- 6.Handle spring button
- 7.Handlebar stem
- 8.Rapid tightening lever for steering column
- 9.Steering column
- 10.Folding mechanism
- 11.Rapid tightening lever for folding mechanism

How to assemble

Please take note of the following assembly instructions to avoid all risk of accidents linked to the folding and unfolding operations of your scooter (for example: getting your finger stuck).

Scooter assembly

A-Unfolding the steering column

Open the rapid tightening lever (11), then push the locking lever (5) forward to unlock the folding mechanism (10). Then lift up the steering column (9) until it reaches the vertical locking position (you should hear a "click" of engagement), then firmly tighten the rapid tightening lever (11).

B-Positioning the handles

Take the two handles (1) out of their plastic cover, insert them into the right and left parts of the stem (7). For each of the two handles, you should hear a "click", indicating that the handles (1) are engaged. Check that the two spring buttons (6) are effectively out and visible.

For the scooter with suspension, open the handle quick-release lever (2) and follow the instructions below before tightening it firmly.

C-Adjusting the handlebar height

Open the steering column rapid tightening lever (8), adjust the height of the handlebars until you hear a "click", indicating engagement in one of the two indexed positions, then firmly tighten the steering column rapid tightening lever (8).

How to fold

Folding the scooter

D-Folding down the handlebars

Open the steering column rapid tightening lever (8), press in the steering column spring button (3), lower the handlebars, then tighten the steering column rapid tightening lever (8).

E-Packing away the handles

For each handle (1), press in the spring button (6), take the handle (1) out from its place in the stem (7), and put it in its plastic cover.

F-Folding the steering column

Open the rapid tightening lever (11), then push the locking lever (5) towards the front to unlock the folding mechanism (10). It will be easier to unlock if you push the steering column (9) forwards. Then lower the steering column (9) until you reach the locking position, then tighten the rapid tightening lever (11).

Recommendations for use

Before each use, check that your scooter is properly assembled: In the vertical locking position of the steering column, there must be a "click" for each engagement, and the steering column and folding mechanism must be quickly tightened.

Advice for use

This product is not a toy, but a product for sport and fun.

Stop the scooter by pressing the brake with the pushing force of your foot.

For safety, we recommend that you use protective equipment: helmets, elbows, knee pads, and gloves.

Recommended maximum weight for the user is 100 kg (220 lbs).

This scooter can only be used by one person at a time.

Avoid places with heavy traffic. Avoid smooth or wet surfaces.
Avoid steep slopes and ensure the brakes are in good working condition.
Always wear shoes (e.g. training shoes). Always place your hand on the handlebars.
Do not change the use of this product. This scooter is not for acrobatics. Do not use to jump over obstacles. In any case, take care of yourself and others.
It is recommended that you do not use the scooter at night.

Maintenance

Regularly check that the various screwed parts are tight, particularly the wheel axles, the fold axis, the brake shaft, and the head tube locking collar and suspension because the self-tightening screws or other attachment may lose their effectiveness.
Always replace old or damaged parts with the parts approved by the manufacturer.
Remove any sharp fragments caused by use.
Keep the scooter in a dry, dust-free place.
Do not modify the scooter, specifically the steering column and socket, the stem, the folding mechanism and the back brake.

Check the condition of the bearings and wheels regularly, and replace them if necessary.

Welcome to visit our website and purchase our quality products!

Your suggestions and comments are really important to us!

We sincerely solicit you to go back to our shop and leave a good rating in just a simple click. It would be quite encouraging if you could kindly do so like below:

★★★★★ Great products so far

February 24, 2019

Great products so far. Fast delivery, easy setup, and working without any issues.

With your inspiring rating, We will be more consistent to offer you **EASY SHOPPING EXPERIENCE, GOOD PRODUCTS** and **EFFICIENT SERVICE!**

- * Reward Points
- * Exclusive Customer Service
- * Personalized Recommendations
- * Permanent Shopping Cart
- * Order History

5 Star Rating

We would like to extend our heartfelt thanks to all of our customers for taking time to assemble this product and giving us valuable feedbacks.

THANK
YOU
😊
