

My Comfy Table

USER INSTRUCTIONS

⚠ CAUTION

- Only adults should assemble or adjust the height of your **My Comfy Table**.
- To avoid injury, do not climb, sit or stand on the **My Comfy Table**.
- **My Comfy Table** is not intended for use by children under age 4.
- Weight load must not exceed 30 pounds. Weight should be evenly distributed on the surface of your **My Comfy Table**.
- Do not use **My Comfy Table** to support babies or children.
- Do not use **My Comfy Table** with legs set at different heights.
My Comfy Table surface should be horizontal while in use.
- Never attempt to adjust **My Comfy Table** height while table is in use.

ASSEMBLY:

⚠ WARNING

**READ ALL INSTRUCTIONS BEFORE ASSEMBLING.
ASSEMBLY REQUIRES NO TOOLS.**

Table includes 3 pieces:

- 1 Table Top with built-in Base Bar (with Spring Clips) and Support Bar
- 2 “L” shaped Metal Legs

1. Place Table Top on floor with bottom side up.
2. Pull up Base Bar from Table Top. Lift up Support Bar and slide each end into the large holes on the Base Bar.
3. Slide each “L” shaped Leg Piece onto each end of Base Bar; squeeze Spring Clips together with your fingers so Legs slip fully onto Base Bar (release Spring Clip once Leg starts to over take the Spring Clip to ensure fingers are not pinched). Repeat as necessary to adjust height.
4. Flip **My Comfy Table** over and begin using. Wipe clean before first use.

USING My Comfy Table:

Your **My Comfy Table** can be adjusted to 6 different heights from 21¼” up to 28¾”. To adjust height, turn table over and place flat on floor, squeeze Spring Clips together with fingers allowing Leg Pieces to move up and down freely. Push or pull leg pieces to reach desired height, then allow Spring Clips to snap into the appropriate holes to secure Leg Pieces.

The **My Comfy Table** can be used as a Laptop Workstation, a Kid’s Homework and Play Station or a Mobile Desktop. Or use your **My Comfy Table** for studying, reading, writing or playing cards or games. The **My Comfy Table** is ideal for use anywhere that space is limited.

My Comfy Table

USER INSTRUCTIONS

By placing the **My Comfy Table**'s legs under your couch it can be used as a handy TV tray that can be utilized much closer to the couch than ordinary TV trays. Eating will be more comfortable and spill will be avoided when you begin using your **My Comfy Table** for TV room meals.

By removing Leg Pieces and securing the Base Bar and Support Bar to the underside of the Table Top (See **STORING YOUR My Comfy Table** below), **My Comfy Table** can be used as an in-bed serving tray. Use convenient side handles to pick up or carry the table.

The **My Comfy Table** can easily be wiped clean with a wet cloth. Food stains should be cleaned using a mild dish washing detergent and wet sponge.

WARNING

ALWAYS INSURE THAT SPRING CLIPS PROTRUDE FULLY FROM HOLES BEFORE USING YOUR My Comfy Table.

STORING YOUR My Comfy Table:

1. After removing all items from Table Top, flip the **My Comfy Table** over and place firmly on floor.
2. Squeeze Spring Clips together while twisting the Leg Pieces inward. Once each Leg Piece is twisted, push it down until one end of Spring Clip protrudes from the hole on the side of each Leg.
3. Push Support Bar inward to remove from holes in Base Bar. Once removed from Base Bar, slide Base Bar forward.
4. Next, slide Support Bar down so that it slides under Base Bar and is horizontal with underside of table top.
5. Push Leg Pieces down but **DO NOT** snap legs into rounded groove holders on underside of table top - Only snap Base Bar with no legs attached into rounded groove holders. If Base Bar with Legs attached are snapped into the groove holders, it will likely damage the groove holders so they will not hold the Base Bar when being used as a portable tray.
6. **My Comfy Table** can now be stored in any 3" space such as under a bed or couch, in a closet or tight space, or against a wall.
