CAUTION

- **Parts and Parts List:** Before you start, separate and identify all the parts and hardware to be sure that you have all the necessary parts for your building (refer to the Parts List Page).

If you find that a part is missing, please notify the seller within one week after receiving the product. Do not attempt to assemble the building if parts are missing because any building left partially assembled may be seriously damaged by light winds.

- **Tools you need:** Please tear off the safety protection layer before the assembly, keep the part number label if needed.

ASSEMBLY PREPARATION

Warning

- **Owner's Manual:** Please check local building codes regarding footings, location and other requirements before beginning construction.
- **Assembly instructions:** Reviewing all instructions and the appropriate information before you begin, make sure following the step sequence carefully for successful results.

ATTENTION

Warning

- Select a dry and calm day for your assembly. Team works (Two or more people) are required during the assembly. It is also recommended to finish the assembly in a day to avoid damage to the product or missing of some small parts.
- Wearing safety gloves, eye protection and long sleeves during the assembly to prevent injury. Pay attention to the sharp edge of some parts.
- Children and pets are not allowed entering into the construction site.
- Never concentrate your total weight on the roof of the building. When using a step ladder make sure that it is safe.

CARE & MAINTENANCE

- Keep the shed clean with soft cloth, use water if necessary.
- Clean the snow with necessary tools to make sure it is safe to enter into.
- The shed is not made for living but storing stuff.

Step 11

E5		X1	E6		X1
L		X2	V		X3

During this step, when installing Part E, do not tighten the screws immediately. Tighten the screws after both L parts have been clamped onto the E part.

(Durante este paso, al instalar la Pieza E, no apriete los tornillos inmediatamente. Apriete los tornillos después de que ambas partes L hayan sido sujetadas a la Pieza E.)
