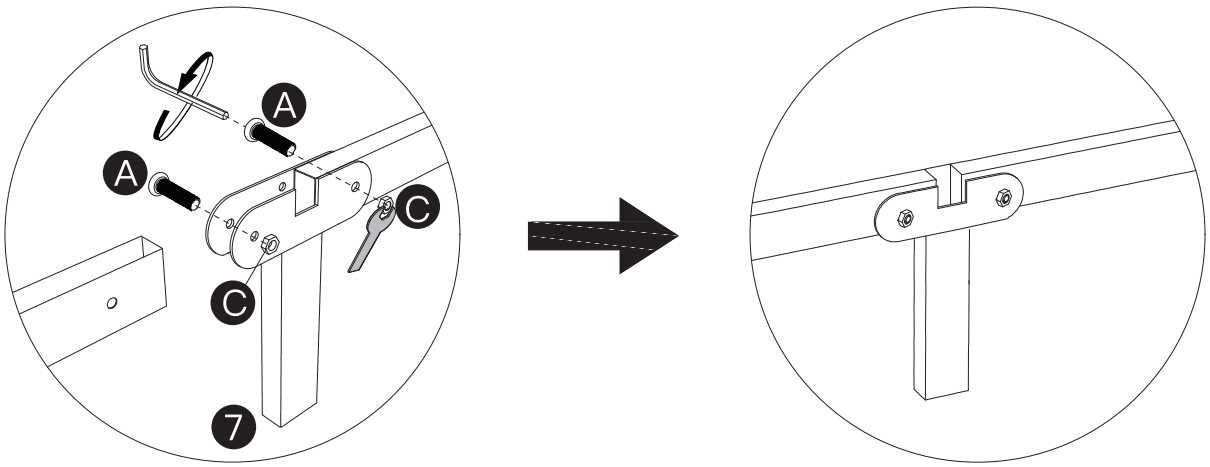

HOW TO INSTALL

STEP 1

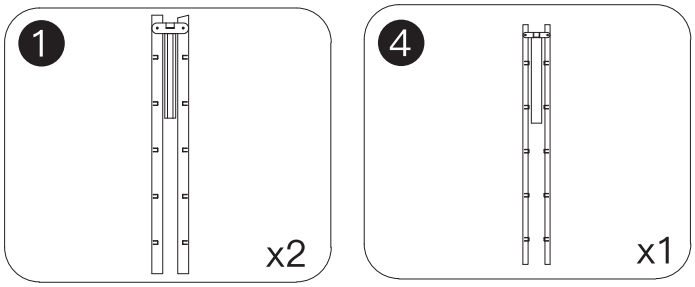

NOTICE:
Ensure that the notches of Parts 2, 3 and 7 face the same side.

