

ASSEMBLY INSTRUCTIONS

We're glad you're here.

Assembly is beginner-friendly and straightforward.

You do not need any tools for installation.

And now, here we go.

Step1: Unpack after moving the product to the living room area.

Step2: Peel off the packaging film. Do not cut with a knife to avoid scratching the sofa.

Step3: Unpack slowly to prevent the compressed sofa roll from springing open suddenly.

Step4: Allow 48 hours for natural expansion.

Step5:

Insert the metal cup holder into the recessed slot on the front side of the armrest.

Step6:

Use the hook-and-loop straps to secure the backrest to the armrests when used as a sofa.

Step7:

When used as a bed, use the hook-and-loop straps to secure the armrests, seat cushions, and footrest.

Care & Maintenance

- 1) Avoid contact with hot objects, such as boiling water and electric irons, to prevent deformation and damage.
- 2) To avoid scratches, such as knives and scissors, prevent them from getting cut.
- 3) Avoid sun light Shining It directly so as to prevent cover layer from changing color and aging earlier.
- 4) If the fabric becomes stained, it can be cleaned by either hand washing or machine washing.
- 5) If the sofa is smelling, please try to air it 24-48 hours and the smell will give away.
- 6) To avoid pilling or deformation of the fabric, do not use violent scrubbing or brushes.
- 7) Please use the specified detergent to wipe and avoid using bleach or bleach containing chlorine prevent fading and aging of the fabric

Warm tips : Material certified according to OEKO-TEX® STANDARD 100
