Choose right screws for TV, the screws suit to most of TVs, but not all TVs.

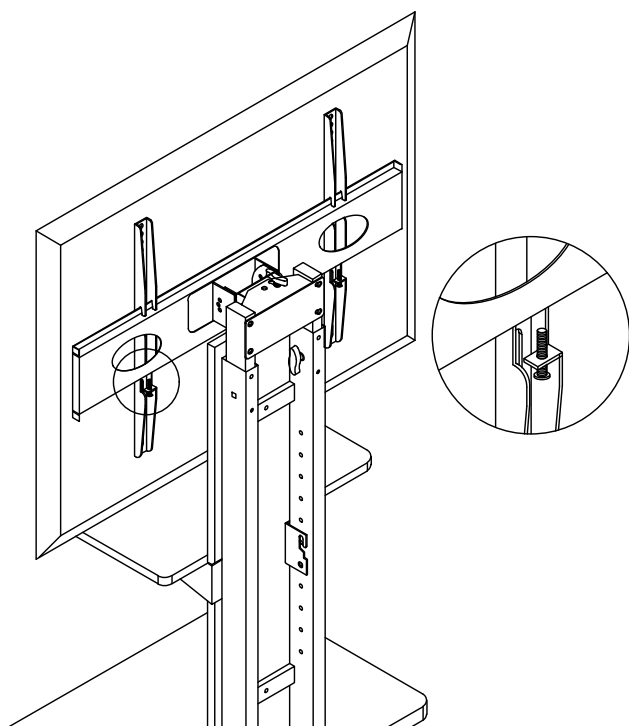

In case the supplied screws are not compatible with your TV's threaded holes, you will need to obtain the correct size screws on your own.