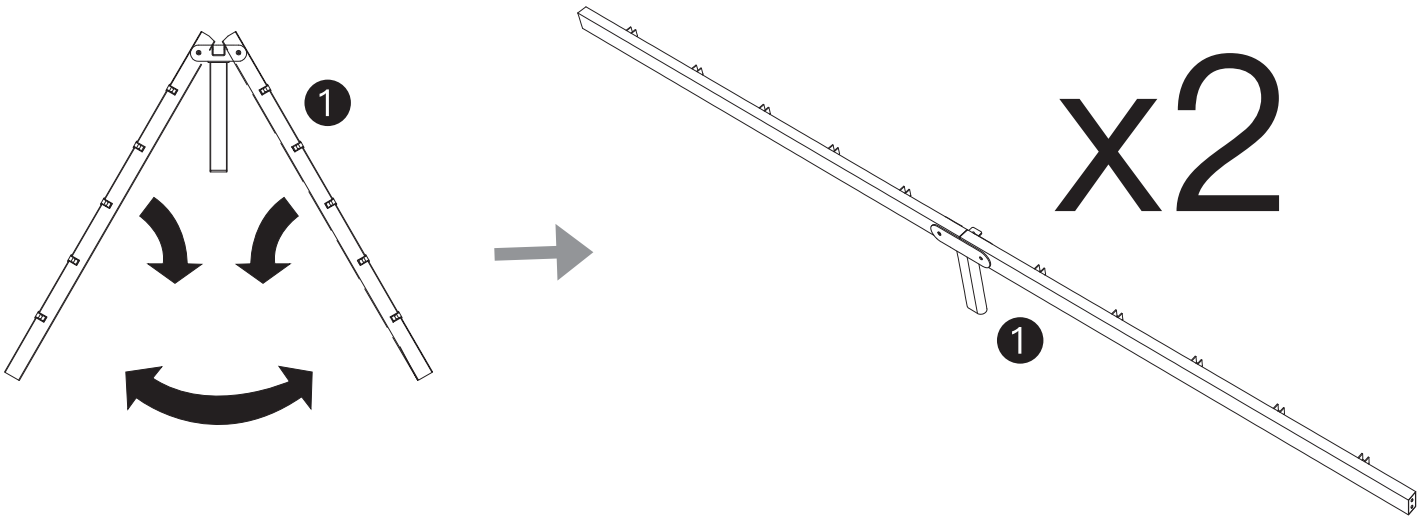

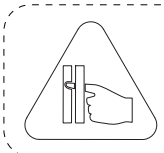

x2

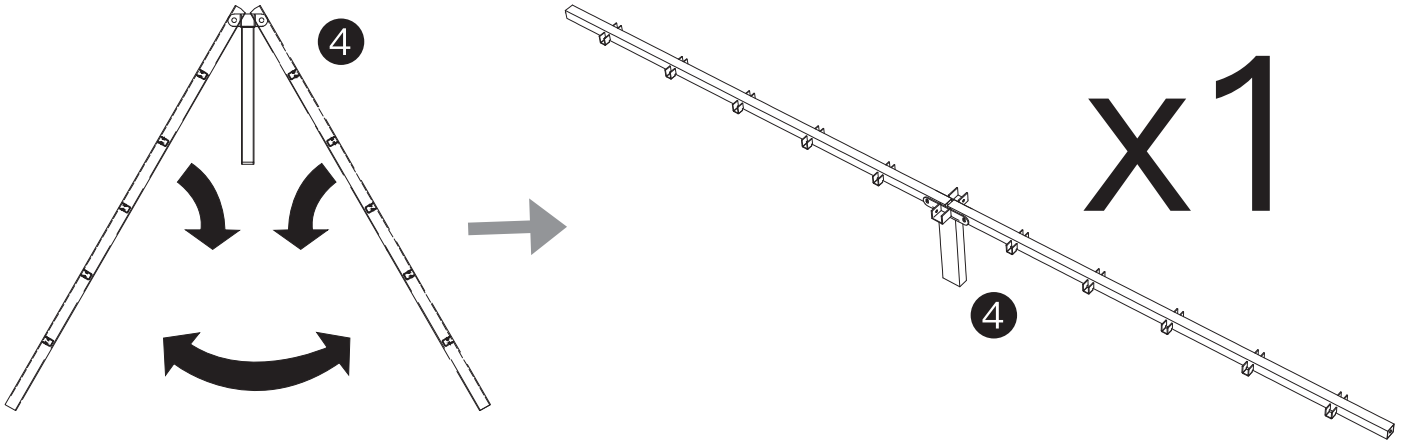

STEP 2

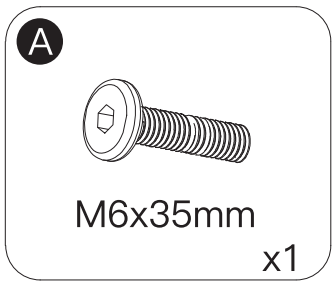

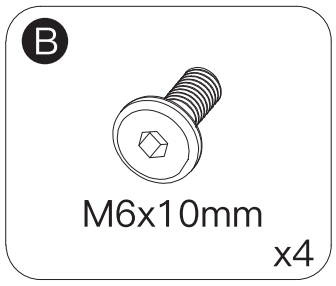

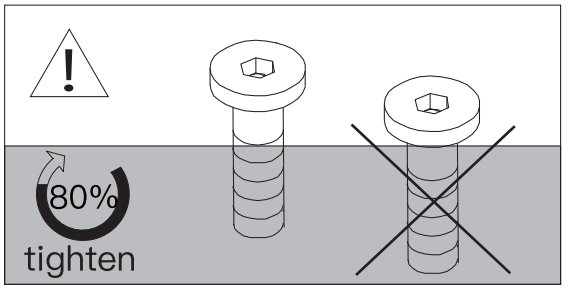

NOTICE:
warning hands pinching

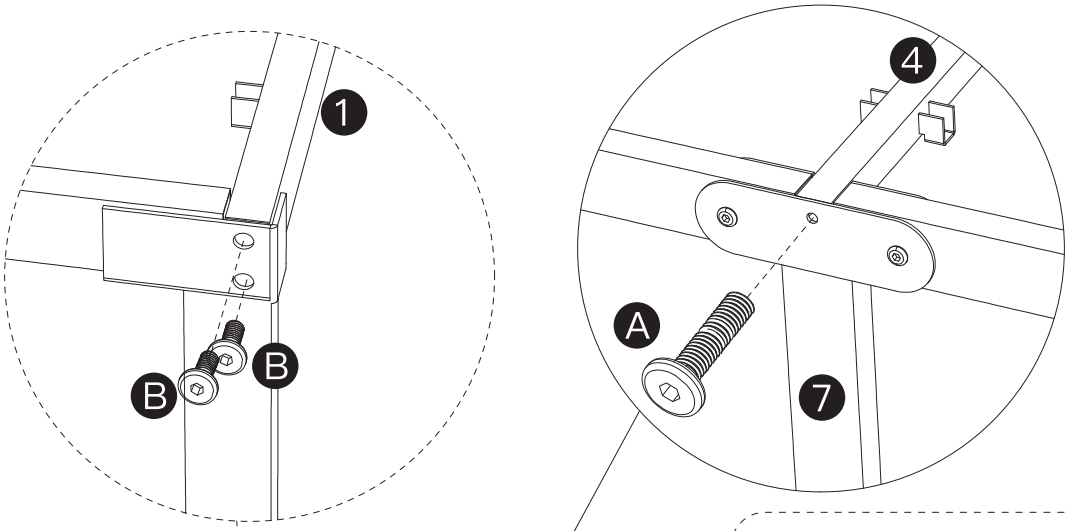

STEP 3

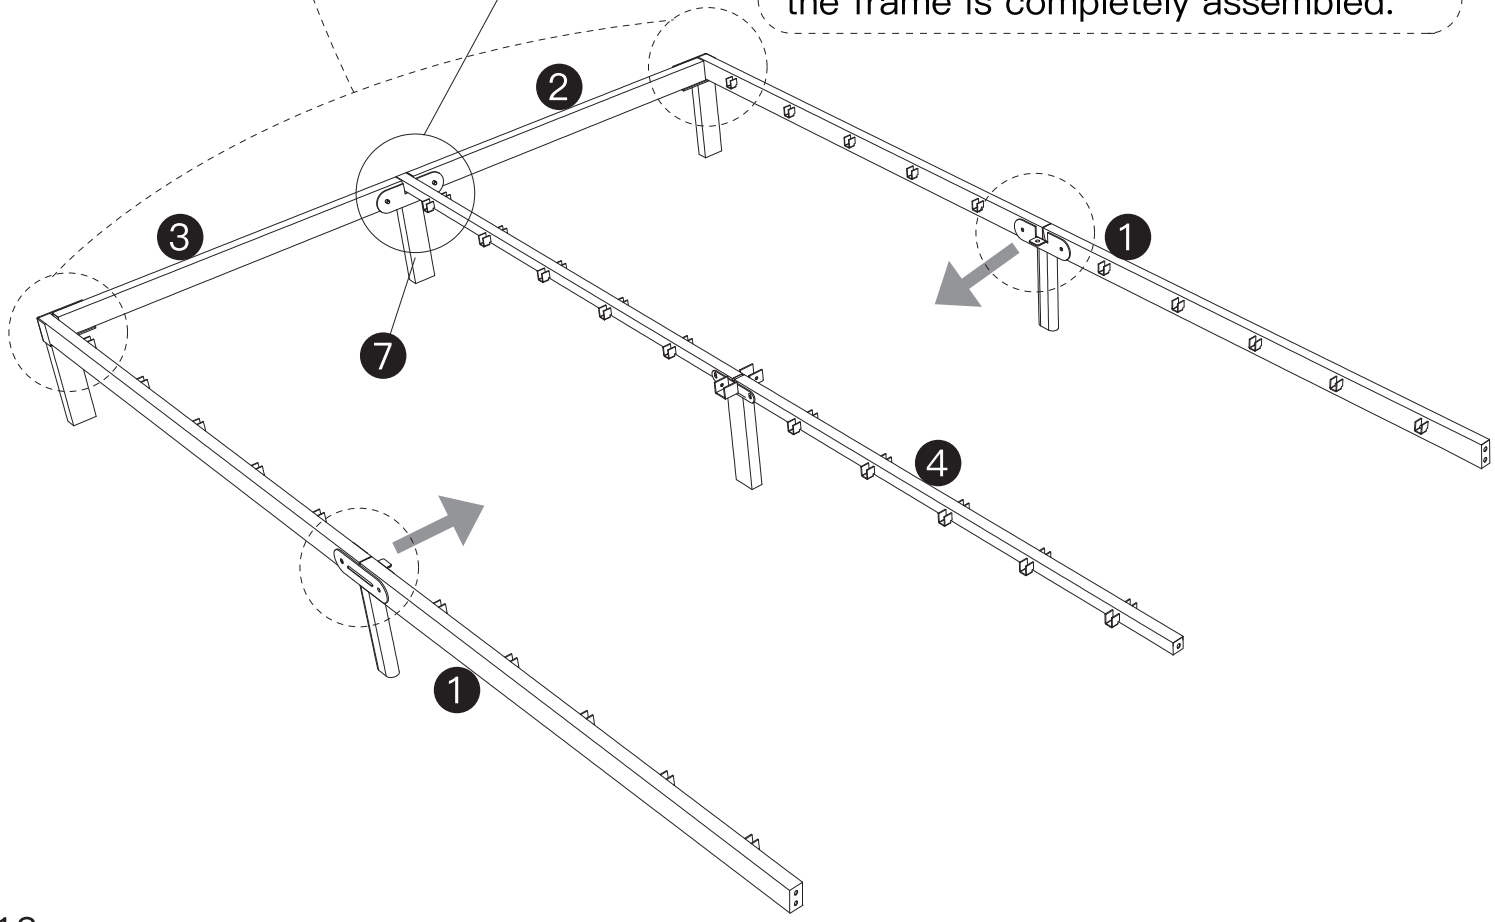

NOTICE:
1.Please note the installation direction of Part 1.
2.Do not fully tighten all screws until the frame is completely assembled.

