Base Type: G9

Light Source Included: NO

Voltage: 120VAC

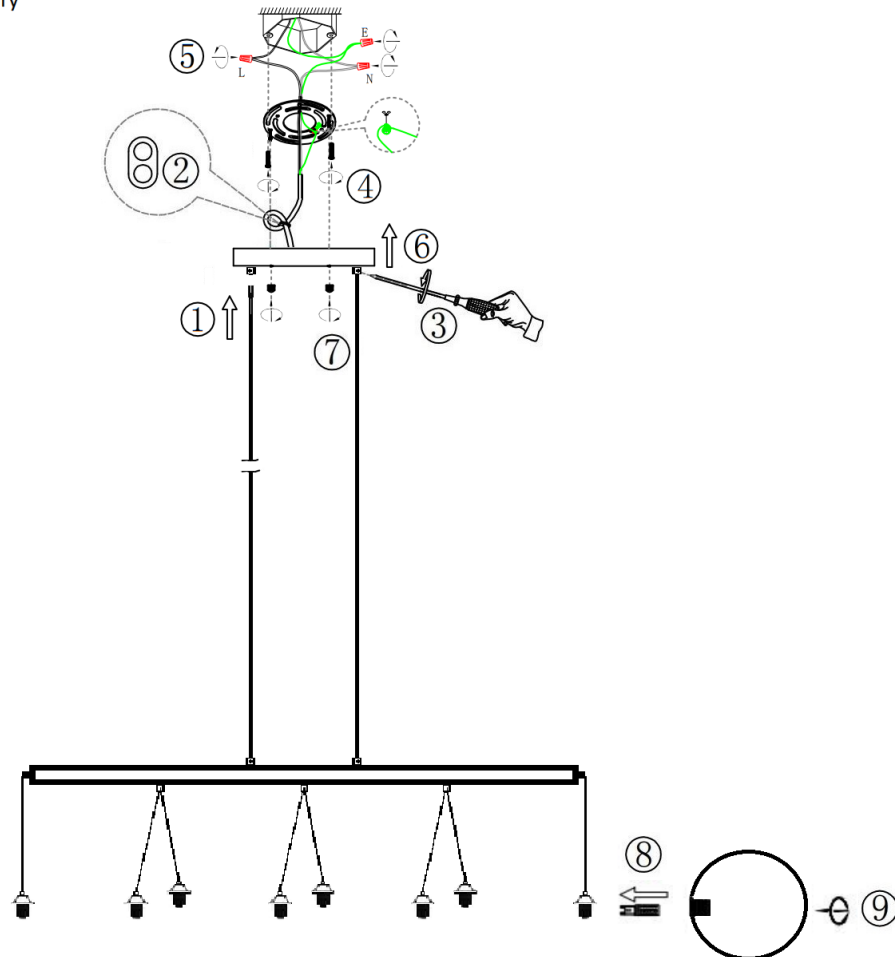

Wattage: 25W

Package includes

1 x Chandelier Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions

1. Pass the electrical wire through the lock hole of the metal box.
2. After the wire goes through the ceiling panel, install the figure-eight clamp to prevent pulling.
3. Tighten the plastic screws to secure the wire to the fixture.
4. Use the screws from the accessory pack to fix the mounting plate onto the junction box.
5. Use wire connectors to connect the main circuit on the ceiling panel to the reserved ceiling wires: black for live wire L, white for neutral wire N, and green for ground (note: one wire is used for suspension and should not be connected to power).
6. Cover the entire metal box over the mounting plate (the screws of the mounting plate should protrude through the ceiling panel).
7. Tighten the decorative nuts onto the exposed screws of the mounting plate.
8. Insert the bulb into the socket (bulb not included).
9. Screw the lampshade onto the lamp cup (do not overtighten when securing the lampshade).

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
