

Remove mattress from plastic.

Insert the mattress and liner into the cover.

Two sizes of the straps are included.

Determine the best size strap for your crate.

Fold the Velcro in half.

Insert folded Velcro, logo side up in the loop hole located on bottom of crate pad.

For crate pads used without a tray (recommended), place the straps on the bottom side of the crate. For crate pads used with a tray, place the Velcro as low as possible on the side corner to keep dog from having access to the strap.

There are 3 openings in the buckle.

Feed the Velcro through Opening #1.

Feed the Velcro through Opening #3.

Pull as tight as possible and attach the Velcro.

No tray

With tray