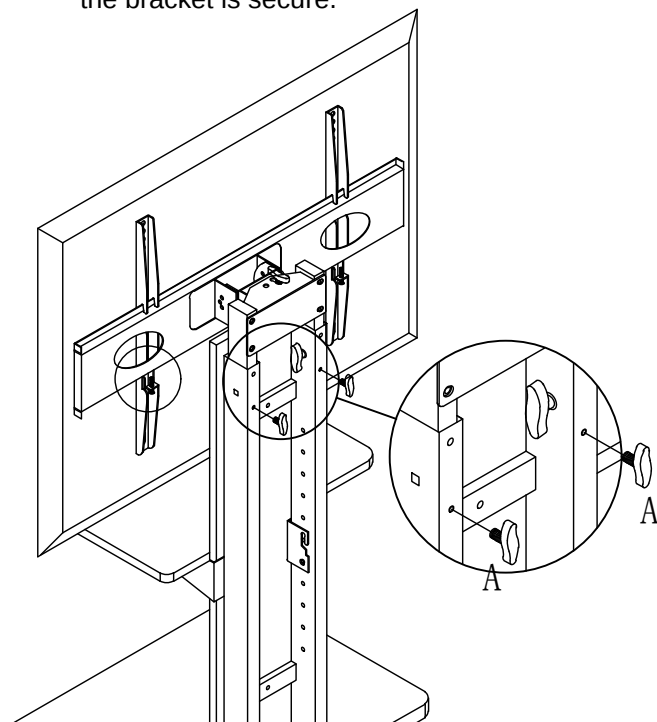

Curved or Recessed TV

Flat Panel TV

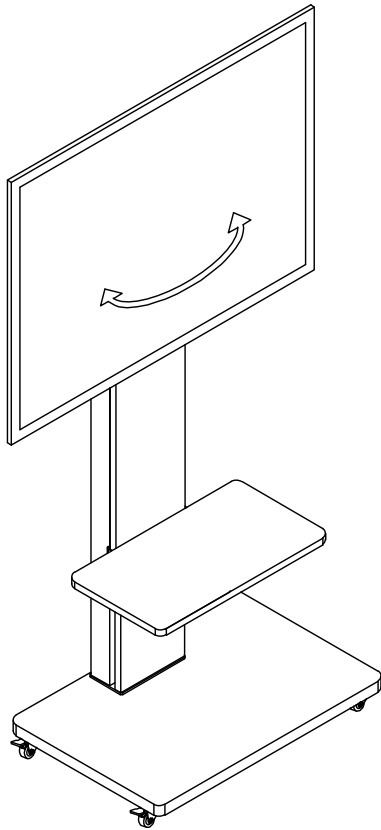

11 Close the bolt on the lower side of the attached bracket 9 to secure the TV.

12 After confirming the installation height of the TV, tighten Part A on the rear of the bracket to ensure the bracket is secure.

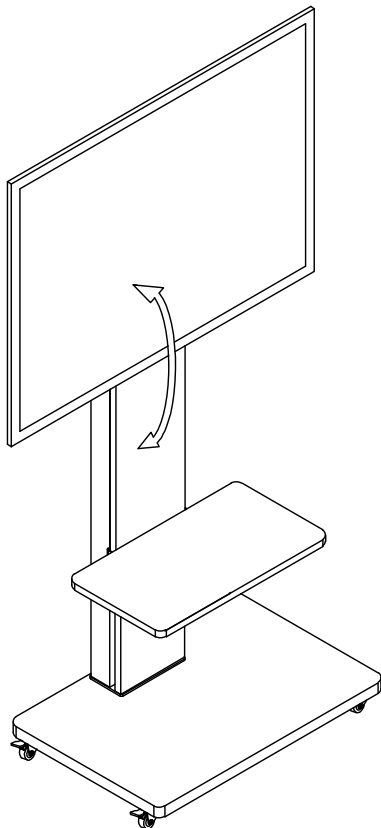

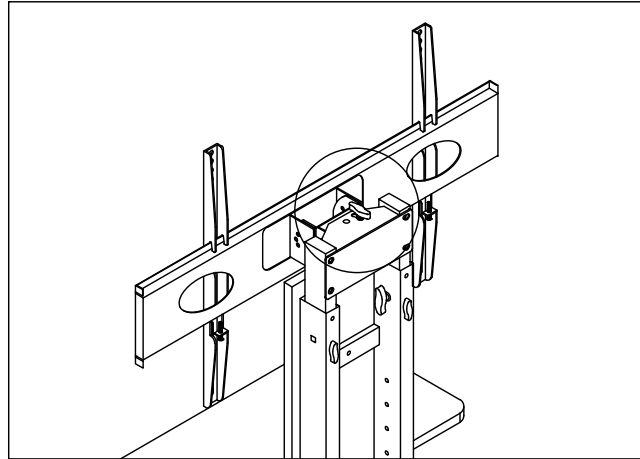

Angle adjustment

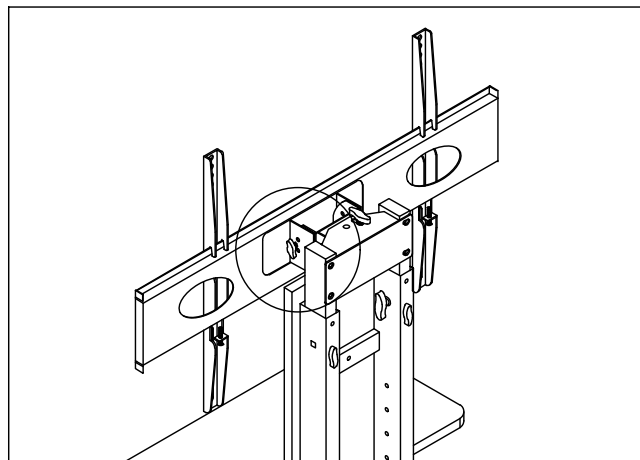

[Left and right angle adjustment]

Loosen the adjustment bolts shown in the figure to adjust the left and right angles. After adjusting the angle, tighten the bolts.