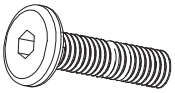

STEP 4

5

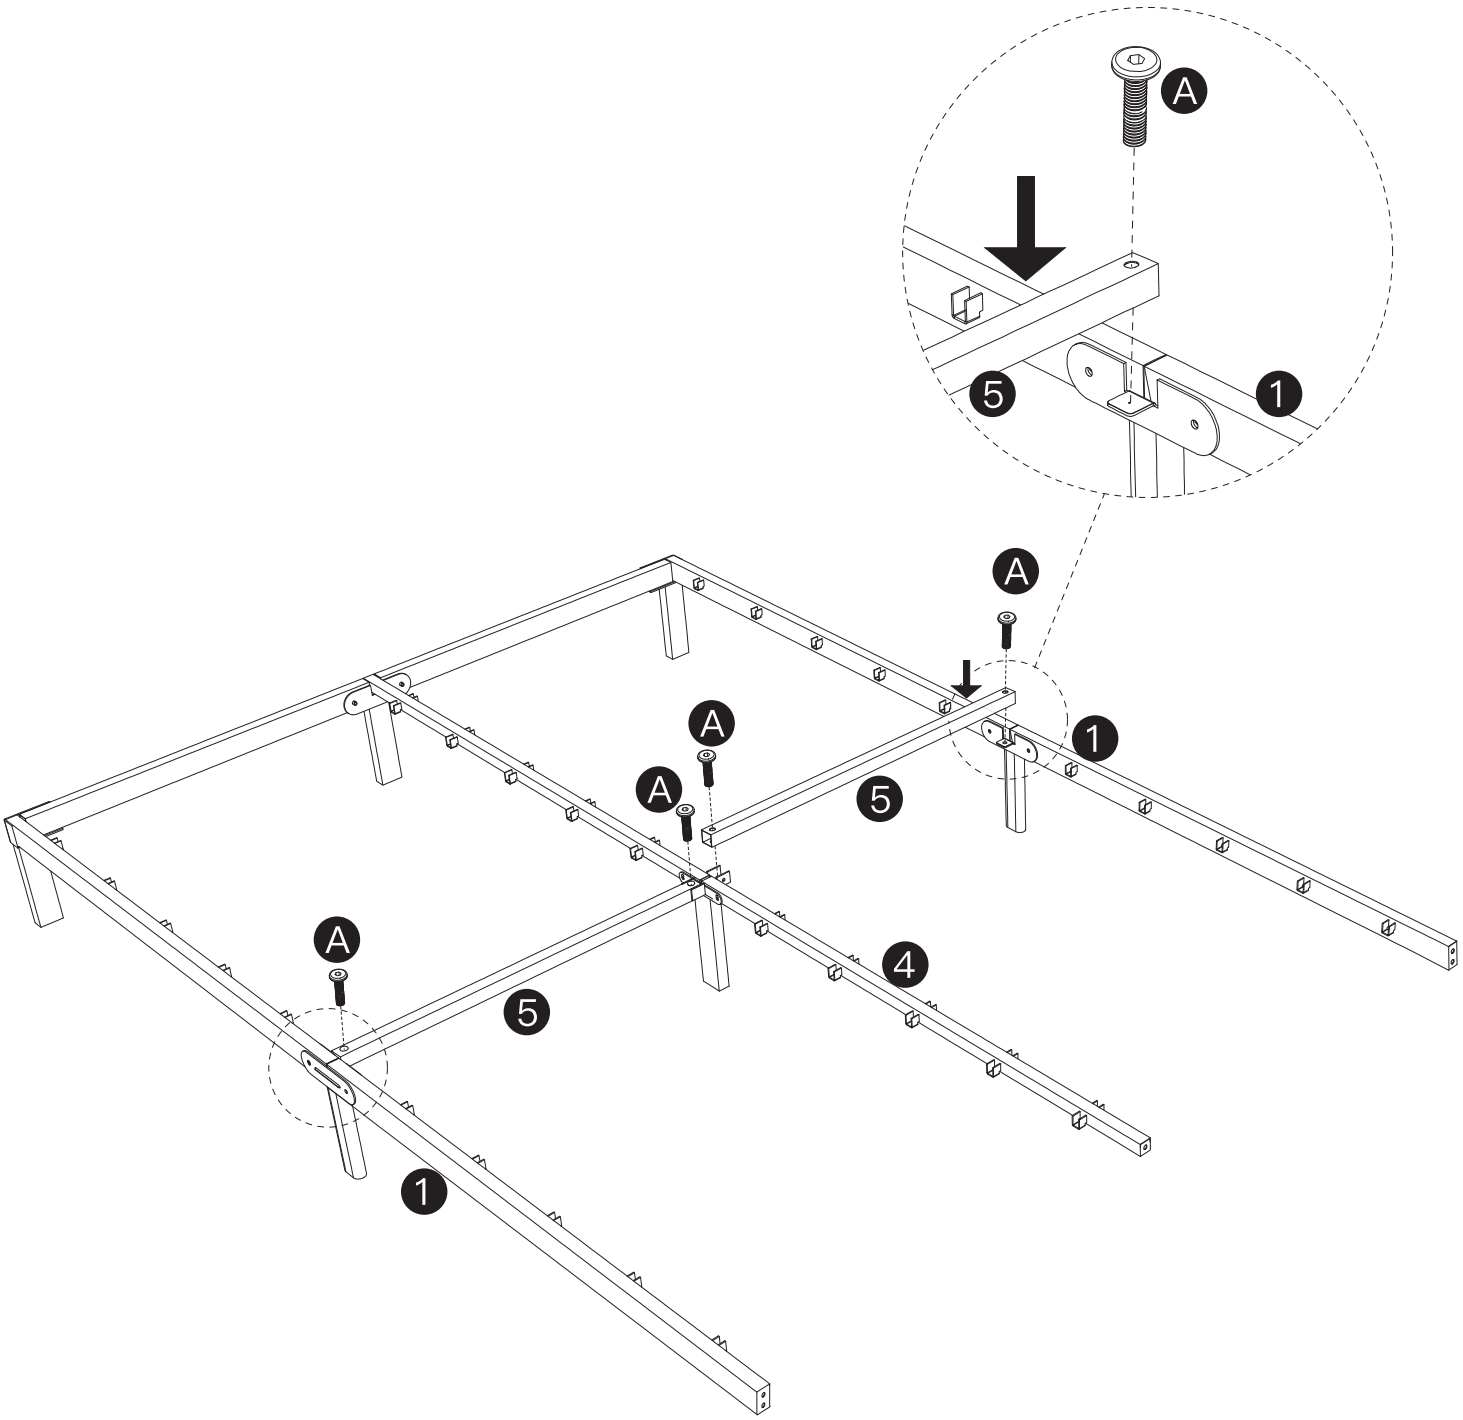

x2

A

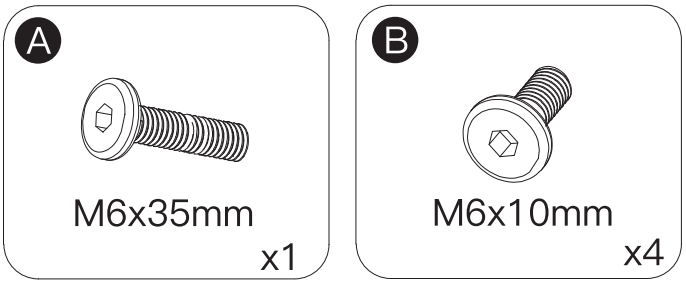

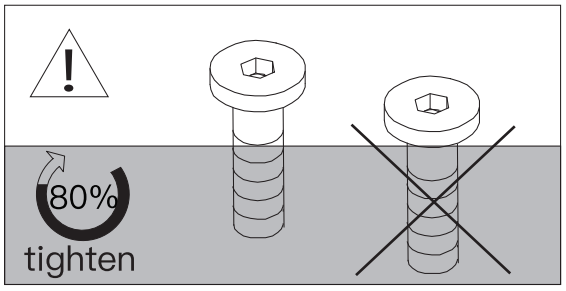

M6x35mm

x4

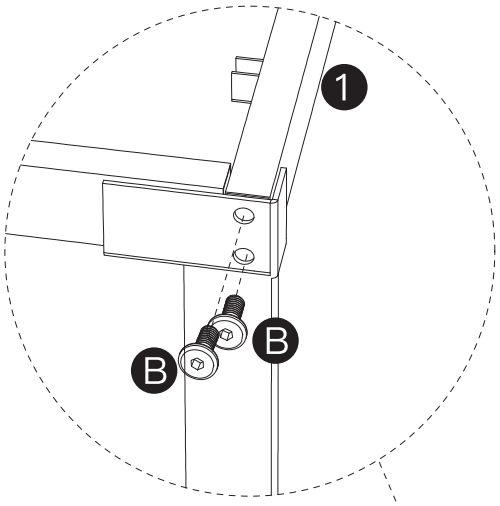

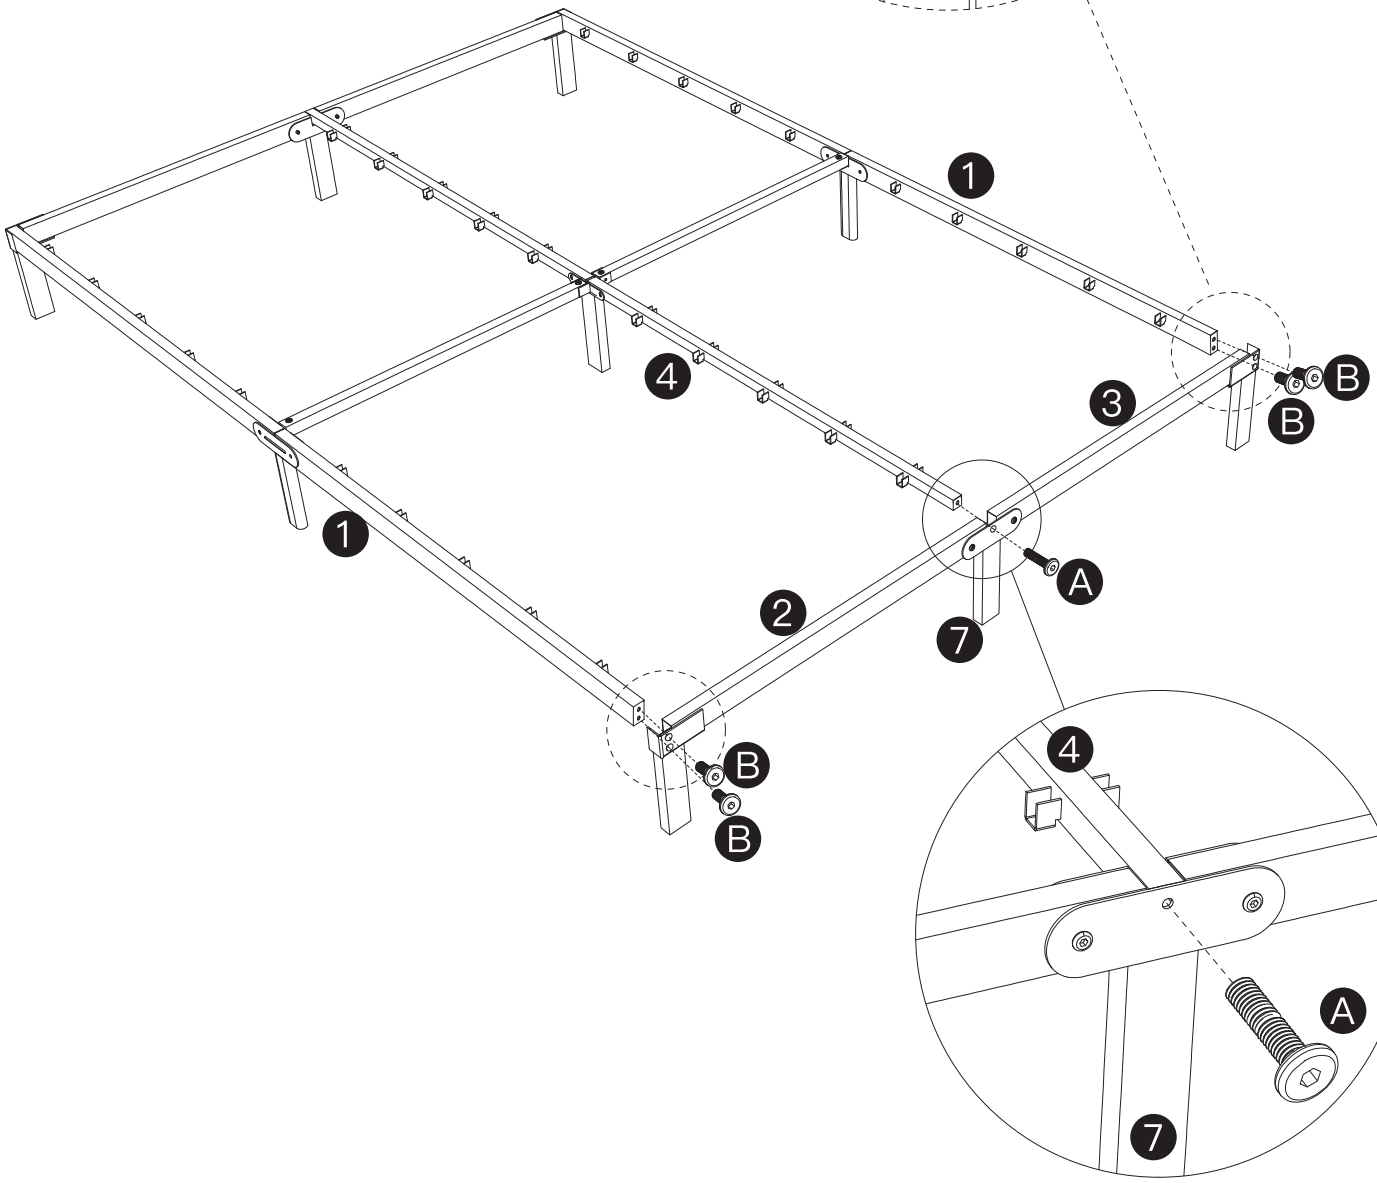

STEP 5

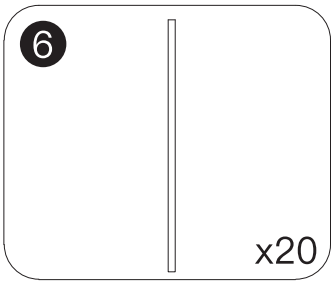

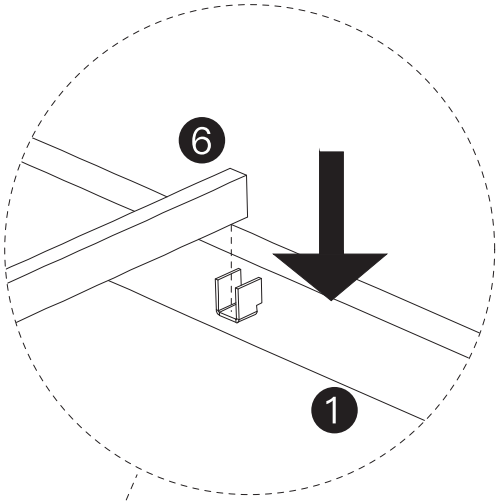

NOTICE:
Do not fully tighten all screws until the frame is completely assembled.

