**Product Description:** With chic curvy legs and a chunky base, the Prause Gate Leg Table is reminiscent of European antiques brought to this country by immigrants during the time of America's westward expansion. This character-filled piece is also practical. Put the drop leaves down for a snug fit next to the sofa, but raise them up to use this piece for an extra table top or serving surface. Finished in the dreamy Blue Bonnet, a soft blue accent finish with a rubbed patina and distressing.

**Collection Features:** Taking the next step in creating a Hill Country family of collections, Hooker Furniture has introduced LaGrange. The anthology of bedroom, living room, dining room, occasional and home office furniture is inspired by the Hill Country region of Texas, including the town of LaGrange, one of the stops made by the Hooker Furniture design team in search of inspiration. The collection includes heavily distressed oak and hickory surfaces, extensive carving and scroll work, aged metals, sedimentary stone and primitive textiles. Each piece has a unique story to tell, while still retaining the authentic American character of the original collection. LaGrange is updated with a fresh new personality, brought to life by four distinctive finishes and modern conveniences for the lifestyles of today.

**Status:** Active

**Finish:** Blue Bonnet, a soft blue accent finish with a rubbed patina with distressing. Distressing includes rasping and gouging.

**Features:** Two drop leaves

Legs extend to support leaves when open  
Levelers

**Material:** Pecky Hickory Veneer and Solid-Wood Edge Top

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
