Recommendations Before Beginning Assembly

- Read instructions, cover to cover

- Have 2-4 adults on hand for assembly depending on product size

- Do not assemble directly on flooring or carpet

- Assemble on a clean non-marring surface (example: packing foam)

- Save all packaging until finished

3. Assembly Notice:

- If you encounter any problems during assembly and find that you cannot continue, rest assured we will help you solve the situation as soon as possible. Simply keep all of the parts of the product stored in a safe place and contact us immediately so we may assist you further.
- Once you have opened your package, remove all inner hardware packages and take the parts out. One by one, Place the parts out neatly in front of you, then refer to the instructions to ensure no parts are missing. If any pieces are found missing, please carefully look in the box first, as the hardware packaging might have torn making the

hardware spill in the box.

- Some key parts of your product may be stored and hidden inside of other parts. Please open any zippered or hook & loop storage compartments to remove all parts. (example: cushions and legs being stored in the underside of a sofa)
- **IMPORTANT:** When setting up your product, **DO NOT INSTALL THE SCREWS ALL THE WAY IN THE BEGINNING.** Place each screw into their proper hole and use your hand to twist the screw halfway. Twist all the screws in halfway to ensure the holes will match up properly and the product is level on the ground. When everything seems fitted, then tighten the screws.
- When you have completed assembly, we suggest you have more than one person to assist you with lifting and placing the product.
