Notice and Tips

Before Use

1 After the vacuum compression was opened, the mattress was slightly wrinkled, and the unevenness was normal.

2 Please do not place the mattress in an ultraviolet or high temperature environment.High temperature will soften the innerfoam and a ffect the rebound.

3 Our mattress have been certified by CertiPUR-US to be free from all harmful chemicals,if there is a slight odor, don't worry, ifs normal for a new foam, Airing out the mattress for 72 hrs will be helpful.

Maintenace

1 There might be very slightly depression in the mattress after long term use which is normal phenomenon.

2 It is recommended to rotate it at 180°every six months to expand if s lifespan.

3 Single point jump, fixed point pressure or sitting on the edge for a long time may cause unevenly stressed, and shorten the life time of the mattress.

Why choose Jeekea Mattress?

CertiPUR-US® certified
CertiPUR-US certifiedfoam indicates that Jeekea mattress is free from harmful chemicals

Hybrid Mattress
Hybrid mattress combines the advantages of traditional spring mattress and memory foam mattress, creating anoptimum balance of comfort and support.

Memory Foam
Memory Foam providesgood support that conforms to the curves of your body and is excellent at helping relieve pressure for a more restful sleep.

Individually Pocket Coils
Each individually wrapped packet coil works independently to lessen the motion transfer from your sleep partner,allowing you to enjoy an undisturbed sleep.
