Smart LED Bulb

WWW.OZARKE.COM

Thank you for shopping with Ozarké, we really appreciate your business. Our goal is to provide an excellent customer service before, during and after delivery. We've included a guide on how to install this light, should you require additional assistance please feel free to email us and one of our customer service reps will reach out to assist you.

You can reach us via email at info@ozarke.com or via phone at +1-(800) 604-7271

BEFORE YOU GET STARTED

When working with electrical wiring, follow these safety instructions to prevent injury or damage:

1. Turn off the power: Before starting any work, turn off the power to the area you will be working in.
2. Use appropriate tools: Only use tools designed for electrical work and in good condition.
3. Wear protective gear: Wear safety glasses, gloves, and other protective gear as necessary.
4. Test for power: Use a non-contact voltage tester to check for electrical current before touching any wires.
5. Avoid wet conditions: Do not work with electrical wiring in wet or damp conditions.
6. Keep a safe distance: Stay away from exposed wires or electrical components.
7. Seek professional help: Consult a qualified electrician if you are unsure about any aspect of electrical wiring or encounter any problems.

WARNING!

1. Do not use the power supply beyond the specified range (110V, 60Hz).
2. Avoid scratching the surface and wires of the light during installation.
3. Do not install the light outdoors.
4. The light should not be close to corrosive chemical objects or gases.
5. It should not be washed with water. It can only be wiped with a clean soft cloth.

Smart LED Bulb

Smart Lighting. Seamless Control.

Whether you're setting up your Ozarke Smart LED Bulb with Bluetooth or Wi-Fi, this guide walks you through everything you need to get started.

Please carefully read the installation guide version that applies to your bulb.

Choose Your Setup Type

- If your bulb uses Bluetooth, follow the steps under Part 1: Bluetooth Setup
- If your bulb uses Wi-Fi, skip to Part 2: Wi-Fi Setup

Part 1: Bluetooth Setup

What You'll Need:

- A smartphone with Bluetooth turned on
- The "Smart Life" or "Tuya Smart" app (iOS or Android)
- Power supply within 110V-240V range

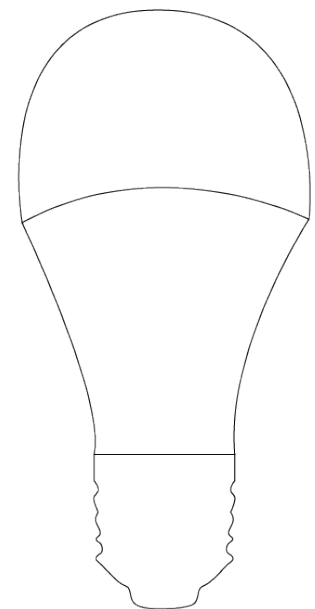

Installation Steps:

1. **Download the App:** Search "Smart Life" or "Tuya Smart" in your app store or scan the QR code below. It is compatible with iOS 7.0+ and Android 4.3+ with Bluetooth 4.0+
2. **Install and Power On the Bulb:** Screw the bulb into an E26/E27 socket. Turn it on. If the bulb doesn't blink rapidly, turn it off/on 5 times to enter pairing mode.
3. **Pair the Device**
 - Open the app and register/log in.
 - Tap the "+" icon → Add Device.
 - The app will search and connect to the bulb.
4. **Control the Light:** Once connected, you can:
 - Turn it on/off
 - Adjust color and brightness
 - Use scene mode or music rhythm features

Part 2: Wi-Fi Setup

What You'll Need:

- A 2.4GHz WiFi network (5GHz not supported)
- The "Smart Life" app (free for iOS & Android)
- Your WiFi password

Installation Steps:

1. **Install and Power On the Bulb:** Screw in the bulb and power it on. It should blink rapidly.
2. **Download the App:** Search for “Smart Life” on the App Store or Google Play. Install and log in or register.
3. **Pair the Bulb**
 - Tap the "+" icon → Choose Lighting (Wi-Fi)
 - Follow prompts and enter your WiFi password
 - Pairing may take up to 60 secondsIf the bulb doesn't blink, turn it off and on 3 times to reset it.
4. **Control Features**
 - On/off remotely
 - Brightness and color temperature control
 - Group control
 - Scheduling and timers
 - Voice assistant integration

Voice Control Integration

Alexa:

1. Open Alexa app
2. Enable “Smart Life” skill
3. Link your account
4. Ask Alexa to discover new devices

For Google Assistant:

1. Open Google Home
2. Tap “+” → Set up device
3. Link Smart Life and sync your devices
4. Sync devices

Specifications:

1. **Input Voltage:** AC 100–240V
2. **WiFi Support:** 2.4GHz only
3. **Control Method:** App + Voice
4. **Base Type:** E26/E27
5. **Compatibility:** Alexa, Google Assistant
6. **Modes:** RGB, Warm, Cool Light
7. **Location use:** Indoor only
8. **Safety:** CE certified
