ASSEMBLY INSTRUCTION

⚠ Disclaimer

To Valued Customers:

Thank you for purchasing furniture products from our store. To ensure your safety and the best user experience, please read and understand all the contents of this notice carefully before installation and use. Once you start installing or using this product, it is deemed that you have accepted all the following terms.

I. Regarding Installation

●**Professional Installation Recommendation:** For large, modular, or wall-mounted furniture, we strongly recommend that you hire qualified professionals for installation. Self-installation may involve risks.

●**Self-Installation Liability:** If you choose to install the product yourself, it means that you confirm you have the corresponding installation capability and voluntarily assume all risks and responsibilities arising from improper installation, including personal injury and property damage. Improper installation includes, but is not limited to, damage to product components due to ignoring installation instructions during the installation process, loose, missing, or wrong installation of connectors, and obvious instability such as tilting and shaking due to improper placement after installation.

●**Follow Official Instructions:** Installation must strictly follow the steps in the Installation Manual and diagrams provided with the product. Do not rely on any installation guidance from unofficial channels. Our company shall not be responsible for any problems caused by failure to follow official instructions.

●Safe Installation Environment: Please carry out the installation in a spacious, bright, and well-ventilated environment and use appropriate tools. During installation, please keep children and pets away from the work area to prevent accidental ingestion of small parts or accidental injuries.

II. Regarding Usage

●**Weight Capacity Limit:** Please strictly comply with the maximum weight capacity limit indicated on the product. Overloading may cause structural damage, deformation, or overturning of the furniture, leading to serious accidents. Our company shall not be responsible for any consequences arising therefrom.

●**Wall Mounting (Mandatory Requirement):** To prevent furniture overturning accidents, especially when there are children at home, you must use the anti-tip devices provided in the product package to permanently connect and fix the furniture to a solid wall. If the fixing devices are damaged or substandard, please contact us immediately through the purchasing platform to obtain replacement parts.

Special Warning: The fixing method must fully comply with the requirements in the manual. Failure to fix as required may cause the furniture to overturn, resulting in serious injury or death. Our company shall not be responsible for any furniture overturning and all consequences caused by failure to perform wall mounting or improper fixing.

●**Regular Inspection and Maintenance:** It is recommended that you regularly (especially in the early stage of installation and after moving) inspect and tighten all connectors (screws, bolts, etc.) to ensure the structural stability of the furniture (see the maintenance method in the manual for details). Problems caused by neglect of inspection and maintenance are not covered by the warranty.

●**Proper Use and Placement:**

Place the furniture on a flat and solid floor.

Do not use the furniture for purposes other than its designed use (for example, standing on drawers or shelves, using a chair as a ladder, etc.).

Do not place heavy objects such as televisions or items that attract children on the upper part of the furniture.

Avoid placing the furniture in humid, sun-exposed, or extreme temperature environments to avoid affecting the product's service life or structural stability.

III. Liability Limitation

Our company provides warranty services for product quality in compliance with platform policies and relevant regulations. However, our company shall not be legally responsible for any direct or indirect personal injury, property damage, and other incidental losses caused by the following reasons:

Failure to comply with the requirements of this notice, the official Installation Manual , or product labels;

Misuse, abuse, negligence, or unauthorized repair or modification without our company's authorization;

Improper installation (whether carried out by the user or a third party not designated by our company);

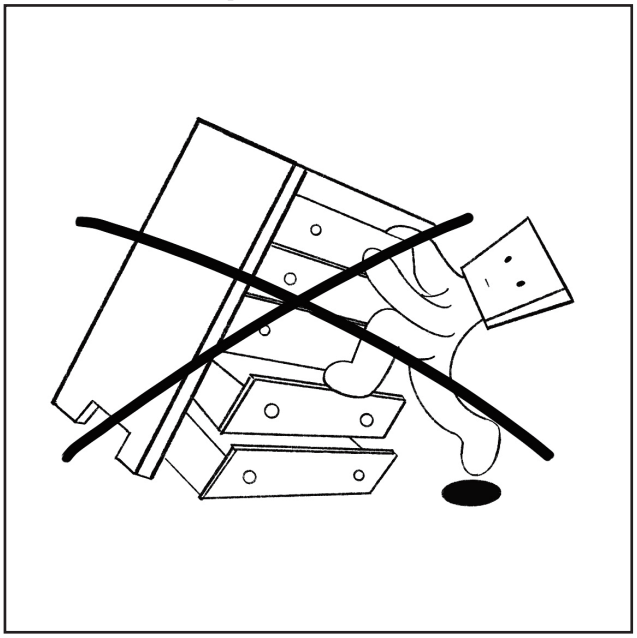

Force majeure events.