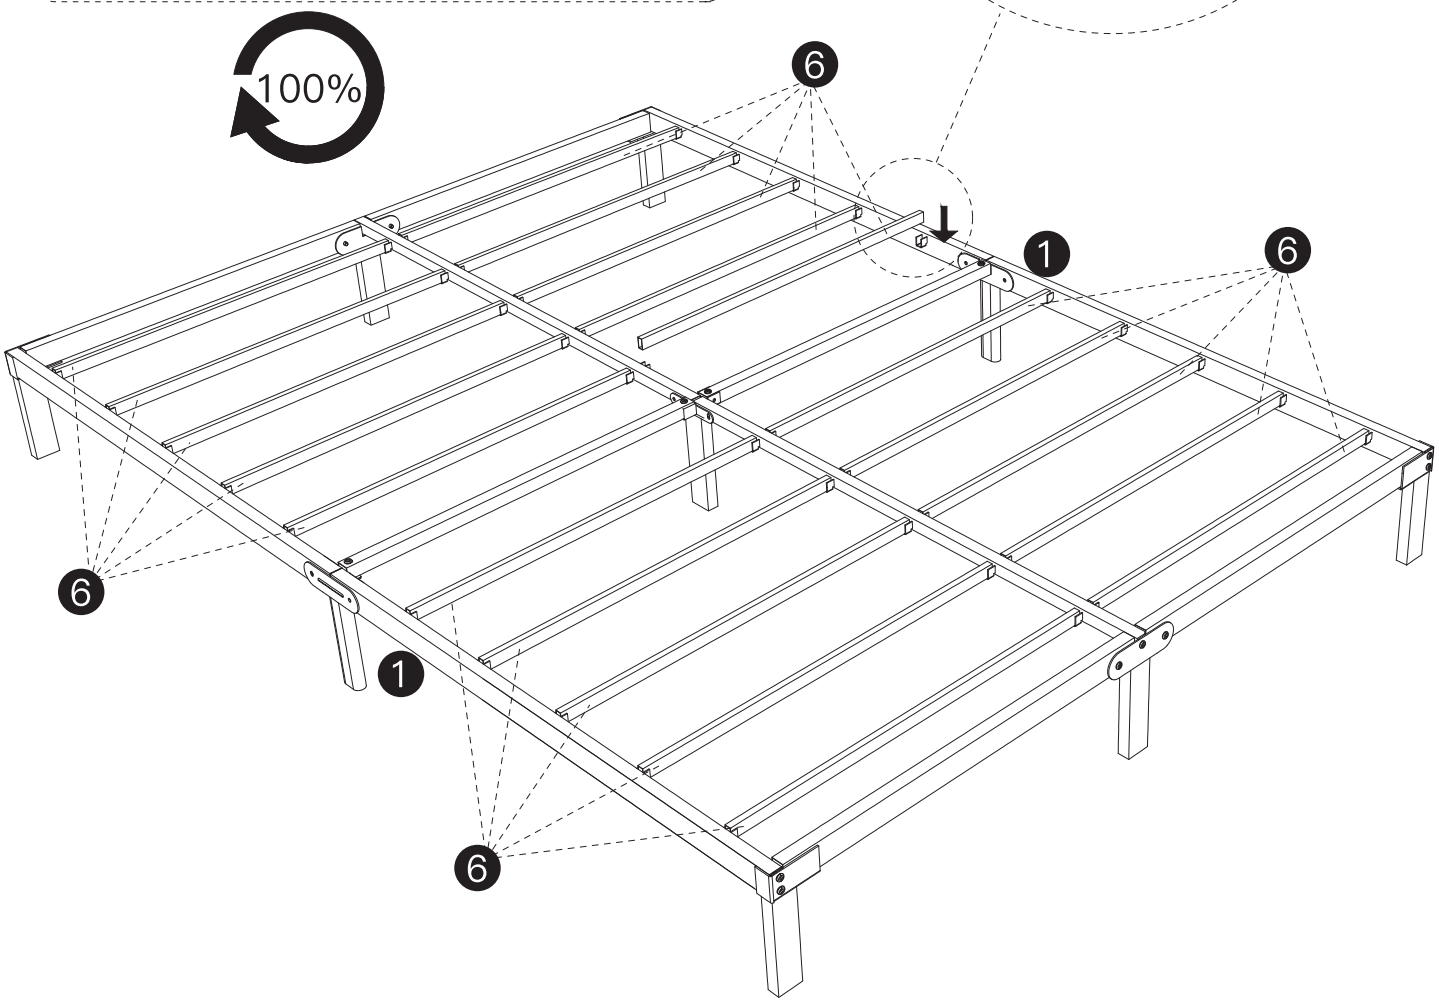

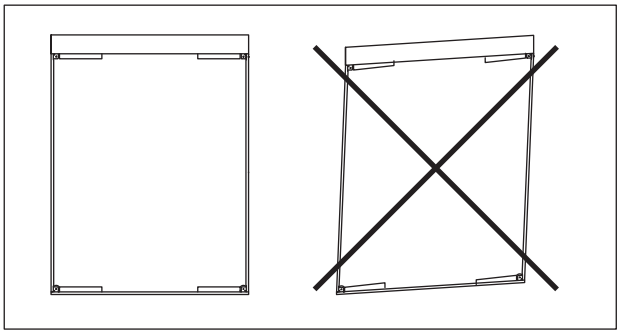

STEP 6

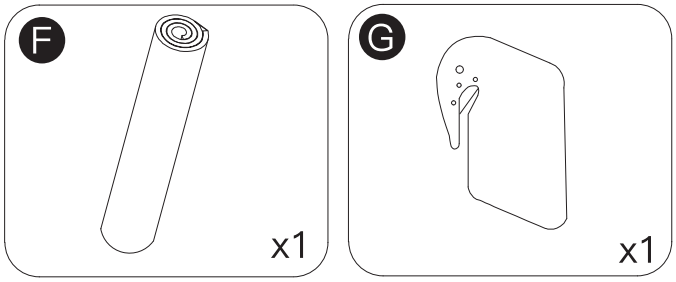

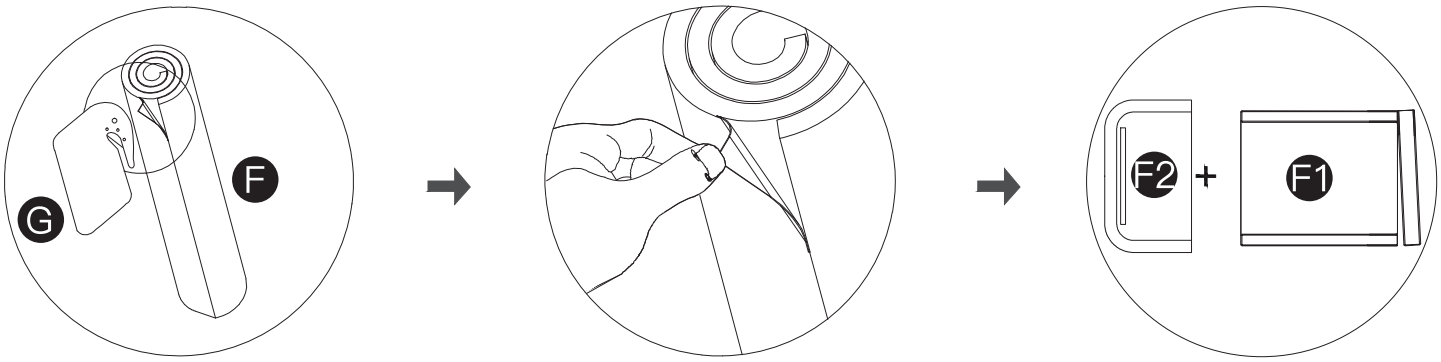

NOTICE:
Tighten all screws fully once the frame is completely assembled.

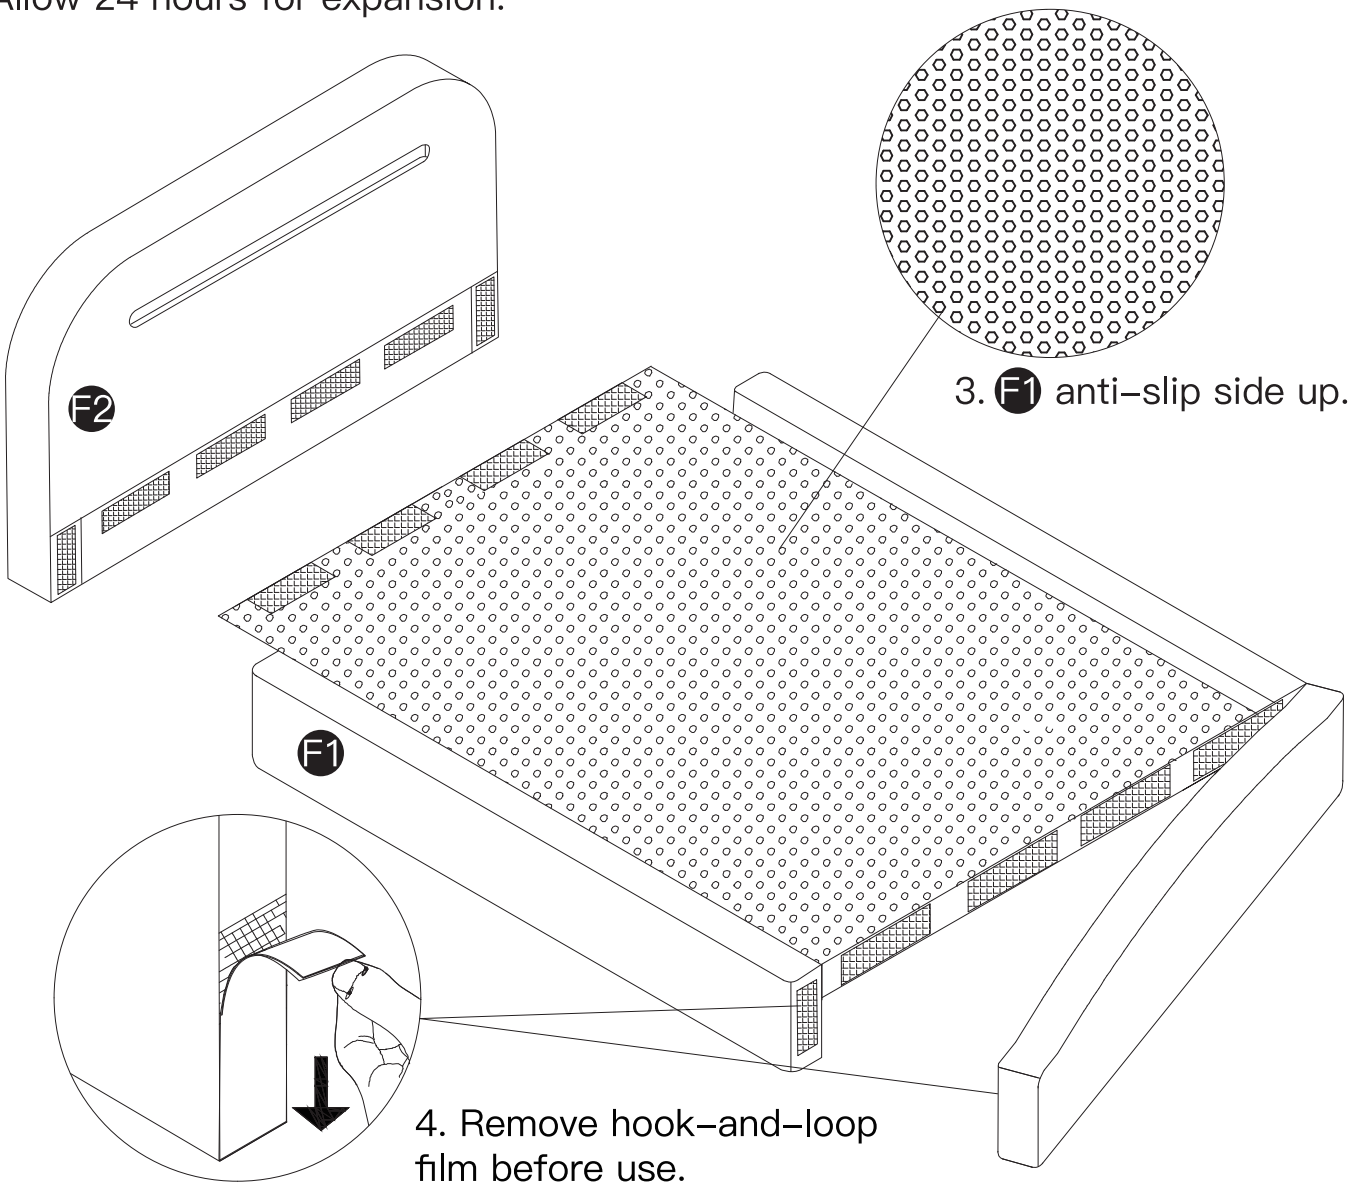

STEP 7

NOTICE:

