### Parts List

|                         |                                                                                     |                     |                                                                                   |
|-------------------------|-------------------------------------------------------------------------------------|---------------------|-----------------------------------------------------------------------------------|
| Ax1<br>Mounting bracket |    | Hx1<br>Fixture body |  |
| Bx3<br>Wire Nut         |    | Ix6<br>Bulb         |  |
| Cx2<br>Outlet box screw |    | Jx105<br>Marble     |  |
| Dx1<br>Canopy           |    |                     |                                                                                   |
| Ex1<br>Canopy ring      |    |                     |                                                                                   |
| Fx1<br>12"rod           |  |                     |                                                                                   |
| Gx1<br>6"rod            |  |                     |                                                                                   |

1

Rotate clockwise to fix the 6"rod (G), the 12"rod (F), Canopy(D), Canopy ring(E) and the previous Mounting bracket (A) to the outer teeth of the Fixture Body (H)

2

Fix the Mounting bracket(A) to the junction box with Outlet box screw (C).

### 3 Wire connection

Connect fixture neutral wire (ribbed) to the outlet box neutral wire (usually white) using a wire nut.

Connect fixture hot wire (smooth with markings) to the outlet box hot wire (usually black) using a wire nut.

CAUTION: Do not reverse the hot and neutral connections inserted properly.

Grounding Instructions:

Wrap ground wire from outlet box around green ground screw on mounting bracket, no less than 2" from wire end. Tighten ground screw. If fixture is supplied with a ground wire, connect to outlet ground wire with a wire nut.

### 4

Attach the canopy (D) to the mounting bar (A), secure with the Canopy ring (E)

### 5

First insert the Bulb (I) into the Lamp Holder, and then turn clockwise to fix the Glass (J) to the outer iron of the Lamp H.
