

Assembly Instructions for Model 221715617

STEP 1
As in the video, install the screws of the backplate.

STEP 2
Take the backplate to fix the position on the ceiling, then drill holes, and then put the white nails in.

STEP 3
As shown in the picture, install the screws on the backplate.

STEP 4
Hold the backplate close to ceiling.
Connect one supply wire with one of the two wire strands from fixture.
Connect the other supply wire with the other wire strand from fixture.

STEP 5
Tighten the screws of the backplate to fix the backplate on the ceiling, and then install the lampshade to complete.