1. Cut carefully, avoid damaging the product.
2. Allow 24 hours for expansion.

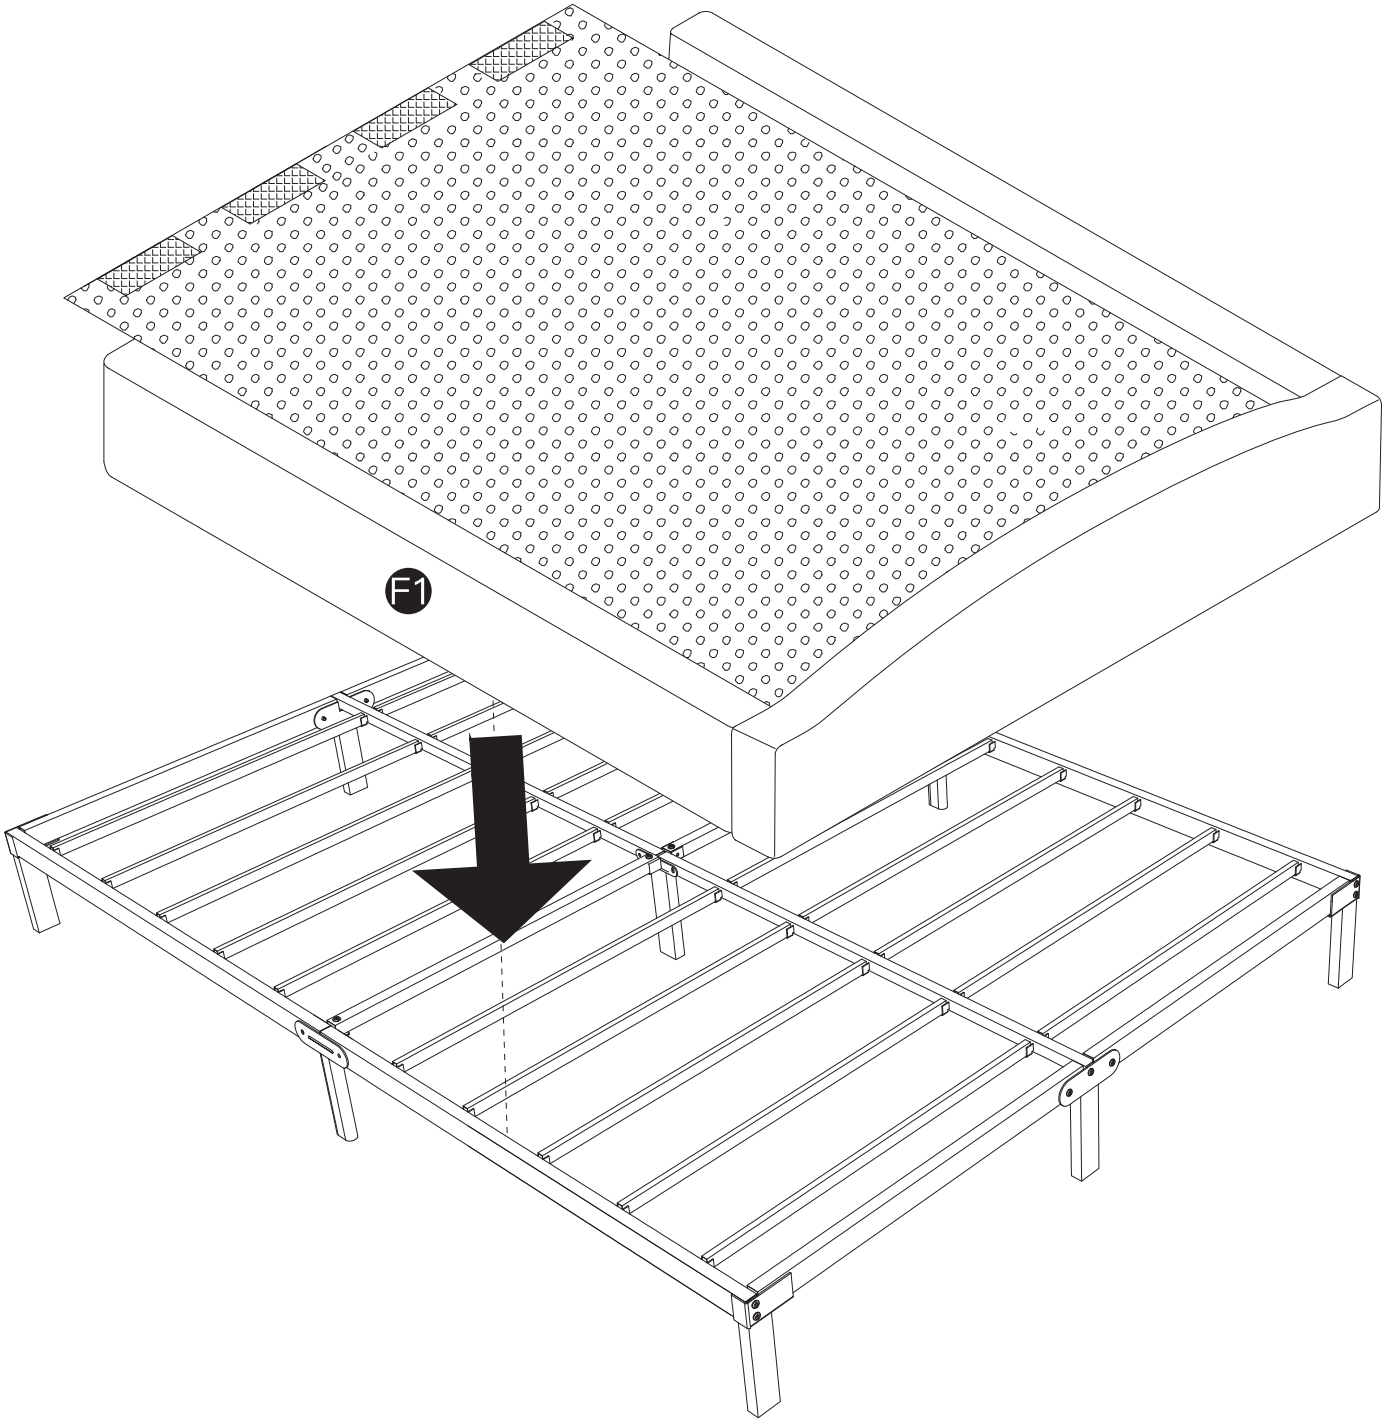

STEP 8

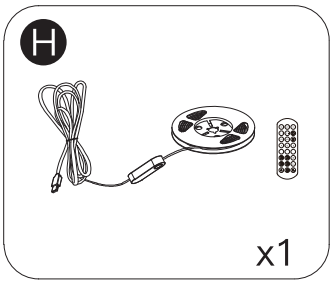

NOTICE:
It is recommended to assemble with 2 to 4 people.

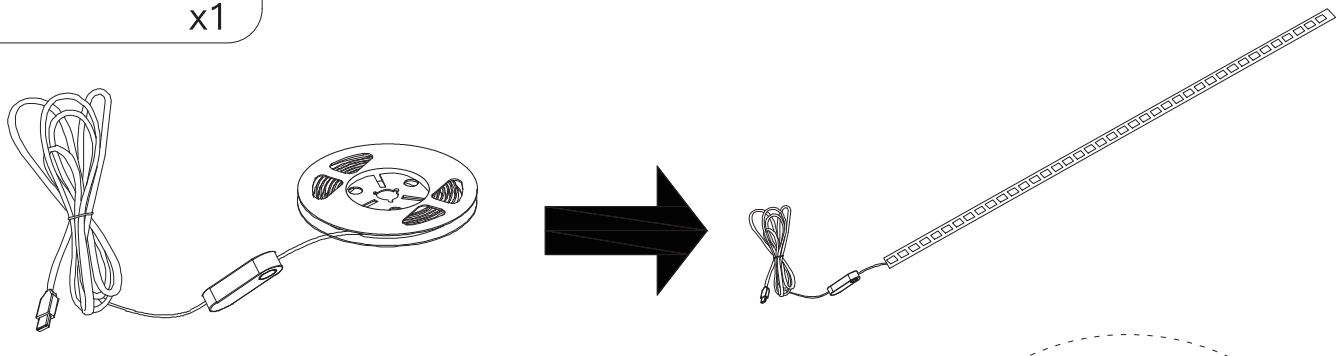

HEAVY! You may need assistance with this step.

