

## Etienne Sideboard

111313

The Etienne Sideboard boasts a linear profile with a moody design. Constructed from a black oak veneer with solid black oak wood legs and a matching rope covering on the doors. Antique brass aluminium handles complement the piece. As wood is an organic, porous material, these pieces will contain natural variation of texture and may also exhibit fine indentations and cracks. Wood pieces will also display a disparity of colour and grain, and visible knots and burls that add to the character of each piece.
