WARRANTY

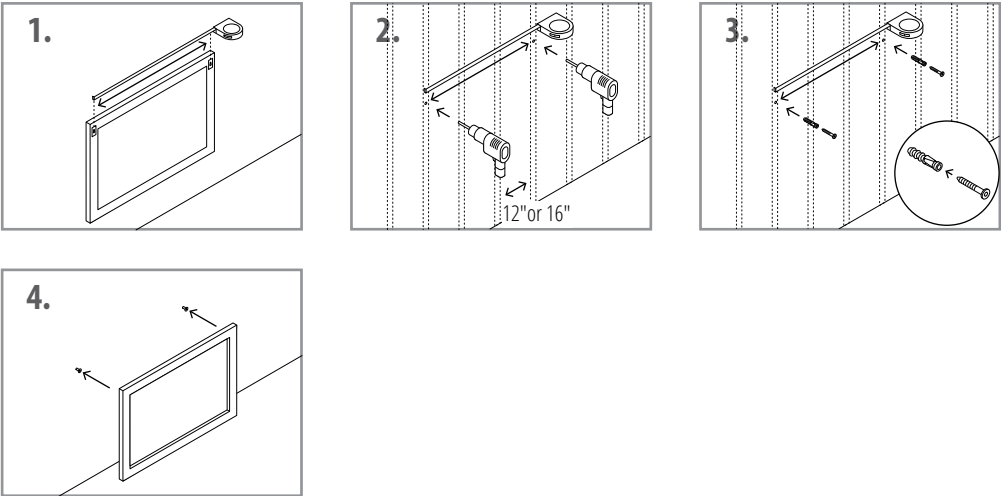

Attaching Counter Top To Cabinet

Installing The Drain On The Sink

Hanging Mirror On The Wall

SAFETY AND PRECAUTIONS

- Please go through this entire manual before attempting to assemble, operate or install the product.
- During installation, handle the integrated countertop and sink with optimum care.
- Do not use the vanity instantly after installation. Once you have applied glue to attach the countertop and sink, wait for approximately 24 hours to let it dry.
- Avoid extreme hot then cold water on the glass sinks and countertops, as it might damage it.
- When scrubbing the cabinet, make sure you do not remove or scratch the finish.

CARE AND CLEANING

- Having your entire sink and countertop as one, non porous material, makes it extremely easy to clean and maintain.
- Avoid using any type of rough cleaning material on top of the cabinet finish.
- Use mild liquid soap and water-dampened soft cloth to remove stains from the cabinet and to clean the countertop.
- For the glass part of the mirror, use ammonia-free cleaning products.