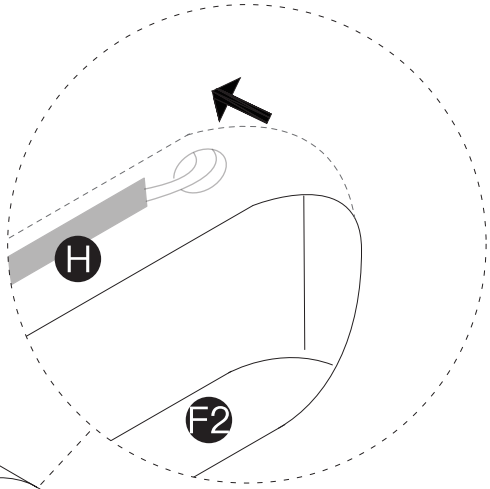

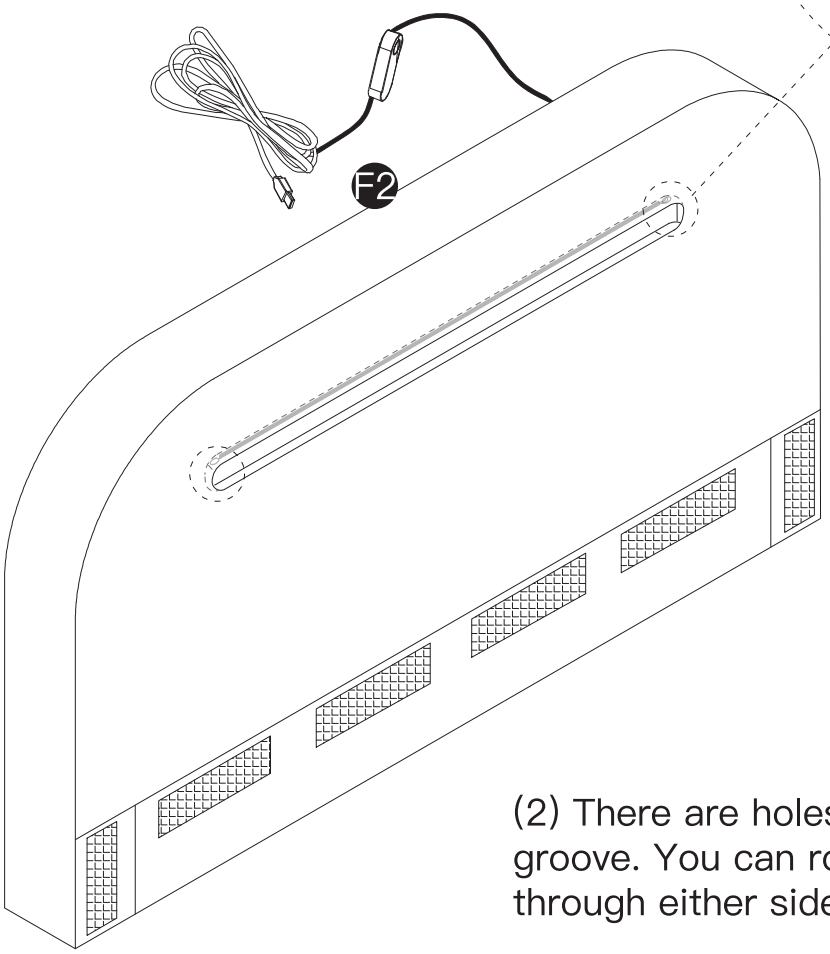

STEP 9

NOTICE:
(1) Unfold the light strip and ensure that Part H and Part F2 are fully attached with the hook-and-loop fasteher.

(2) There are holes on both sides of the groove. You can route the light strip through either side as needed.

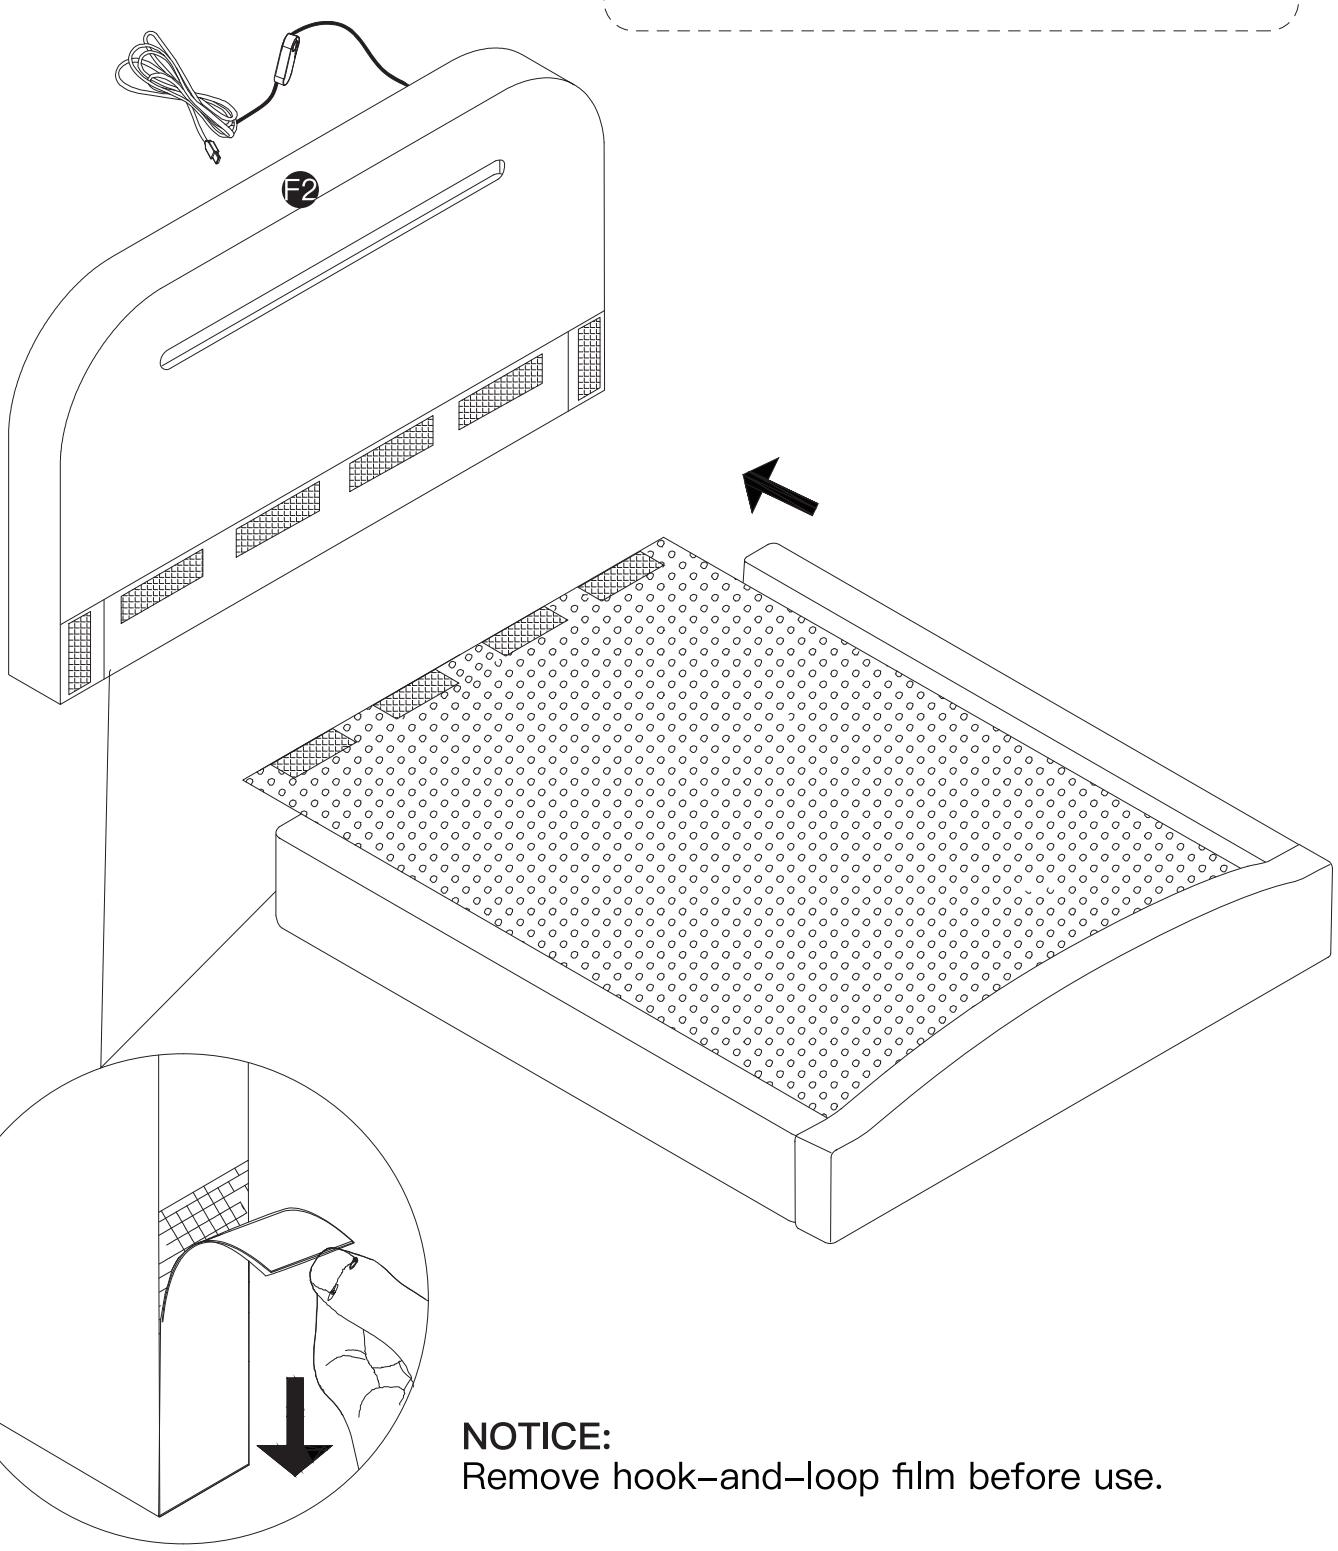

STEP 10

NOTICE:
It is recommended to assemble with 2 to 4 people.