Safety first, prevention is better than cure. We wish you a pleasant use!

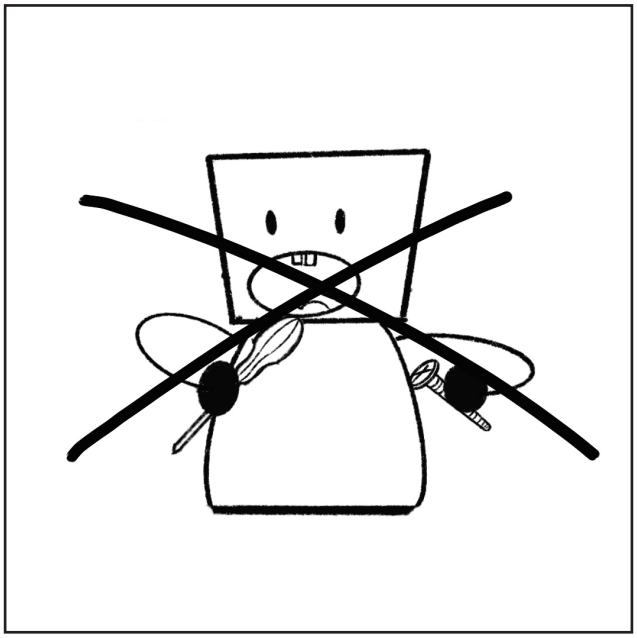

Electrical Safety Precautions

- **Do not** use damaged power plugs or loose power sockets.
- **Do not** move the product by pulling the power cord.
- **Do not** forcibly bend the power cord or place it under heavy objects.
- If the power socket is wet, carefully unplug the product's power plug.
- **Do not** touch the power plug with wet hands.
- Unplug the product's power plug before maintenance.
- For electrical products not in use for an extended period, ensure the power supply is disconnected.

Children should use this product only with adult supervision.

DO NOT CLIMB OR HANG

DO NOT PLAY WITH OR SWALLOW SMALL PARTS

Installation of Anti-Tip Device Kit:

1. For the safety of you and your family, the **Anti-Tip Device Kit** must be installed.
2. For products with wheels, it is recommended that the A**nti-Tip Device Kit** be installed.

Weight Capacity:

-**Do not** place items exceeding the maximum weight capacity of the product. (For the product's weight capacity, please refer to the product link.)

Usage Scenarios and Maintenance Methods

- **Do not** place the product in a humid environment.
- Avoid direct exposure to high temperatures and keep it away from heat sources.
- Clean and maintain the product regularly.
- Place it on a flat surface. When moving is required, ensure that at least two people lift it together.
- Check the condition of screws regularly. If any screws are loose or fall off, reinforce them promptly.

Wooden products

Preparation before Installation

–Please read the assembly instructions carefully before installation and keep this manual for future reference. Check that all compo–nents are complete, including panels, hardware fittings, screws, plastic parts and other small components.
Ensure that **only adults** perform the installation, and keep children away from the installation area.

Notes

- Avoid prolonged exposure of the furniture to direct sunlight or proximity to heating appliances to prevent local discoloration and fading.

- **Do not** allow easily combustible or oxidizable items to come into direct contact with the furniture surface, as this may cause chem–ical reactions and damage the furniture finish.

- Climbing or playing on the product is prohibited to avoid acciden–tal injury. **Do not** use the product as a support or stand on it for high–altitude operations.

- **Do not** forcefully open or close the furniture doors and drawers. Use appropriate force during operation to prevent loose connec–tions.

- When moving the furniture, remove all items inside the cabinet and secure movable parts such as doors and drawers to prevent the furniture from tilting or parts from falling and causing injury. Never drag or push hard during movement to avoid loose fasteners or broken parts. The product must be lifted off the ground by multiple people simultaneously; ensure safety during handling.

