Assembly Steps

Overview

This Barstool has multiple parts and may require up to 30 minutes to assemble.

To give you an overview of the Barstool parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Open the carton and place all the parts onto a clean, non-marring surface.
Place Backrest(A) on the ground, as shown in picture above.

Step 2

Attach Seat Panel(D) to Backrest(A) using Bolts(②) and Washers(⑤) with Allen Key(①).
Do not fully tighten the Bolts.

Step 3

Attach **Left Leg(B)** to Backrest(A) and Seat Panel(D) using Bolts(②) and Washers(⑤) with Allen Key(①).
Do not fully tighten the Bolts.

Step 4

Turn the partially assembled chair 180°.
Attach **Right Leg(C)** to Backrest(A) and Seat Panel(D) using Bolts(②) and Washers(⑤) with Allen Key(①).
Do not fully tighten the Bolts.

Step 5

Attach Footrest (E) between the Legs using Bolts(③) and Washers(⑤) with Allen Key(①).
Do not fully tighten the Bolts.

Step 6

Attach Footrest (E) between the Legs using Bolts(③) and Washers(⑤) with Allen Key(①).
Do not fully tighten the Bolts.

Step 7

Place the Barstool on a **LEVEL SURFACE** to check for wobbles.
If it wobbles, adjust the Legs Pre-installed Levellers until the Barstool is level with the ground.
Adjust the levellers to the desired height to avoid wobbles.
When the Barstool is level proceed to tighten all Bolts at all joints.
When tightening the Bolts, tighten sequentially.
DO NOT tighten any Bolt fully and then move on to the next one.
This would cause the frame to warp.
If the Barstool is not stable it could lead to damage to the product.

Step 8

Add the Bolt Caps(I) on the eight Bolts(④) as shown in the picture above.
Your Barstool is ready for use.
This Barstool can only be used on a flat, level surface.

What is Proposition 65?

Proposition 65 is a California law that requires warning labels on products that may contain one of more than 800-plus chemicals or ingredients that the California Office of Environmental Health Hazard Assessment (OEHHA) has deemed to cause cancer or other reproductive toxicity. Chemicals and elements on this list include wood dust, brass, and other everyday substances, which can be found in very common household items, such as: lamps, tableware, jewelry, crystal glasses, electric cords, beauty products, automobiles, and furniture.

Why Did I Find a Proposition 65 Warning on My Home Goods Product?

We include Proposition 65 warnings on all of our products because there is always a chance that one of the 800-plus common chemicals and ingredients listed under this law could potentially be on our furniture or packing materials. We risk large fines under this law, if we don't include this warning.

Should I worry?

We realize you may be worried finding this warning on our products, but we want to reassure you that the hazardous exposure limits for any of these chemicals have never been found on furniture products that we've shipped to our customers. Additionally, this warning label is very common and can be found on almost every piece of furniture sold in the state of California.

Just How Common Are Proposition 65 Warnings?

Proposition 65 warnings have become so common in California that it is hard to take a trip to a local bank, grocery store, or restaurant without finding at least one warning. In fact, even the Disney Land Resort has a Proposition 65 warning:
