Other

Handsome styling meets engineering innovation. This fan-tastic, energy-efficient decorating idea for a home, retail or hospitality location features a custom crafted Chandel-Air design with a caged frame and mesh. The solid steel hardware and grill is featured in a Bronze Metallic finish. The modern marvel combines a ceiling fan within a handsome lighting fixture that features LED lamps provided by the customer, 6 LED downlights for task lighting and 6 LED uplights for ambient lighting. Handcrafted in Yorkville, New York. This energy-saving Chandel-Air creates a windchill to keep the space cool in the summer, and is reversed in the winter to push down hot air and maintain warmth.