- When children use this product, adult supervision is required to ensure safe use.

- Strictly use anti–tip components as specified in the instruction manual.

- **Do not** slide hard objects directly on the furniture to avoid scratching the surface; prevent hard objects from colliding with the furniture to protect its surface from hard scratches.

- Avoid prolonged contact of panel edges with water or liquids, as this may cause panels to absorb moisture and swell.

- Avoid prolonged exposure to high temperatures, as it may cause surface bulging on vacuum–formed/laminated components.

- **Do not** use any acidic or corrosive cleaners for surface cleaning.

- Secondary drilling is not recommended, as it may damage the internal structural strength.

Maintenance Methods

(1) Regularly remove dust from the furniture surface with a soft cloth or wool brush to prevent dust from scratching the paint finish.

(2) If there are water stains on the product, wipe them dry with a dry cloth immediately. Do not allow moisture to remain on the furniture surface to avoid long–term dampness.

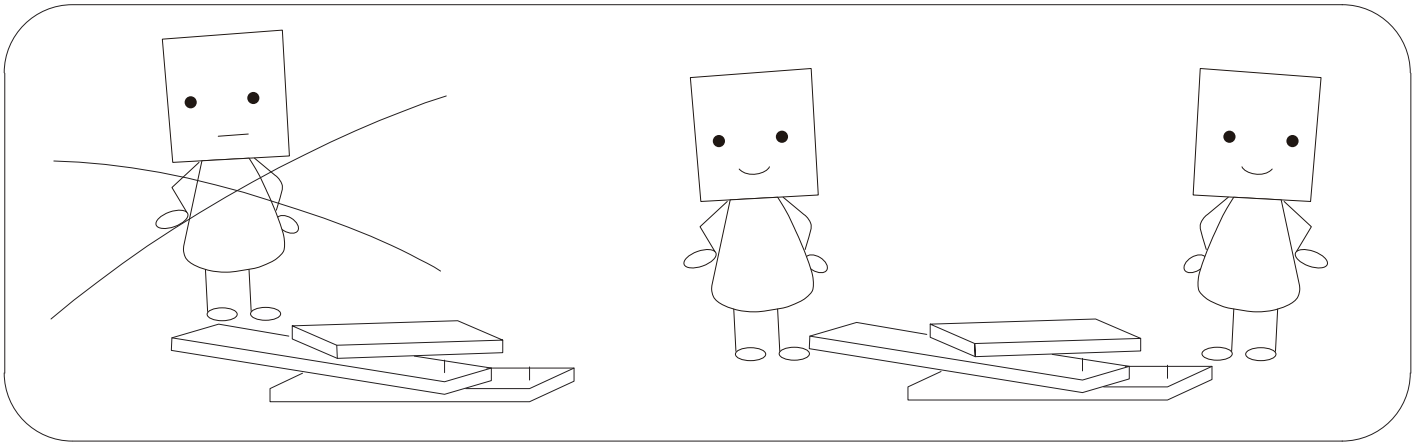

(3) If the environment where the product is placed is humid, it is recommended to place dehumidifying products inside the cabinet.

(4) Place high–temperature or frozen items on the product only after placing a heat–resistant mat underneath. For heavy or hard items, use a soft decorative tablecloth or felt pad on the surface to provide protection.

