3 Put on the sofa cover. Be careful to loosen all the zippers first.
The mesh goes on the bottom of the couch.
Suggestion: you'd better not remove the protective strip before finish putting the cover on.

Secure the legs
of the sofa.

- 5** Place the seat cushion, back cushion and armrest cushion, and the installation is complete. It can be used as a left seat as well as a right seat.

- 6** Use the connecting band to connect the seats together (or not, it's totally up to users).
Note: The seats should be closely attached without any gaps, and then attach the connecting band.
