

JZUC63H7NSHCX

Specification

Color: Wood, Black

Material: Iron

Style: Rustic

Indoor/Outdoor Usage: Indoor

Mount Type: Ceiling Mount

Assembly Required: Yes

Surface Treatment: Painting, Manual Painting

Voltage: 110V

Efficiency: E

Number of Items: 1

Light Source: 5*E26 Bulbs (Not Included)

Max. Single Bulb Power: 60W

Applicable Area: 10-15m²/107.64-161.46ft²

Minimum Adjustable Height: 26.3cm/10.35inch

Lamp Body Size: 80*27.2*23.5cm/31.5*10.7*9.25in

Chain Length: 100cm/39.37in

Base Size: 35*12.3cm/13.78*4.84in

Package Included

1* 5-light Chandelier

1* English Installation Diagram

All Accessories for Installation

Installation Instruction

1. Check Package.
2. Assemble the metal frame.
3. Fix the black body with screws.
4. Fix the bulb holder on the lamp body with screws.
5. Fix both sides body on the bulb holder.
6. Fix the two chains to the bulb holder.
7. Pass the wire through the canopy and fix the two chains to the canopy.
8. Attach the mounting bracket to the electrical box and connect the wires.
9. Fix the canopy on the mounting bracket, after confirming that the circuit is safe, install the bulbs(not included) and turn on the light.

Notes

1. Please strictly follow the manual for installation and use. We suggest that the installation be carried out by professionals.
2. Please note that the bulbs are not included and you will need to purchase five E26 bulbs yourself. Please note that the brightness depends on the power of the lamp, so the applicable space range is for reference only. Please check the dimensions of the product before ordering to ensure it fits your home. If you find some small parts missing, please let us know.

3. When unpacking, please be careful not to use wires to pull, otherwise, it may cause poor connections. Please ensure terminal connections to avoid looseness or leakage. Please do not power on until your fixture is fully assembled.
4. Please do not install the fixture next to the air conditioner or heater to avoid rusting and paint falling due to moisture, which will affect the service life of the lamp. Please use the lamp within the applicable voltage range and clean lamps regularly. Please cut off the power supply when you clean the light or replace light bulbs. Please wipe with a soft cotton cloth and do not use household cleaning agents.
5. Please wear electric insulation gloves(not included) and avoid scratching the surface of the lamp plate and the electric wire when installing. Please make sure that the power supply has been cut off before installation, and conduct a power test before installation.
6. Please allow the slight color difference caused by the shooting light and 0.3-1 inch error due to manual measurement, and make sure you do not mind before ordering.