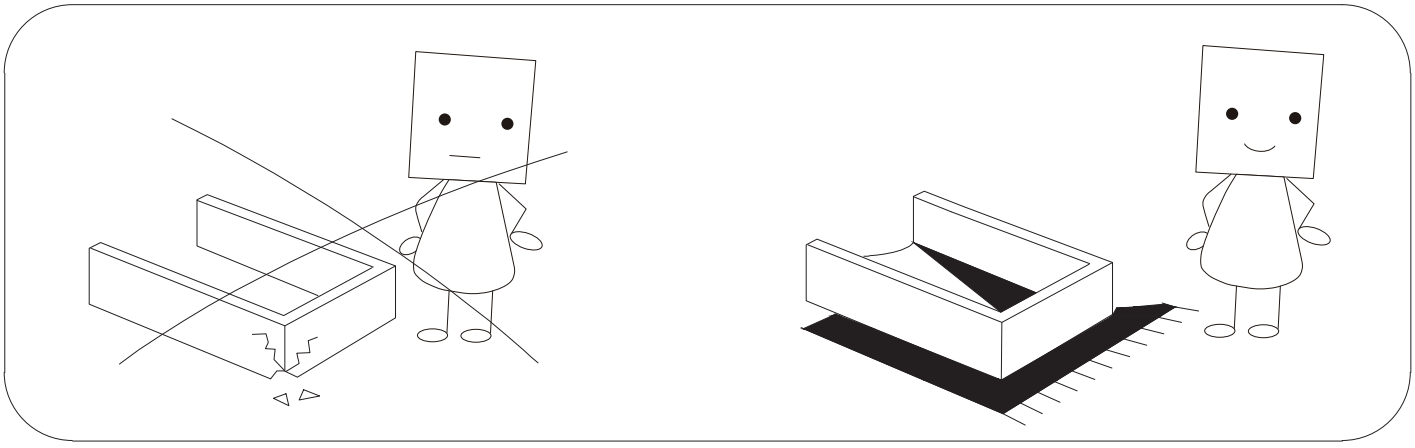

(5) Lubricate connectors: Regularly lubricate moving parts (such as hinges and slide rails) to maintain flexibility.

