Table Football Packing List

Structural Overview

Table Football Packing List

Step 1: Assemble the main body

Assemble A+B glass into a whole through L-shaped fixing buckles;

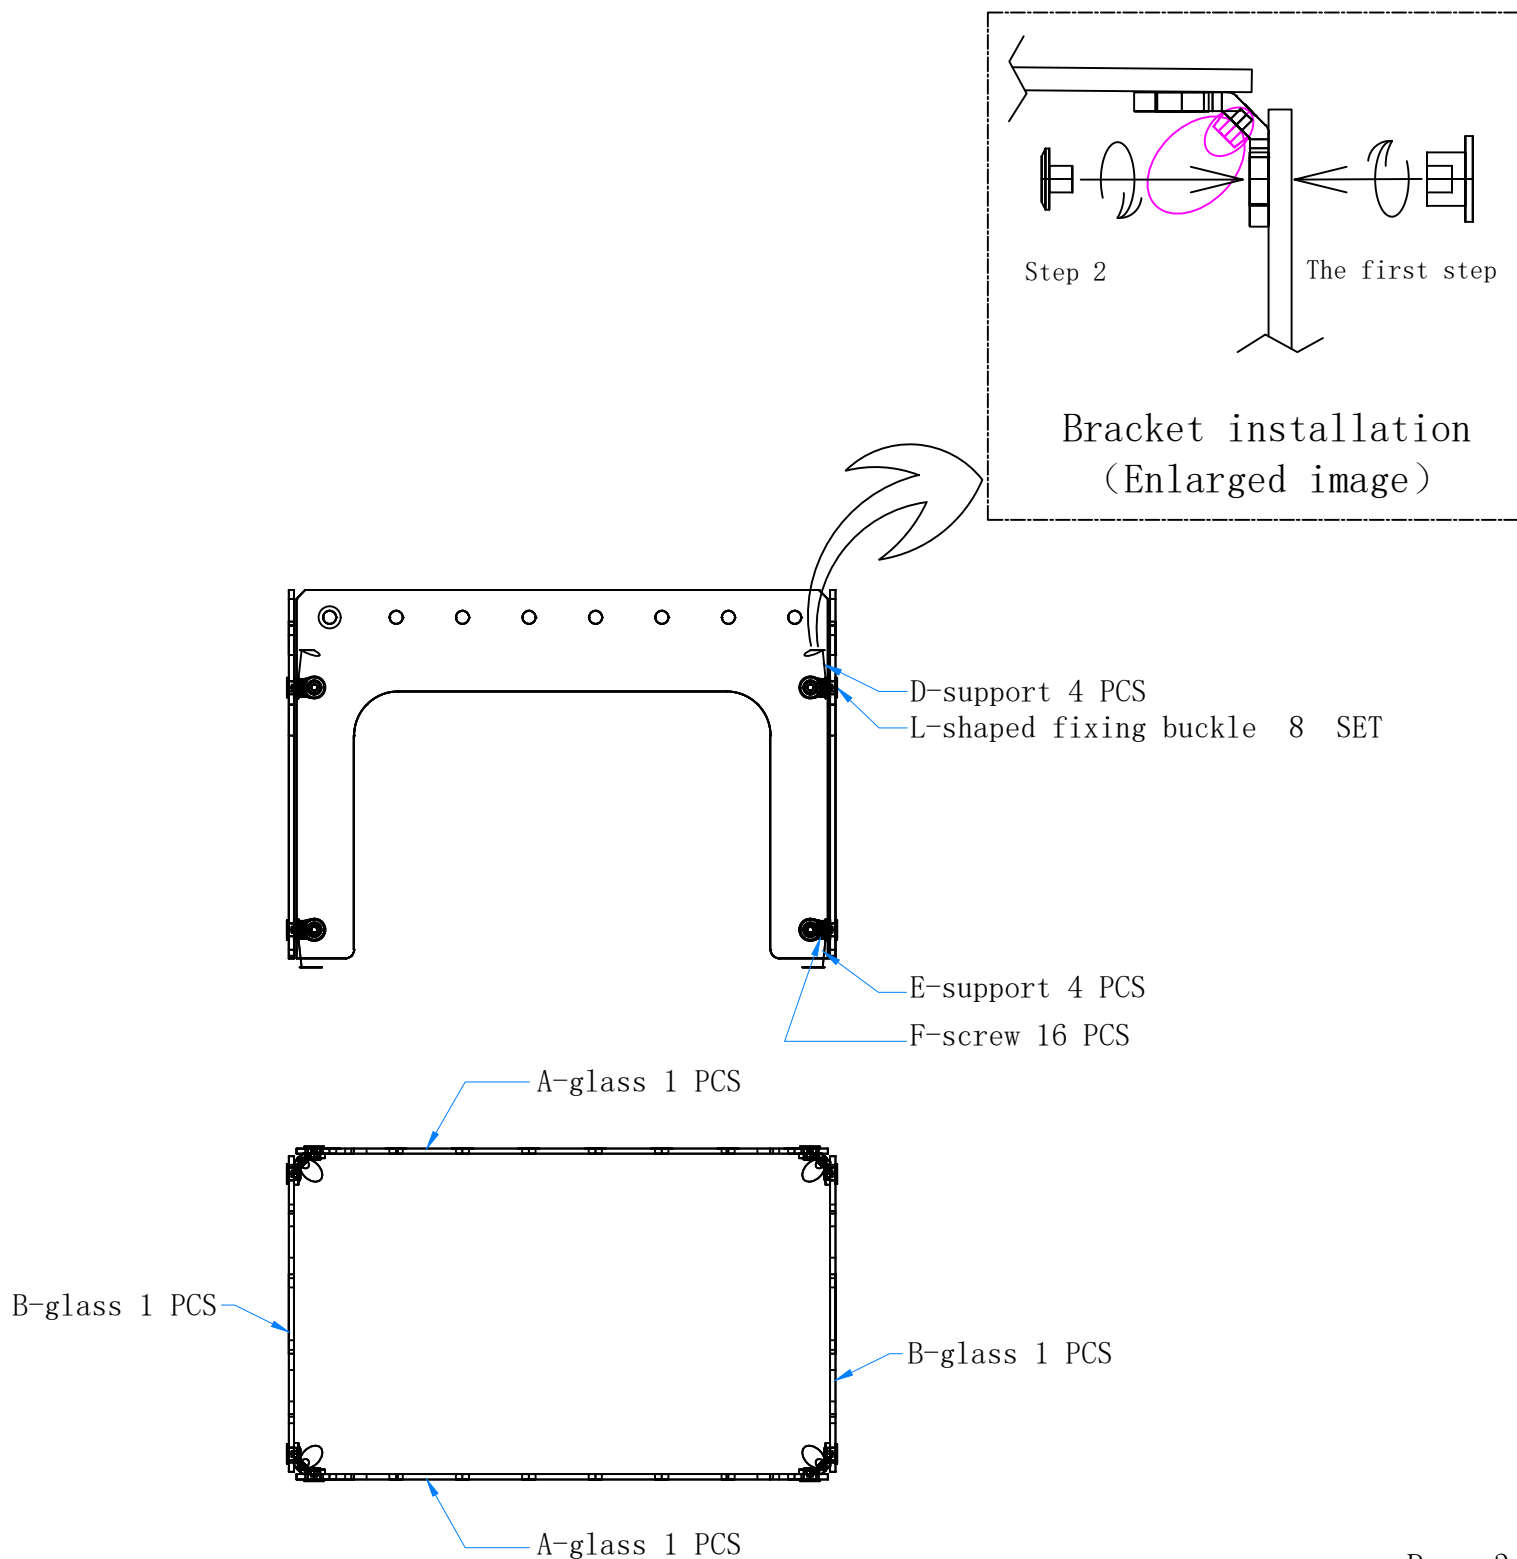

Table Football Packing List

Step 2: Install the surface glass

Place the C-glass on the D-support frame and adjust the glass position to be centered and stable;