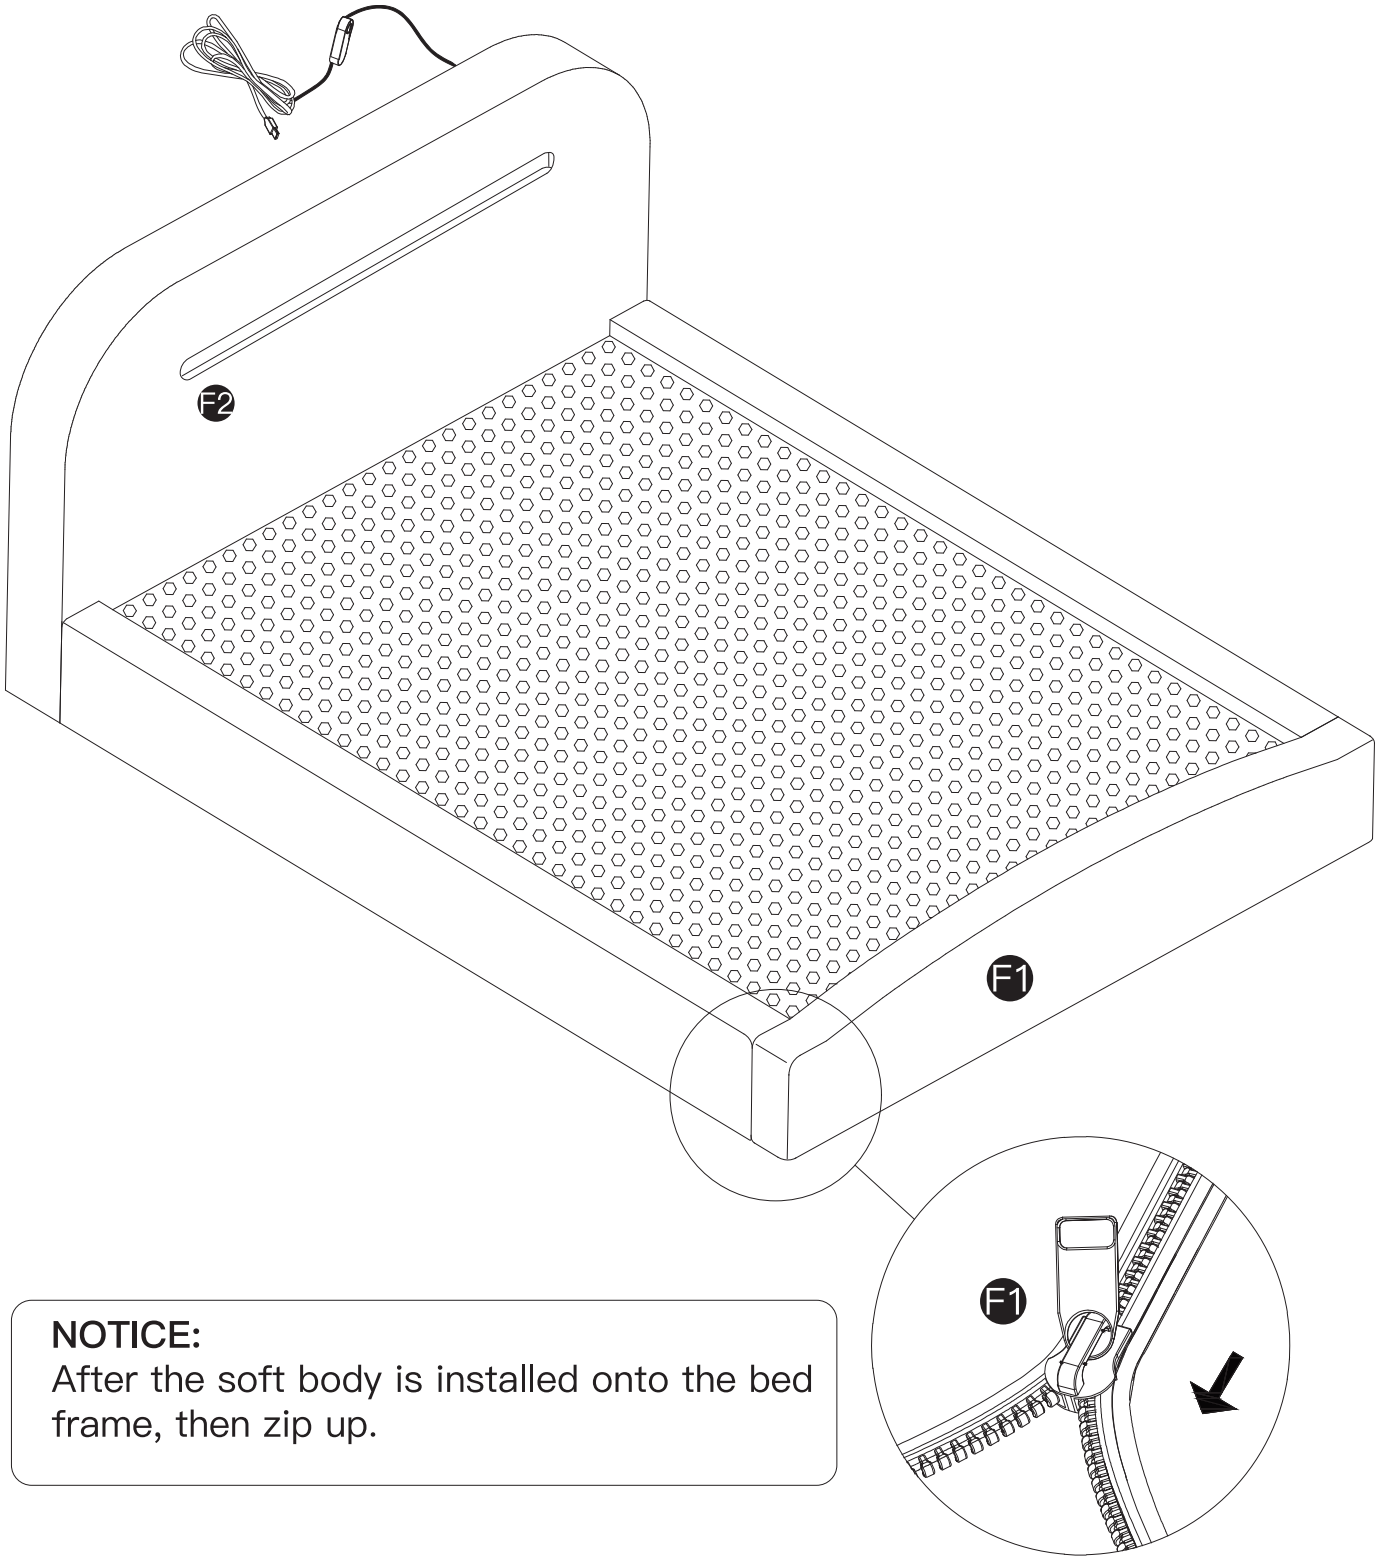

HEAVY! You may need assistance with this step.

NOTICE:
Remove hook–and–loop film before use.

STEP 11

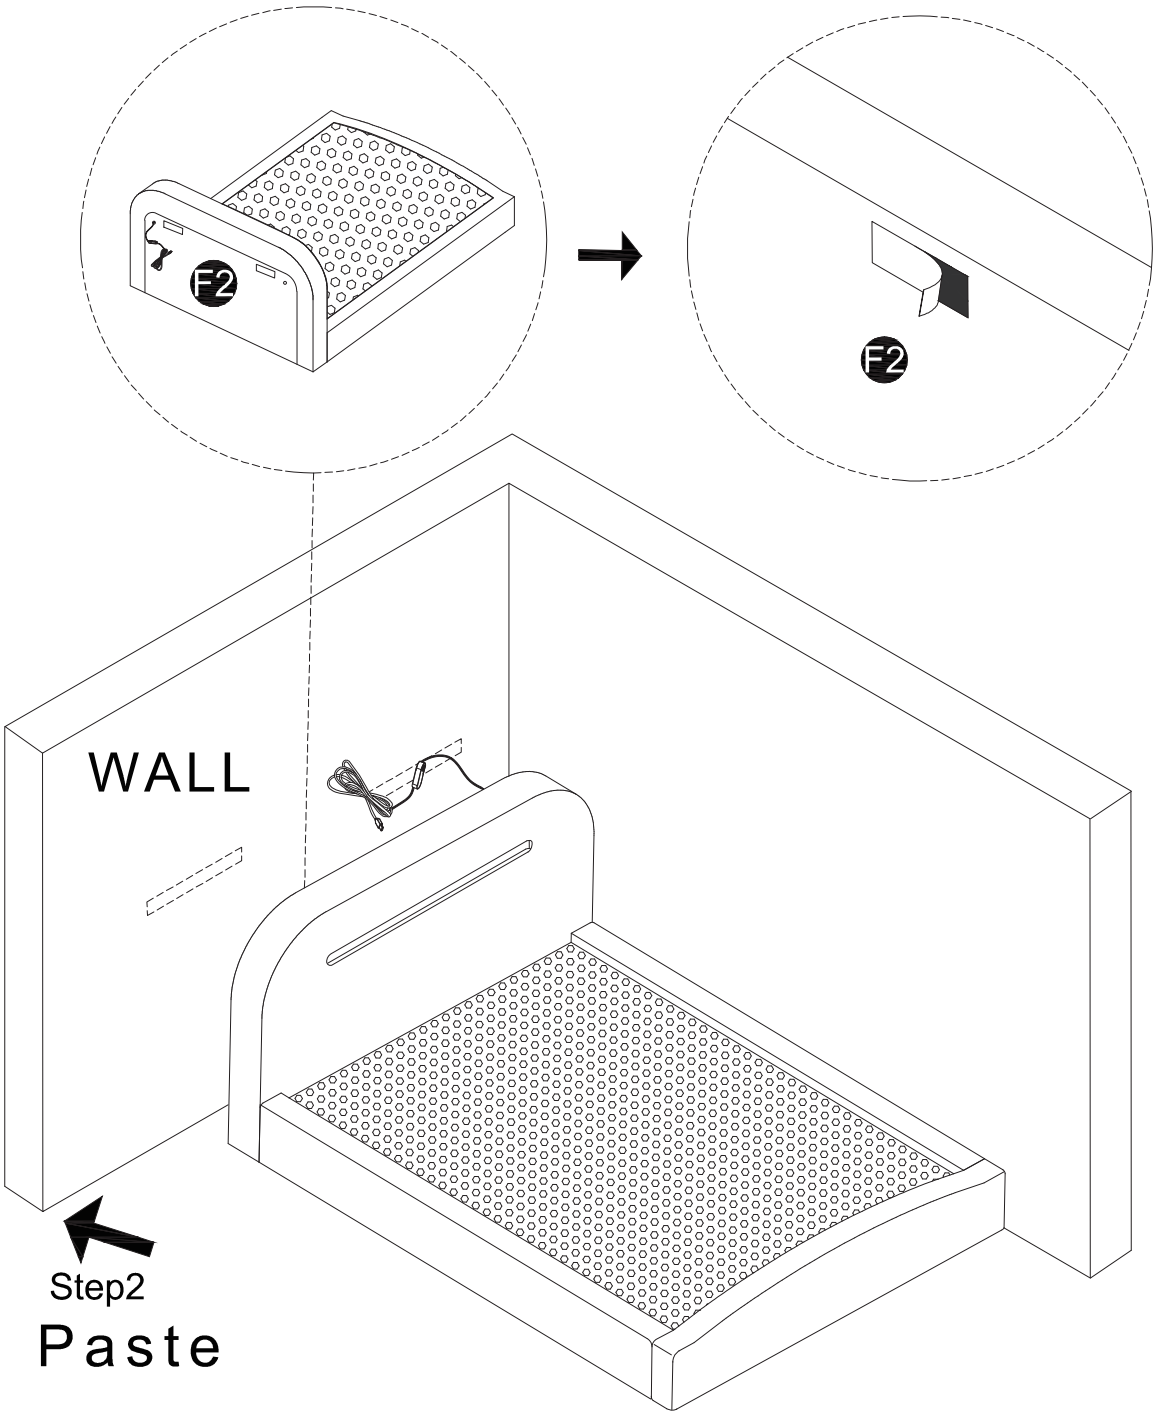

NOTICE:
After the soft body is installed onto the bed frame, then zip up.

