Thank you for purchasing this item,please read this
instruction guide carefully before assembly and keep it for future reference.
THE TOOLS YOU NEED TO PREPARE

WARNING

 • Remove all parts from the box and sort them by number. Ensure all parts are present before assembly.

 • Wear work gloves, long sleeves and safety goggles during assembly. Some components contain sharp edges that may cause damage.

 • Set your drill's torque limit to prevent damage to the metal parts.
 • Ensure ground stability is adequate when necessary to use a ladder. Never rest your entire weight on the roof or on any other part of the storage shed.

 • Do not attempt to assemble the storage shed in strong windy conditions.
 • Keep children and animals away from the assembly site.

Part List
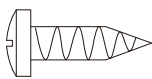

The parts are stacked together for easier transportation. When you think something is missing, please try to separate every part first and check.