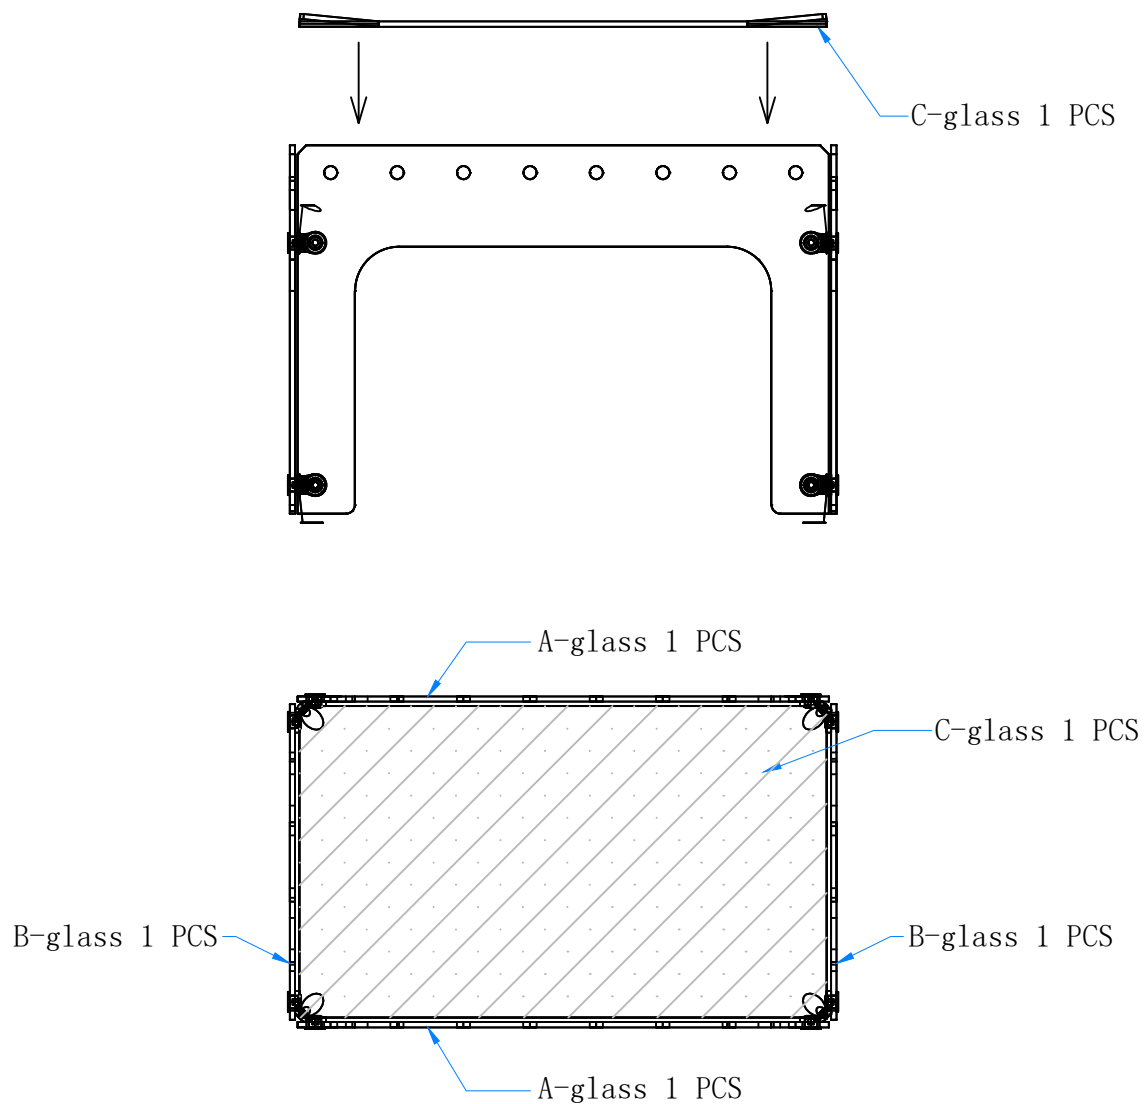

Table Football Packing List

Step 3: Install the crossbar and players

1. Insert the horizontal bars into the installation holes of the main frame in the order shown in the diagram, and install the athletes and shock absorbers in sequence;
2. After determining the position, use tools to fix the fastening screws on the athlete and shock absorber spring, ensuring that the athletes are all on the same plane (Choose between shock absorber spring and locator, which one is suitable for use);
