Heavy-Duty Dual Monitor Arm For Screens Up To 35"

Create your perfect immersive gaming station or a professional multi-screen desk set-up with this premium desk mount for two large monitors up to 35" in screen size and 44 lbs in weight. Its reinforced, heavy-duty tilting and gas spring mechanisms allow for smooth and stable adjustment of large screens. With integrated cable management and detachable VESA plate.

- Heavy Duty design fits ultrawide and curved monitors up to 35" and 44 lbs each
- RGB lighting on base and along the arms
- Sturdy 2-piece clamp or grommet mounting
- Full motion adjustment