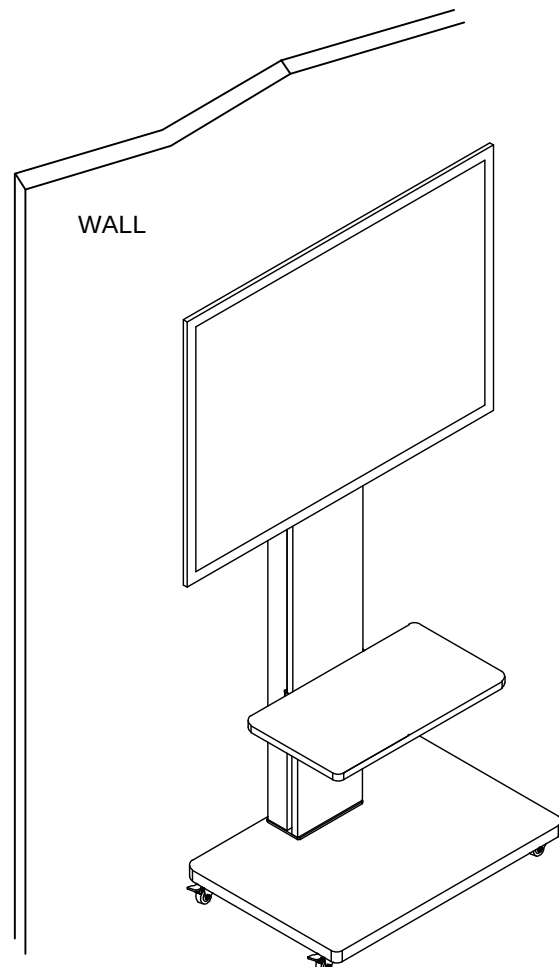

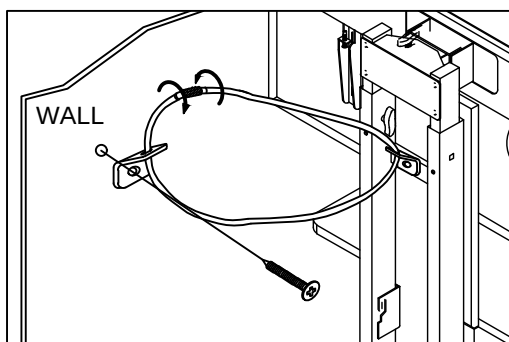

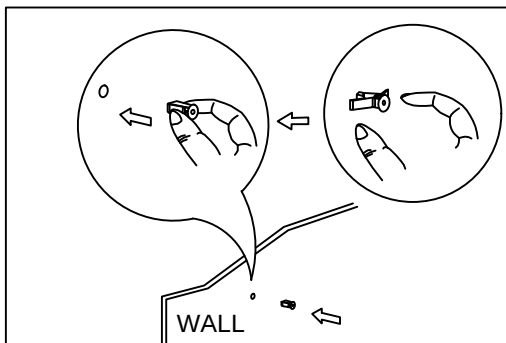

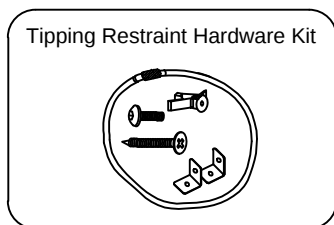

[Vertical angle adjustment]

Three levels of angle adjustment are possible. Loosen the adjustment bolts (left and right) shown in the figure, insert them into the three holes at any angle you like, and tighten them.

Position the assembled console at the desired location against a wall. Now, follow the instructions printed on the plastic bag containing the Tipping Restraint Hardware to attach the tip-over restraint to the Top Metal Frame and the wall.

NOTE: YOU MUST USE THIS TIPPING RESTRAINT TO ATTACH THIS UNIT TO THE WALL, TO PREVENT ACCIDENTS AND/OR INJURIES.

This unit is just for sample display.
