

HOW TO HANG YOUR Frameless MIRROR!!

Permanent Installation

Included With Your Mirror:

*1 Tube of Mirror Mastic
Pre-installed mounting tape*

Tools needed for installation:

*Caulking gun
Level
Marker
Knife*

Two person installation is preferred

This process is the same for both Square and Round frameless mirrors

***Step 1: Locate your desired area to hang your mirror.
This installation permanent***

Step 2: With help, hold your mirror on the wall. Place a level along the bottom make sure it is straight and make a mark where you want to place the mirror as this installation is permanent.

Step 3: Using a level, be sure your marks are in a straight line.

Step 4: Place your mirror face down on a flat surface.

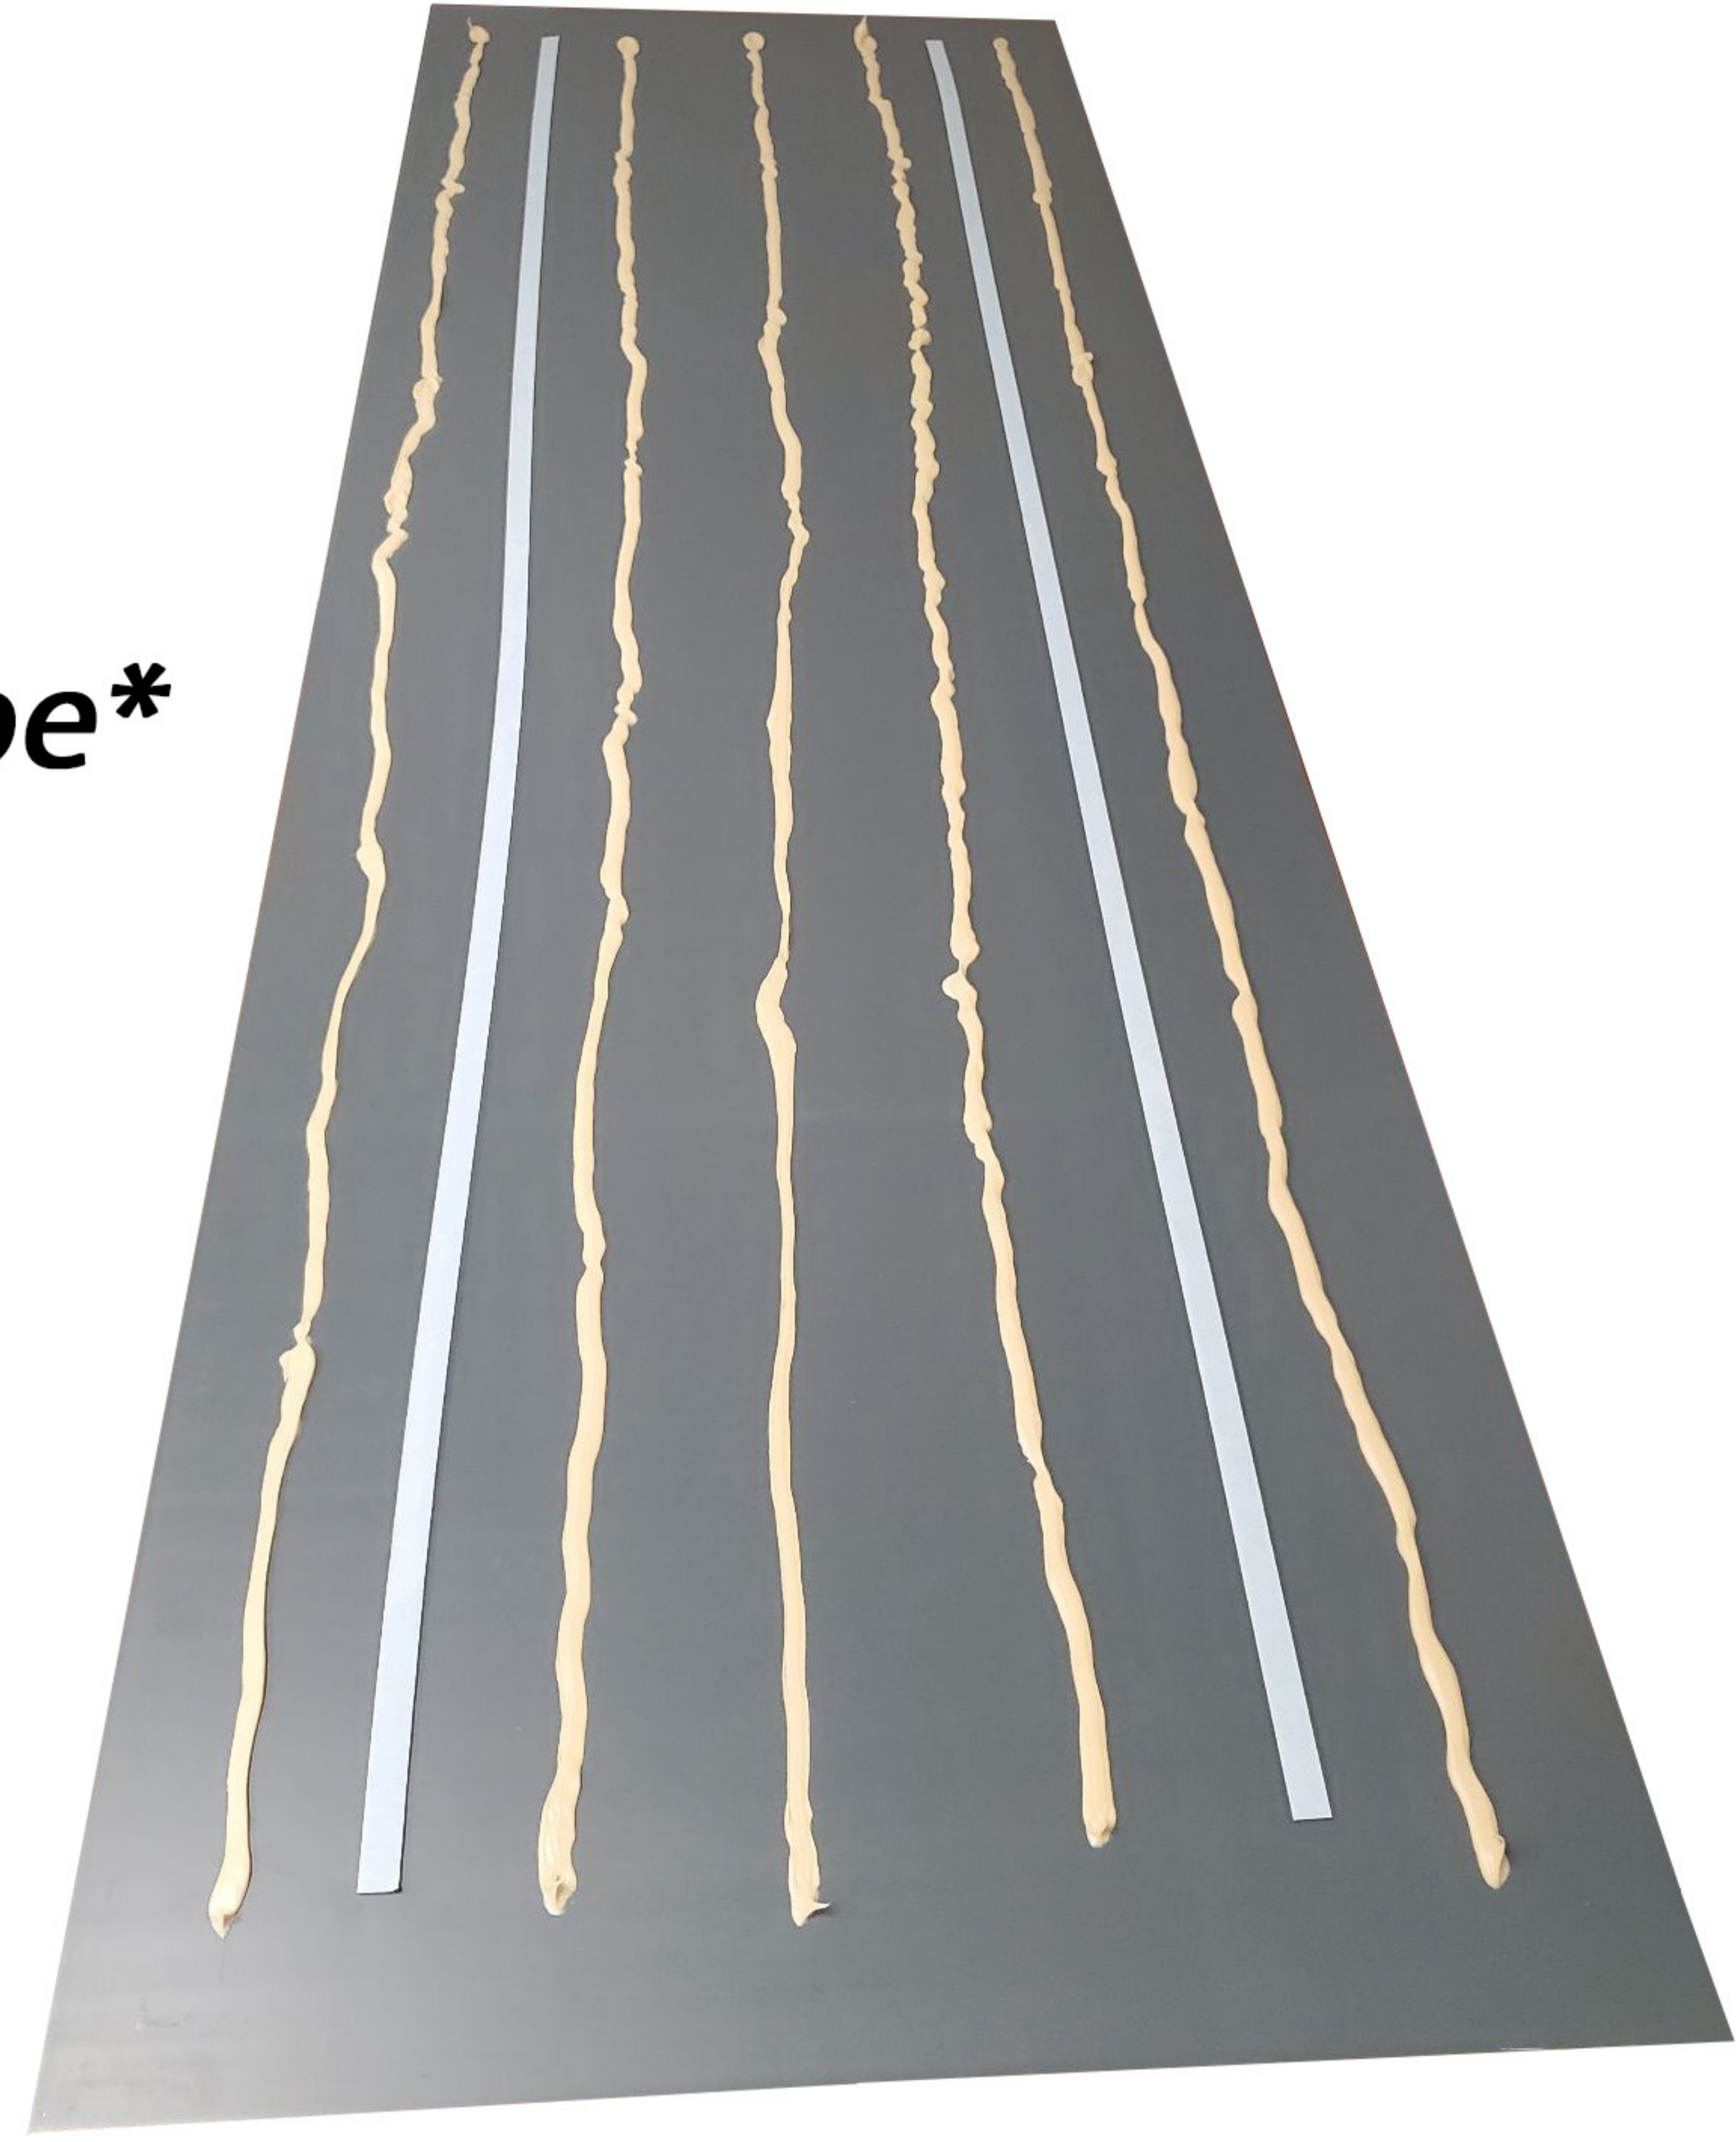

****Mounting tape is preinstalled for easy installation****

Step 5: Cut open provided Mirror Mastic

Step 6: Apply Mirror mastic with vertical bead to the full length of the mirror, 5"-6" spacing between each other and at 3" from the edge of the mirror

****Do not apply mastic on mounting tape****

Step 7: Remove paper backing from mounting tape.

Step 8: With help, place the mirror on the wall at your specified location and gently push on the mirror to secure the mounting tape and mastic.

Your Installation Is Complete!
