Blush Lines 1

D2197S43937-3541

Blush Lines offers an Impressionist view of a classically posed nude female as viewed from the back. A subtle use of color in shades of indigo, pale yellow, and tan wash over the contemplative focus. Formal brush and line techniques provide texture and depth to the work on canvas.

Neutral tones and a blurred outline combine into a graceful form in this classical figure-drawing. Part of the carefully curated ART by TA Collection, Blush Lines is a unique and exclusive work of art in an exquisite Silver Leaf Cap Frame.