STEP 12

NOTICE:
Please first determine the placement of the bed,and than fix the hook-and-loop fasteners with adhesive backing.This is to avoid difficulties in adjustment later.

Step1
Peel off the tape on the back of Part F2.

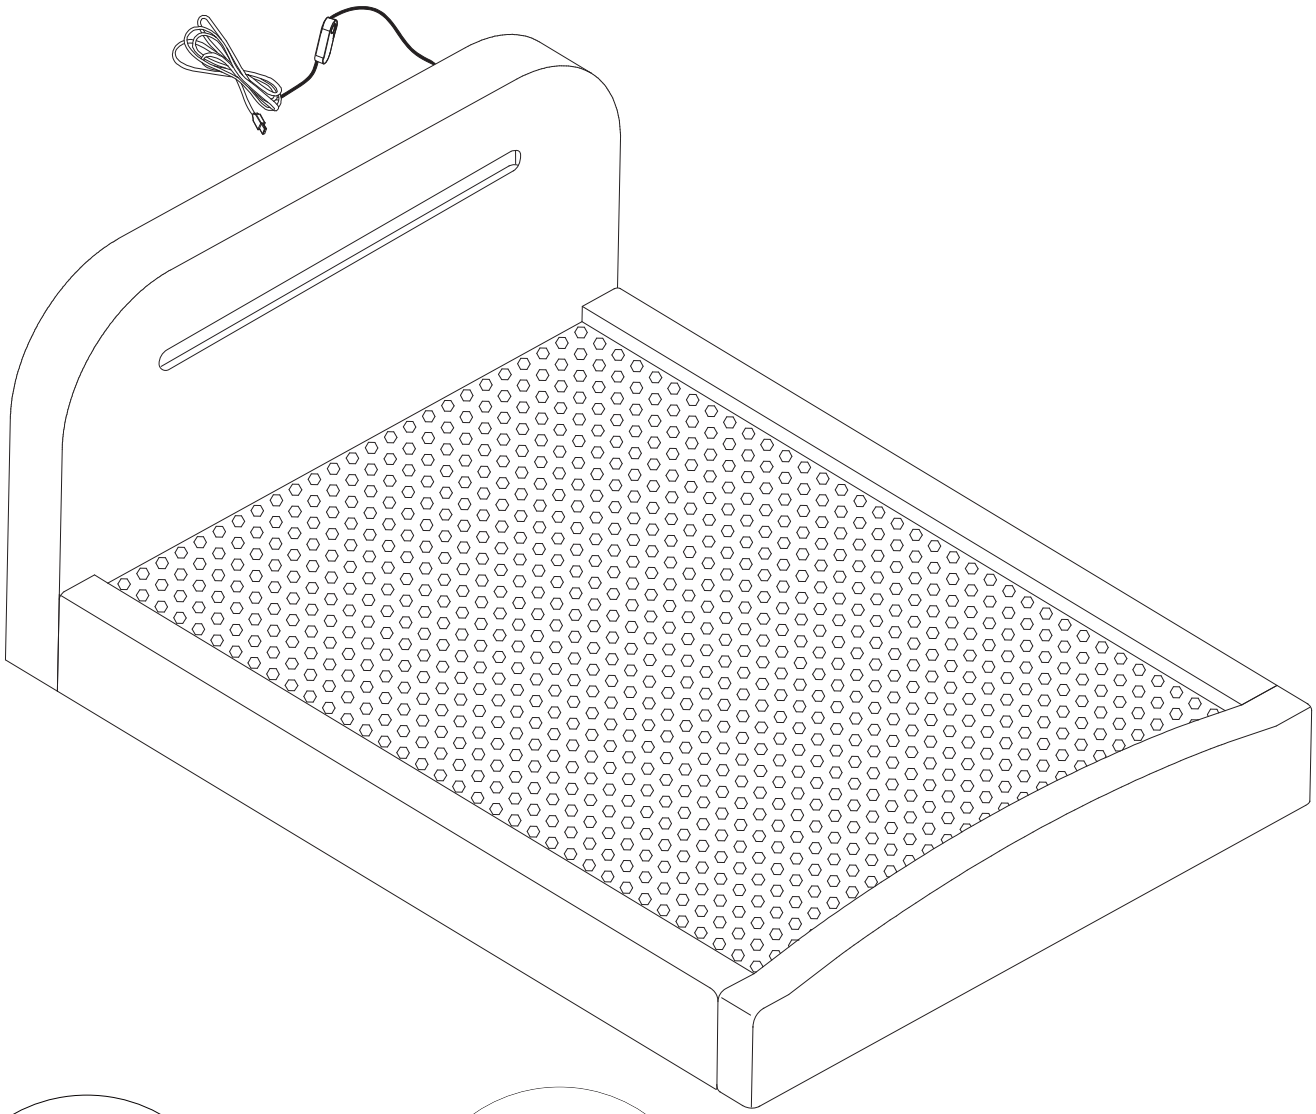

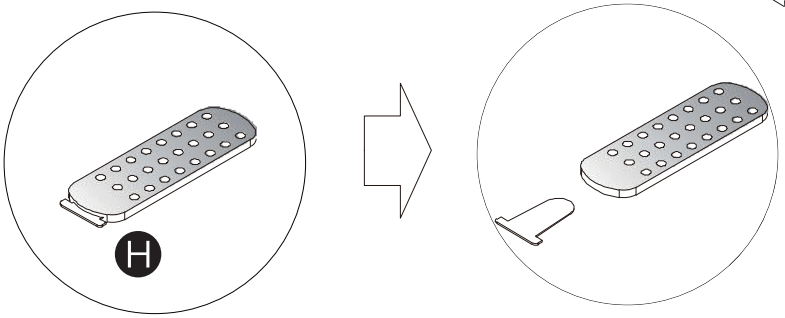

STEP 13

Warm Tips

(1)Please place the assembled bed against the wall.
(2)**Do not** jump or play on the bed.
(3)For your safety , please **do not** crawl under the bed.

When you use the remote control board to control the color of the light, please remove the clear plastic card.

Light strip

Preparation before Installation

Before installation, please carefully read the instructions for this type. Check whether the light strip, power adapter, controller (if any), and connecting wires are in good condition, without extrusion, cuts, or exposed wires.
Confirm that the output voltage (V), current (A), or power (W) of the power adapter fully matches the rated input parameters of the light strip. **Strictly prohibit use with overvoltage or overpower!**
Confirm that the type of the controller (RF remote control, WiFi, Bluetooth, DMX, etc.) is consistent with your needs and compatible with the light strip (in terms of voltage and signal protocol).

Instructions for Use

(1) Operate the on/off function, dimming, color adjustment, and mode switching according to the controller's instructions. Avoid prolonged full – power operation in extremely high – temperature environments (such as direct sunlight without heat – dissipation measures) or enclosed, poorly ventilated spaces.

(2)Unless necessary, **Do not** frequently turn the power on and off. Avoid pulling, squeezing, or folding the light strip, as this may cause circuit breaks and render the light source inoperable.

Notes

- **Stay away from all water sources:** Use the light strip away from water sources or humid environments.
- **Strictly prohibit live – line operation:** All installation, cutting, connection, and maintenance must be carried out when the power is off.
- **Power adapter:** Be sure to use the original or high – quality power adapter with strictly matching parameters.

- **Pay attention to temperature:** It is normal for the light strip to feel slightly warm when working. But if it feels scalding hot (> 50°C), it indicates poor heat dissipation or overload. You must immediately cut off the power and check (installation environment, power matching, whether there is a local short circuit).

- **Professional installation:** For complex installations (such as long – distance, high – power, special environments) or if you lack electrical knowledge, it is recommended to seek the help of a professional electrician.

- **Child safety:** Keep children away from this component; Prevent children from biting, swallowing, or wrapping it around their bodies.

Maintenance Methods

(1) **Cleaning Method:** Before cleaning, be sure to disconnect the power supply and wait for the light strip to cool down. Use a dry or slightly damp soft cloth to gently wipe dust and stains on the surface of the light strip. The surface of the encapsulated glue is relatively easy to clean. It is strictly forbidden to use corrosive chemical cleaning agents (such as strong acids, strong alkalis, alcohol, gasoline, thinner, etc.), abrasives, steel wire balls and other hard objects for wiping, so as not to damage the surface finish, transparency of the encapsulated glue layer or cause aging and cracking. **Do not** soak the light strip in water for cleaning!

(2) **Inspection and Maintenance:** Regular inspection (recommended quarterly or semi – annually): Check whether the light strip has physical damage (such as cuts, indentations, colloid cracking, degumming). Check whether all connection points (joints, solder joints, power interfaces) are firm, free of rust, and free of water ingress marks. Check whether the waterproof measures (end caps, connector seals, sealant) are in good condition and not aged and ineffective. Check whether the fixing devices (back glue, buckles, cable ties) are loose or fallen off.

After-Sale Support

Dear Customer,

Thank you for choosing to purchase our products! We attach great importance to your shopping experience and hope to ensure that you are satisfied with this purchase.

Should you have any questions, please contact us through the original purchase platform. We will reply your messages as soon as possible, please kindly wait for the response from our team.

Thank you again for your understanding and support! If you have any other questions, please feel free to contact us at any time.

Best Regards,
After sales service team
