Product Description: In a soft rounded form with wire-brushed greige and antique white finish on quartered White Oak, the Affinity 48-inch round table extends to 66 inches with the 18-inch leaf in place.

Collection Features: Soft, rounded forms combine with sand-blasted greige and antique white finishes to create an inviting transitional boutique collection in Affinity. The main finish for the 20-piece collection of bedroom, dining room, occasional, accents and home entertainment is a wire-brushed greige (gray/beige) on quartered white oak. Pewter and antique white hardware and soft linen fabrics add intrigue.

Status: Active

Finish: Greige sand-blasted finish on quartered oak veneers

Features: One 18-inch leaf

Table extends to 66-inches with leaf in place

Will accommodate 4 guests

Bottom of Top to Floor: 27 1/4H

Table has 3 piece geared wood table slide to add and remove the leaf Levelers

Material: Oak Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-

craftsmanship such as rubbing and padding, our finishes feel as good as they look with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Expected Availability: 05/19/2022

Important Use Information: We recommend using coasters, placements and trivets when using hot containers with this item. It is also recommended to provide quick cleanup for any spills to minimize exposure to moisture. Doing so will prolong the life and look of the item and provide many years of the quality you expect.