WARNING

Need Two Or More People To Complete

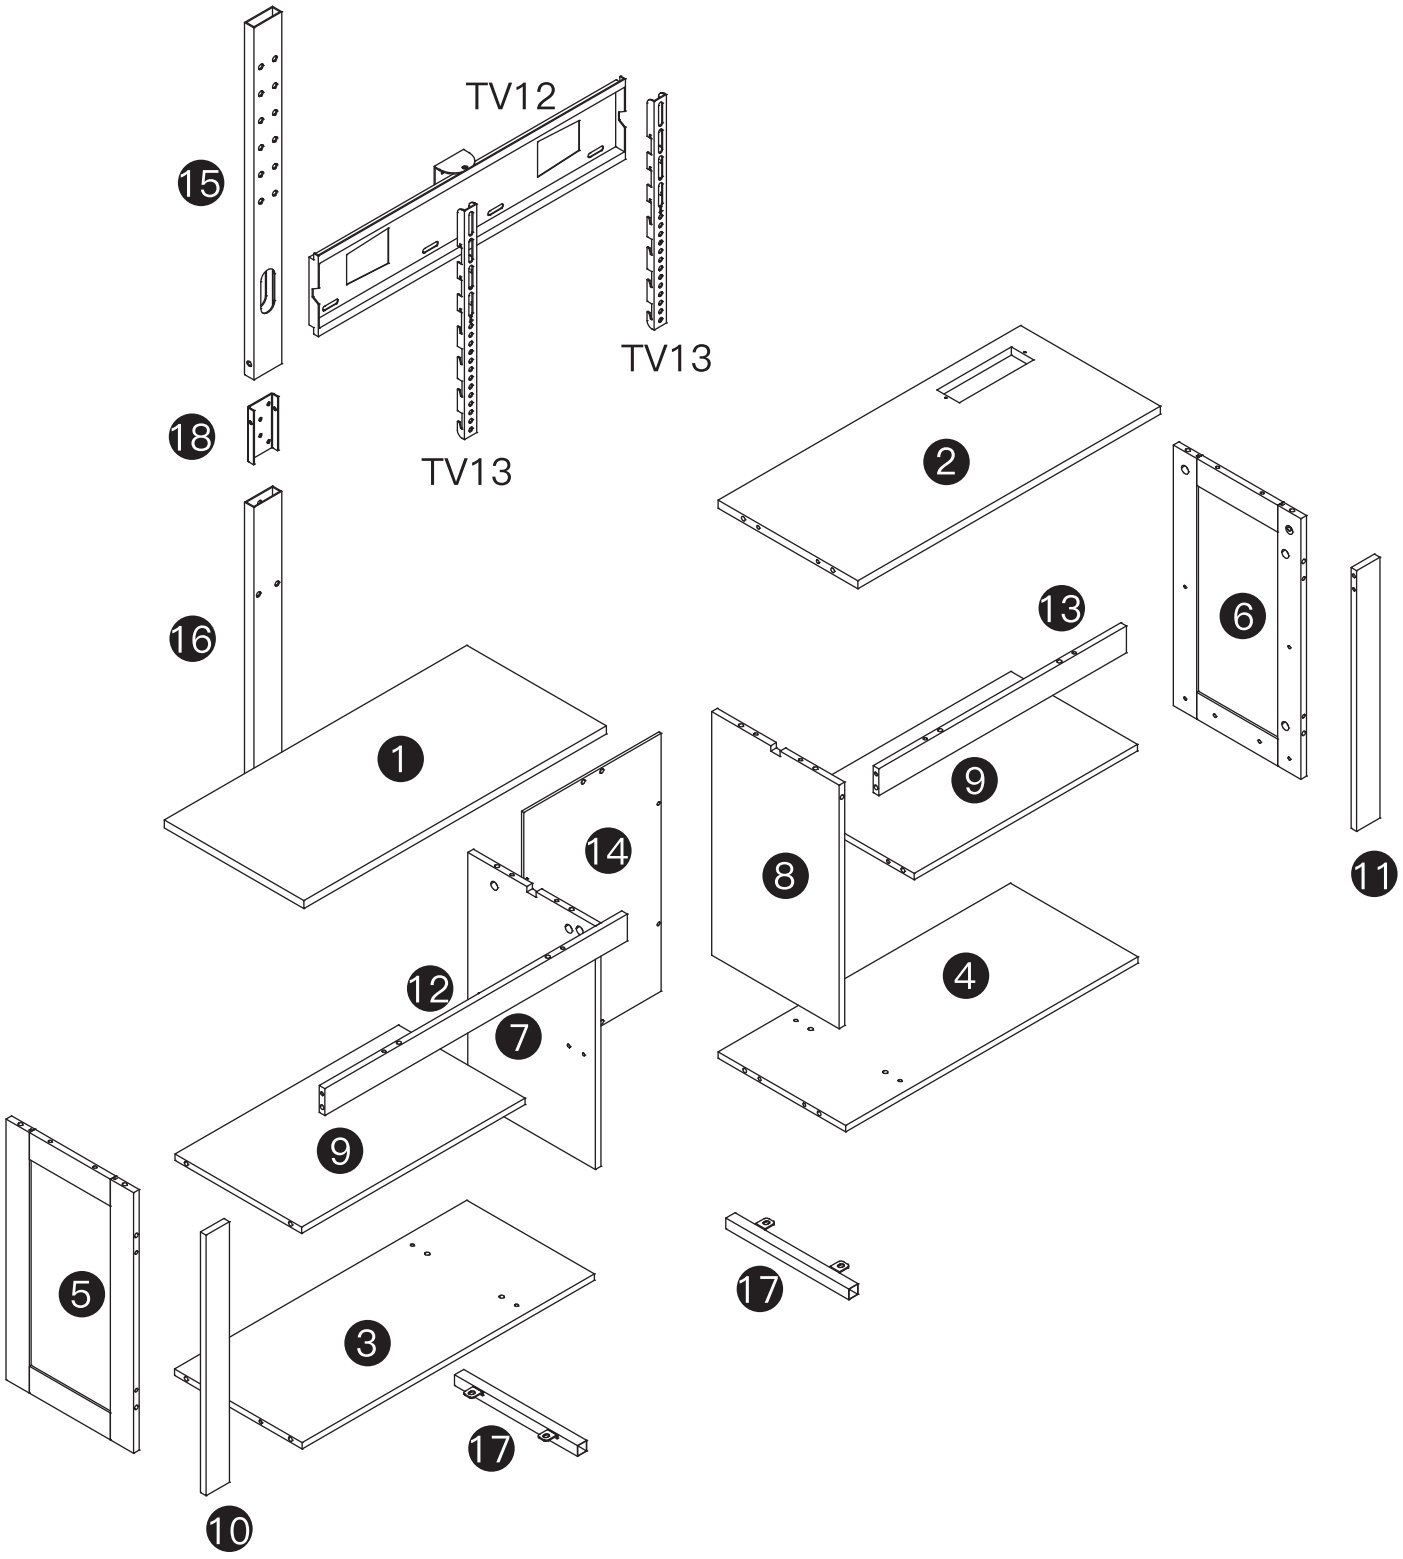

Assemble Item On a Clean Flat Surface

- Please check you have all hardware before assembling.
