(1 pc)

(Continued on back)

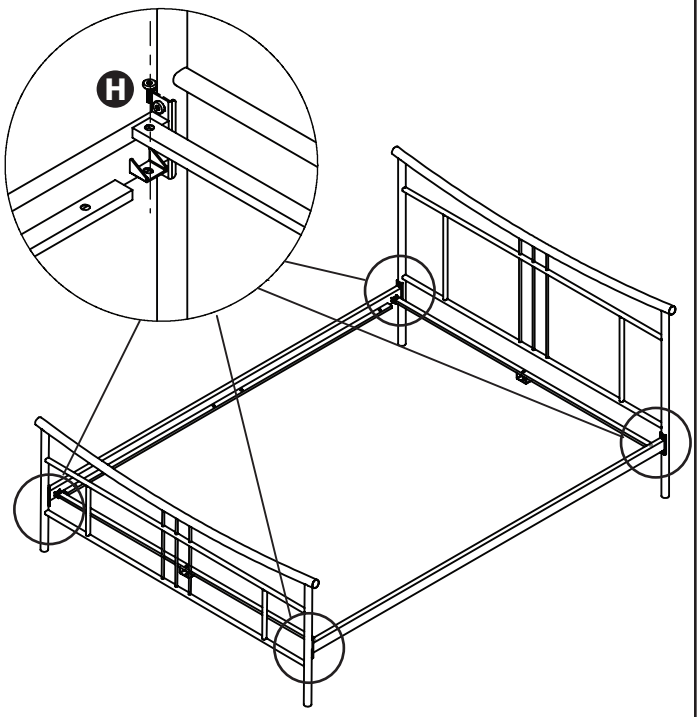

ASSEMBLY INSTRUCTIONS

STEP 1

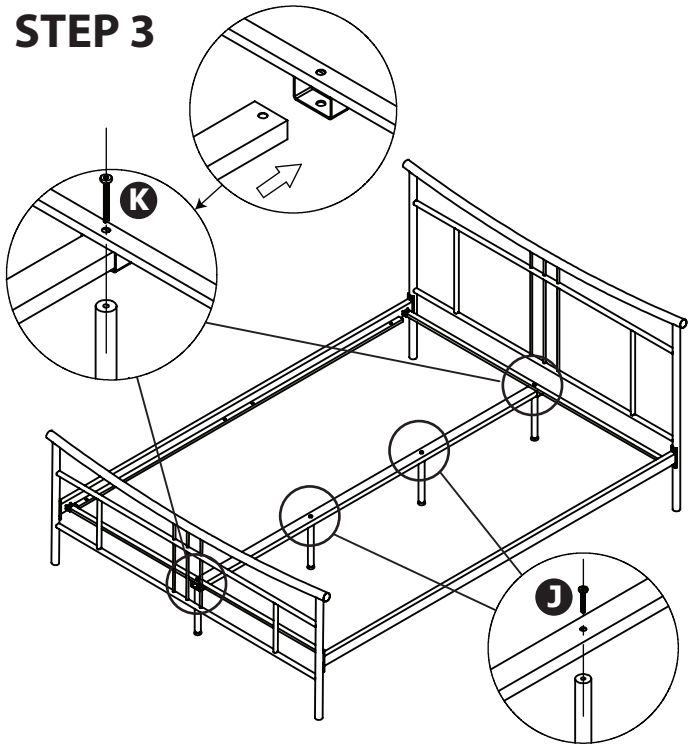

Attach the Siderails (Part C) to the Headboard (Part A) and Footboard (Part B) using 20mm bolts (Part H).

STEP 2

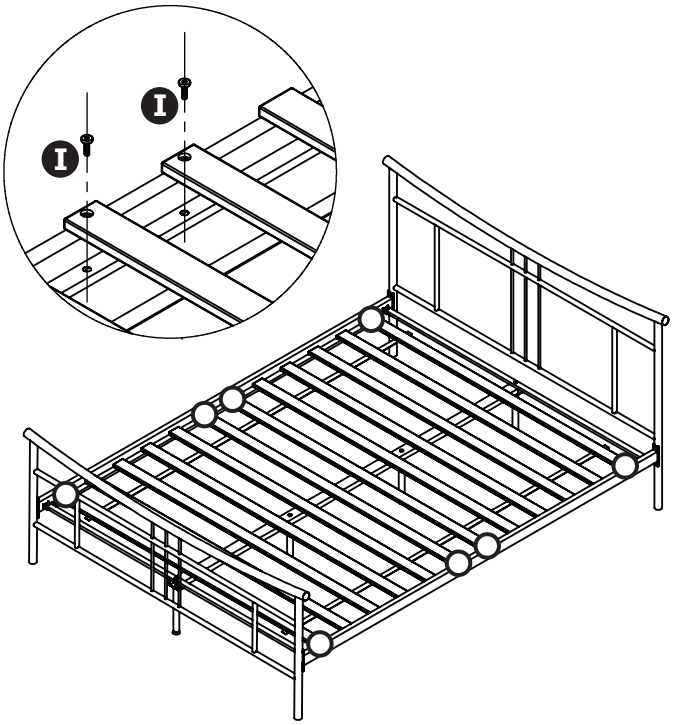

Attach the Crossbars (Part E) to the Siderails using two 20mm bolts (Part H) for each Crossbar.

STEP 3

Install the Center Support (Part D) by inserting one 60mm bolt (Part K) through the Crossbar and Center Support at both ends of the bed. Then screw the end of each 60mm bolt into a Support Leg (Part F). Attach the remaining two Support Legs to the Center Support using the 40mm bolts (Part J).

STEP 4

Roll out the Wood Slat System (Part G) and secure it in place using the eight 25mm bolts (Part I).
